

I am conflicted about how I feel about the end of this school year. I am happy that the year is ending because we will be one step closer to getting a break from all the chaos Covid-19 brought us. I am sad that the year ended the way it did, with really no closure for any of us. It was definitely a tough ending, but I look forward to seeing most of you again in the fall. We will be losing some families to Bowman Creek and if you are one of them you are in good hands. I wish you well at your new school and hope to see you around in the community. For those families leaving for other places, I wish you well! Those of you who are staying at Lakeland Hills, I will be excited to see you in the fall!

I wish all of you a healthy and fun-filled summer!

Sincerely,

Mrs. Barlow

**The Auburn Public Schools Foundation** is thrilled to let you all know that we have received a grant for \$25,000 from the Seattle Foundation to further our support for students and families during this time! We will continue providing gift cards to families in need for as long as we are able to, so please keep sending them our way (families are eligible to receive more than one card). The board will be meeting at the end of June to discuss how we can further our support, especially now that students are out for the summer. If you have any particular ideas or needs in mind, please send me an email directly and I am happy to bring that to the board!

Through APSF funding, grants received, and community fundraising, we are able to provide more than 1,300 gift cards (\$65,000!) to families in need during COVID-19. We have provided more than 400 so far, and anticipate the need continuing through the fall/next year, depending on what "back to school" looks like.

If you are interested, the list of other grants funded from Seattle Foundation can be found here:
