

In the effort to reduce the extracurricular opportunity gap, the Washington State 2019–21 Operating Budget requires all school districts to collect and report data related to students in possession of ASB cards and student participation in school-based athletic programs. School districts with more than one high school are required to provide each high school’s ASB executive board the data from their respective high school. Further, the school level data report must be published on the school district website from each high school for the 2018–19 school year by January 15, 2020, for the 2019–20 school year by April 15, 2020, and for the 2020–21 school year by April 15, 2021. The Auburn School District’s data is below.

| <b>2018 - 2019</b>  | <b>AHS</b>                    | <b>AMHS</b>                   | <b>ARHS</b>                   |
|---|-------------------------------|-------------------------------|-------------------------------|
| The number of high school students who are eligible to participate in the federal Free and Reduced-Price Meals program (All students who qualify for Free and Reduced).   | 954                           | 675                           | 614                           |
| The purchase amount of an Associated Student Body card for high school students (ASB Card Price).   | \$45                          | \$45                          | \$45                          |
| The discounted purchase amount of an Associated Student Body card for high school students who are eligible to participate in the Federal Free and Reduced-Price Meals program (ASB Card Price for Students classified as Free or Reduced.
