EARLY CHILDHOOD PROGRAM

Peer Model Preschool

Thank you for your interest in the Auburn School District Preschool Program!

Placement for newly enrolled students during the school year is determined by space availability and on a first come/first placed basis. Your name will be placed on the list in the order your application is received. To be equitable, we will alternate between in-person and electronic applications. Once a classroom is full, you may elect to be on the waiting list. As openings arise, we will contact you and you will then have the opportunity to enroll your child in a program. After the first day of school, we will not move children between programs – any openings will go to students who are not currently in program.

We look forward to welcoming your child to Preschool!

Thank you,

The Early Childhood Team

EARLY CHILDHOOD PROGRAM

Peer Model Preschool

Research supports the concept of having children with identified disabilities in learning opportunities with their non-disabled peers. In order to increase the variety of opportunities for this to happen, the Auburn School District has developed a program for preschool-age children to participate in classes at all of our Early Childhood sites. This inclusive program is called Peer Model and the students without disabilities (Peer Models) have the opportunity to participate weekly in a high quality, developmentally appropriate preschool program with their peers with developmental delays. Thank you for considering enrollment in our program!

Length of Program: Four days per week (Tuesday through Friday) for approximately 2 ½ hours each day. There are morning and afternoon sessions at most locations.

Program Dates: Students attend school September through June following the District calendar. The district calendar is available on our website at www.auburn.wednet.edu.
