

# EVERGREEN HEIGHTS ELEMENTARY SCHOOL

## PERFORMANCE REPORT 2015-16

### PLANS FOR 2015-16

Evergreen Heights is developing a new three-year school improvement plan. We are setting goals and creating action steps that will help each student master skills at their grade level and throughout their academic career. During this process, we analyze data and identify strengths and challenges to help create a viable schoolwide plan. A portion of our plan focuses on technology. To that end, we are currently in the process of distributing Chromebooks to our student population to enhance their learning and build their technology skills. The school improvement process has been instrumental in our student achievement and academic success.

### HIGHLIGHTS OF OUR SCHOOL

Evergreen Heights Elementary is a Washington School of Distinction award winner for the 2015 school year. This is the third year we have accomplished this achievement. The Puget Sound Educational Service District recognizes schools that show sustained improvement over a five-year period in reading/English language arts (ELA), and math. Evergreen Heights also was recognized as a National Title I School of Distinction last December. This is the second time our school has been recognized as a National award winner for "closing the Achievement Gap" in mathematics. The success of our school is a result of hard work, high expectations and collaboration between staff, students and parents.

### COMMUNITY ENGAGEMENT

Community and family engagement is extremely important for the success of student learning at our school. Evergreen Heights works in combination with the PTA to host monthly family nights including a fall festival, holiday shop, family game night, PJ's and Popcorn, a talent show and family dance. This includes regular skate nights at the Auburn Skate Connection. For the past four years, our school has partnered with the University of Washington to enhance professional development for our English Language Learners. We have also worked with many outside agencies such as Kiwanis, Rotary and Communities in Schools. All of these community programs support our students and their achievement.

### LAP PROGRAM

Evergreen Heights is a Learning Assistance Program (LAP) school. LAP programs serve eligible students who need academic support for reading, writing and math, or who need readiness skills to learn these core subjects. With special emphasis on reading literacy in grades K-4, schools use their state LAP funds to deliver supplemental services that give these students the strong start they need for academic success.

### SCHOOL MISSION STATEMENT

Evergreen Heights is dedicated to quality learning for every student.
