Clarifications:

Question: Due to seasonal price fluctuations, it is difficult to provide annual price quotes. Do you recommend bidders provide the monthly pricing, or should we focus on the season long/annual quote.

Answer: We understand the price fluctuations for these commodities. For purposes of this bid, please provide current month pricing so that we have a standard comparison for all bidders. It is the intent of this bid for awardees to provide monthly commodity pricing each month, where districts will select needed products based on lowest pricing/availability.

In addition, please also provide pricing on the annual fixed price proposal for the items listed.

All other terms and conditions remain unchanged.
