Handwritten text on a white plastic bag, including the name "CARTER" and other illegible markings.

The main building under construction features a gabled roof with blue sheathing and yellow insulation. The walls are also covered in yellow insulation with red framing. Scaffolding is erected around the building, and a Genie boom lift is positioned in the foreground. The ground is muddy with puddles, and there are stacks of materials and construction equipment.

A completed brick building with a grey metal roof is visible in the background. It has several windows and a skylight.

A blue and white Genie boom lift is positioned in the foreground. The lift has "Genie" and "STAR RENTALS" branding. It is a 4x4 model with a long telescopic boom.

Large stacks of materials wrapped in white plastic are in the foreground. There are also some white buckets and a wooden pallet nearby.

A white generator or power unit on a trailer is located in the middle ground. It has "GENERATOR" and "EQUIPMENT" branding.

Stacks of materials, possibly concrete blocks or bricks, are visible in the bottom left corner.

A large, rectangular concrete block is lying on the ground in the foreground.
