

Skyward Family Access

Why should I use Family Access?

Family Access is a web based tool designed to enhance parent/guardian and school communication.

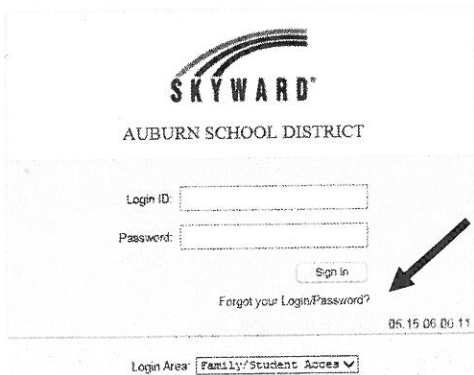

What can I do or find in Family Access?

One login allows parents/guardians to view the records of all students within a single family, even if they are at different Auburn School District schools. Students and parents/guardians each have their own login account. Parents/Guardians can view:

- Student Information and emergency contact information
- Assignments and grades in the teacher's Gradebook
- Attendance
- Class schedules and Teachers' email addresses
- Messages from the school office or teachers
- Vaccination records and Health Information
- Food Service balance and account information
- Academic History – previous years' grading information
- In "My Account" create automated email notifications for attendance, grades and food service low balance
- In "Portfolio" view copy of most recent grade report for middle and high school students
- Graduation Requirements coursework status - for high school students

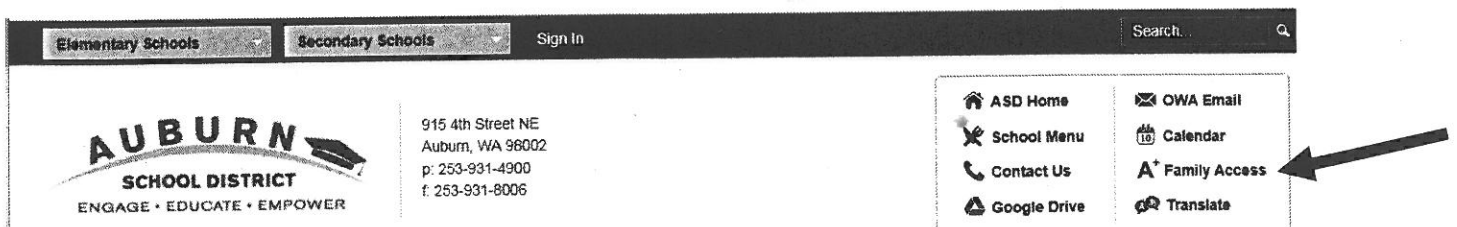

How do I get Family Access?

If you have never signed in before, you can receive your login ID and temporary password by clicking the "Forgot your Login/Password?" option on the Skyward Family Access screen. This will generate an email to the email address you have provided your school.

How do I log onto Family Access?

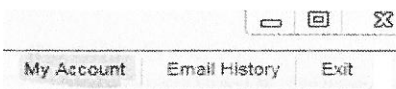

On the Auburn School District main URL/web site <http://www.auburn.wednet.edu> there is a link to Family Access – see the upper right corner of the screen. This same link is also available on each school's web site.

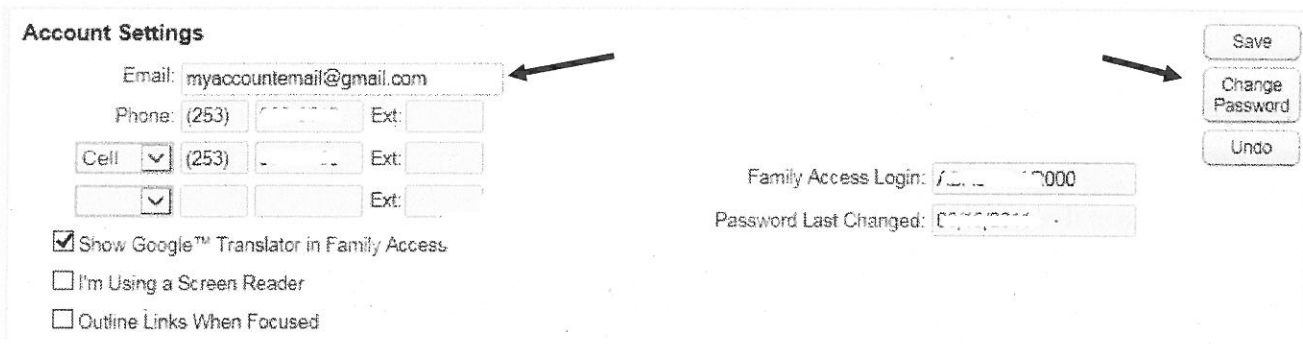

Skyward Family Access

How do I add or change my email address? How do I change my password?

Use the **My Account** button in the top right corner of any screen within the Family Access program to change your email address and/or password.

Update changes and be sure to "Save" after you have entered your information.
