

Family Wellness Screening

Prior to any student's arrival at the school each day, a Wellness Screening must be completed and passed. This survey is accessed through Skyward Family Access and can be completed by the parent via a desktop computer or the mobile app.

- Log into Family Access on a computer. The Wellness Screening survey is available for each child in the family on the Home screen.
- Once the questions have been answered, a green check will display indicating it is safe to attend school or a red exclamation point will display indicating your child should not attend school.
