

Military Program of Study

Education Planning Guide for Middle School and Beyond

This program of study, along with other career planning materials, serves as a guide to assist students in the Auburn School District in developing a relevant middle-to-high school plan that will prepare them for further education and/or employment in the Education and Training career cluster. The program of study outlined below can be individualized to meet each learner's education and career goals. It allows students to earn high school credits while completing coursework in middle school, earn college credits while completing coursework within high school, and apply those credits toward attainment of a college certificate and/or degree. It is important to share and review this plan with a parent/guardian and school counselor.

Auburn SD Component of Program of Study	Grade	English	Social Studies	Science	Math	Health/ Fitness	Arts	Career and Technical	Related Electives	Auburn School District Graduation Requirements
	Middle School	Successfully complete required coursework for 6 th , 7 th and 8 th grade, and these electives →							STEM Mechatronics

Post - High Program of Study	Apprenticeship Opportunities	Earn a Certificate and Enter the Workforce	Earn an Associate's Degree and transition to a 4-year university or enter the workforce	Earn a 4-year college degree, and then enter the workforce
		To learn more about apprenticeships in this program, go to: Apprenticeship Registration & Tracking		While ROTC is traditionally a four-year program, individuals with prior service, members of Reserve or National Guard units, participants of JROTC in high school, and summer basic camp attendees may complete the program in only two years.

The Post-High School program options listed above for this Program of Study represent just some examples of options available within the Puget Sound area, including programs where agreements for dual credit exist between the college and school district. For other options available related to this program of study, visit your career center or the websites of local colleges.

Military Program of Study

Education Planning Guide for Middle School and Beyond

Junior Reserve Officers Training Corps (JROTC) Leadership Education and Training (LET) teaches leadership skills needed to be successful in the 21st Century. Each year, a different social studies focus area is selected that addresses issues of government, economics, civics and current events. Cadets will also have classes in leadership, values, citizenship, communications, culture, appreciation of other people's values, teamwork, problem-solving techniques, decision-making processes, drill and ceremonies and physical training.

Occupational Information

In peace time, the services have about 68,000 personnel in infantry positions. In times of military action, the number may be different, depending on the type of specialties required. Each year the services need new infantry soldiers due to changes in personnel and the demands of the field. Leadership ability and job performance are the main factors for advancement in the infantry. Those who have the ability to motivate, train, and supervise others assume greater responsibility.

Pay depends mainly on rank or grade as well as length of service. Bonuses and the situation in which the person is serving (for example: flight duty, sea duty, hazardous duty) also affect pay.

Student Leadership Development

Leadership is integrated throughout the JROTC program. For leadership opportunities at your high school, contact a Career and Technical Education teacher.

Scholarship Opportunities

For local, state, and national scholarship opportunities, please visit your counseling and/or career center, Career Cruising www.CareerCruising.com, WOIS www.wois.org, thecareemap.org or Fast Web www.FastWeb.com
