To hear this in a language other than English, click on the language button.

“Spanish” = Spanish

“Japanese” = Marshallese

**Our promise:**  
To provide distance learning that engages, supports, and challenges students to the maximum extent possible.

# Why Distance Learning to start the year?

- Per Public Health-Seattle & King County, it was determined there was no way to open schools without the risk of significant transmission of COVID-19.
- Student and staff safety is our highest priority.
- We are in a 100 year pandemic.
- Infection rates are higher than when school closed in the spring.

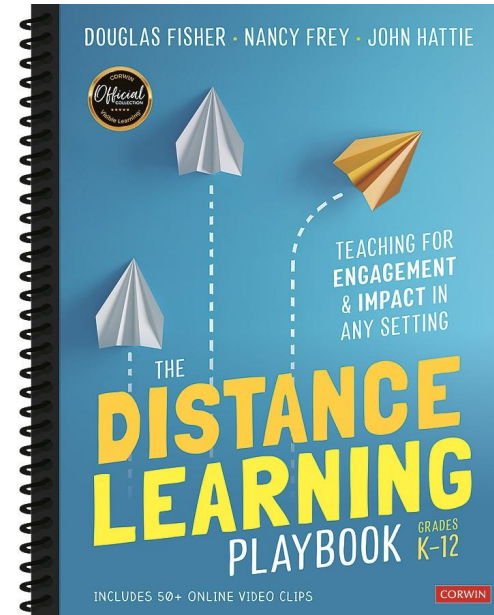

**Spring of 2020 was  
crisis distance  
learning.**

# Distance Learning program will be **SIGNIFICANTLY** different than last spring:

- Teachers will provide daily instruction to all of their students.
- We will take attendance daily.
- Grading practices will return.
- Secondary students will take 3 classes and an intervention/enrichment period. Credit awarded at the quarter.
- Training teachers with the Distance Learning Playbook.

# Distance Learning Info:

- Teachers will be teaching every day. Some teachers will work from their classrooms, some will work from home.
- New instruction will be recorded each academic block (PK-5) or period (GR6-12) so that students/families can access the instruction at a later time.
- ASD is providing Distance Learning Kits for grades PK-5.
- Late-starts will be on designated Mondays (late September-end of May) for staff to meet in Professional Learning Community (PLCs) meetings.
- Students on Free/Reduced lunch can pick up lunches at schools; working on plans for possibly delivering meals.
- Our focus right now is on Distance Learning.

# Draft PreK Student Day

## AM Preschool Class (*Tuesday-Friday Student Days*)

**Academic Blocks include:** *Whole group instruction, small group work and independent work.*

*Students will not be online the entirety of each academic block.*

# English Learners

- All teachers with EL students in class will provide support so students can understand and respond to what they are learning.

These supports can include:

- Pictures, diagrams, videos, and demonstrations that help them understand.
  - Opportunities to practice new language by listening and speaking with the teacher and with classmates.
  - Providing sentences and words that help EL students express thoughts and participate in the class.
- EL teachers work with all other teachers to make sure EL students are supported. EL teachers may provide support during other teachers lessons and/or help with assignments.
  - Students will be able to check in with their EL teacher every week to support learning in all classes.

# For Students Receiving Special Education Services

- All services will start the school year in a distance learning model.
- Special education services will look different than in the spring.
- Teams will be working to provide service in all identified areas of the IEPs, providing access/support to general education according to the IEP and providing schedules/structures to support distance learning.
- After re-engaging this fall, school teams will work closely with families to consider progress made during the spring, ability to engage in distance learning, and other factors.
- Together IEP teams will determine what is required to meet those needs, such as more robust and structured plan for engaging in distance learning, adjustments to IEP time or a different model for learning.

# Sports & Activities in Distance Learning

- Sports seasons are postponed.
- Schools are working on creative ways to engage students in clubs and activities.
- 5th grade band and orchestra will not be offered right now.

# Technology for Distance Learning:

- Common platform of Google Classroom for K-12 and option of SeeSaw for K-2. PK will use Seesaw.
- Every student who needs one may checkout a Chromebook. Schools will be checking in with you this month.
- Families who need Internet access may request help through their school too.
- Families can pick up technology at their schools the week of August 31-September 4.
- Each school will have a contact for technical support.

# Supports for Families

- We have a Family Resource Line staffed by bilingual staff. **253 887-2155**
- We are working on resources for families to best support their students.
- We are working on childcare partnerships with Right at School and the YMCA. We are also compiling a list of childcares in our area that can offer access to school schedule.
- Schools can arrange home visits, following a defined protocol.
- Families will need to apply for Free Meal benefits; we cannot provide free meals without qualifying this fall (like we were able to do through a waiver during the spring closure).

# Health & Safety in ASD Buildings

- All staff and visitors are required to wear a face covering.
- 6-foot physical distancing should be adhered to whenever possible.
- We have protocols in place for a confirmed COVID case or COVID symptoms.
- Limit of five people in-person.
- Visitors to not come to ASD buildings if you have had any COVID symptoms or been around anyone with COVID symptoms.
- ASD has ordered PPE--masks, hand sanitizer, etc. for when we return to in-person school.
