Meet our Kindergarten Teachers

Lake View Cardinals

Mrs. Udd

A little bit about Mrs. Udd! I graduated from Central Washington University in 2007 with my bachelors in Elementary Education and with an additional endorsement in Early Childhood Education. I also obtained my Masters in Learning and Technology from WGU in 2018. I have two children. My son is in 7th grade at Cascade and my daughter is in 5th grade here at Lake View. An interesting fact about my family is that my husband went to Lake View when he was in school! I love the theater, singing, dancing, and the Seahawks! When I was a little girl I wanted to be a Rockefeller Center Rockette, or a teacher. I think one out of two isn't all that bad! I will only have your child for a short time so I want to make a contribution that will last a lifetime. I value social emotional learning just as much as academics. I know my teaching must begin with making children feel at home in the classroom and helping all the children come together into a learning community. This community is made up of unique individuals, each with his or her learning style, interests, history, hopes, and dreams. I look forward to spending the year with your children watching them constantly learning and growing!

Mrs. Rutledge

My name is Jordan Rutledge and teaching is my absolute passion! I grew up in Auburn and went through all Auburn schools myself. I graduated from Central Washington University in 2013 with a Bachelor Degree in Elementary Education and a second endorsement in Early Childhood Education. I have also completed my Masters in Classroom Instruction, Curriculum, and Assessment in 2018 from Walden University.

I am happily married to my high school sweetheart and we have four beautiful children. I am very lucky to have three of them attending Lake View this year. My oldest is Reese who is in third grade, Lillian who is in first grade, and Hank who will also be in Kindergarten. My youngest Violet is just a little over two and she is a lucky little girl who gets to stay at home with Dad :).

This year will be my eighth year of teaching. I have taught First Grade for three years, a reading specialist for two years, and this will be my third year of teaching Kindergarten. Early Childhood is where I feel I belong. I value a child's social emotional health just as much as academics. I believe that with neutering a child's social emotional health it brings the academics strongly along with it. As a Kindergarten teacher I really just want them to love to come to school and to love learning!

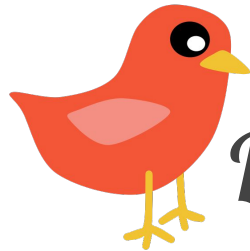

I look forward to spending this valuable time with your child this year!

Mrs. Lockett

I am a proud product of the Auburn School District, having attended Chinook Elementary, Olympic Middle School and Auburn High School! I love watching my high school daughter dance, watching movies, doing crafts, cheering the Seahawks and spending time with my family. I earned a dual endorsement Bachelors degree in Elementary Education and Early Childhood Education from Central Washington University and I am currently working on my Masters degree in Learning and Technology from WGU. This will be my eleventh year teaching and my eighth year teaching kindergarten. I believe that kindergarten is the year that sets students up for a love of learning for the rest of their lives! My goal is that your child is excited to come to school everyday! I believe that social emotional learning creates the basis for academic success. I work hard to make our classroom feel like a family while we are at school. I recognize that each student contributes their own personality and experiences to the classroom and we celebrate our individual uniqueness, together. I strive to include families in our classroom culture through open and supportive communication. I take the responsibility of being a part of your student's life seriously, and I am excited to get to know your child and your family this coming year!

Information

Lake View Cardinals

Things to Know:

Your child must turn 5 by August 31st to be eligible for Kindergarten.

The first day of school for Kindergarten is September 14th.

Kindergarten school day 9:25am-3:55pm.

A letter will be sent to your home at the end of August notifying you of the tentative teacher assignment.

Communication:

- ◎ Call or email if your child will not be at school.
