STUDENT EXPECTATIONS

SUMMER SCHOOL ATTENDANCE:

Due to the accelerated nature of summer school courses, it is required that students be in class, every day and on time. Students are expected to work on coursework for the entire length of the class hours each day. Summer jobs and activities need to be planned outside of summer school hours and days.

ASSESSMENTS: To ensure integrity in our program, assessments can only be taken as arranged with the summer school teacher.

SUMMER SCHOOL POLICIES:

- COVID procedures must be followed for in person students, including mask wearing, student Skyward check-in, and other district and school procedures.
- All AMHS discipline and other policies apply during summer school. (please see AMHS Student Handbook)
- If integrity (plagiarism, cheating, sharing work between students) becomes an issue at any point during summer school, privileges to be in the summer school program may be revoked.
