Auburn School District provides a Chromebook for each secondary student to use at school and at home to provide flexible learning opportunities for all students. The [One-to-One Responsibilities Manual](#) tells more about our purpose and outlines expectations for students and families receiving these devices. The Manual also describes the Chromebook maintenance fee and coverage for damage or theft.

The use of district-provided technology requires students to abide by all ASD policies and procedures related to the [Acceptable Use Procedures for Electronic Resources](#), local, state, and federal laws. We are confident students will responsibly use district technology and network resources and keep their district-issued devices safe, secure and in good working order.

I acknowledge I have read and reviewed with my student the [One-to-One Responsibilities Manual](#) and agree to abide by the conditions noted for parents/guardians. I assume responsibility for the care and proper use of ASD technology assigned to my student. I understand that failure to honor responsibilities outlined may result in access to technology, the Internet, and other electronic media being denied in the future. Any student misuse of district resources will be subject to disciplinary action outlined in the ASD Student Rights, Responsibilities, and Regulations.
