STUDENT AND STAFF RECOGNITION

1. Recognition of Student

The Auburn School District Board of Directors will recognize Stephanie Cheetham, a fifth grade student at Lake View Elementary, for being an outstanding student.

Stephanie is an awesome individual, student, role model and friend. She works hard at being a leader in everything she does. Her never-give-up attitude radiates when she puts her mind to getting something done.

Stephanie volunteers with a smile and helping hand no matter what the task may be. She is the Lake View ASB vice president and is full of school spirit. She radiates positivity.

Stephanie is kind and caring to others and truly cares for the whole person. She is truly a friend to all. Stephanie not only celebrates but also embraces other people's differences and uniqueness.

Lake View's student body is lucky to have her as a leader and role model. She takes pride in her education and in her life.

Teacher Alisa Rowe said, "I appreciate Stephanie and the remarkable person that she is."

Outside of school, Stephanie enjoys hiking, camping, swimming, youth group, basketball, vacation bible school and dance.

She plans to go to college and become an elementary school teacher.

2. Recognition of Staff

The Auburn School District Board of Directors will recognize Terry Menzel, para-educator at Arthur Jacobsen Elementary, for her outstanding service.

Terry has been a para-educator in the Auburn School District for 31 years. After working at Hazelwood, Evergreen Heights and Ilalko, she is completing her third year at Arthur Jacobsen in the intermediate structured learning center working with special-needs students.

Terry brings a wealth of knowledge in strategies for working with students with special needs. She comes to the classroom every day with a smile on her face. She arrives early and stays late, taking immense pride in having the best lessons for her students, including a weekly art project.

She cares about her students both in and outside of the classroom. During the winter, if students lack warm clothing or basic supplies, she goes shopping and provides them with what they need. During the holidays, fifth grade graduation, or other special occasions, Terry

gives gifts to the students, helping them to feel more loved and celebrated.

SLC teacher Sara Rice said, "She has a calm demeanor and a reassuring voice that enables her to interact with the most challenging students."

"I love the kids and their sense of humor. My job is never boring, every day is different," Terry said.

She is a native of Algona, currently lives in Pacific, and is an Auburn High graduate. All three of her kids graduated from Auburn High and one of her grandsons will be graduating from Auburn Riverside this week. She has five grandchildren and has been married to Ed for 45 years.

Terry is retiring this month and has a goal to visit all of the National Parks in the United States. She enjoys camping, sewing, crocheting, and reading.

3. Gold Star

The Auburn School District Board of Directors will present the Gold Star Volunteer Award to Gary Tidball, owner of G&L Automotive Repair, for his support of the Auburn School District.

For the last 13 years, Gary has participated in Auburn's Community Lab Program, which places special education students in local businesses to help them gain work experience.

Since 2003, 12 students have had the pleasure and honor of working in his auto shop during the school year, five days per week for two or three hours per day earning high school credits at the same time.

Gary and his staff worked with students who had a variety of disabilities. They have given all of the students the opportunity to acquire hands-on job skills in the automotive field. Duties have ranged from basic entry-level tasks to more complex auto mechanics.

"In all cases, G&L has changed the lives of each and every one of these students by building up their self-confidence and skills. They have done this with a lot of patience and whole lot of good-natured humor," said Karen Shu-Minutoli, community lab coordinator for the Auburn School District.

Gary loves kids and likes helping young people. Participating as partner in the Community Lab program gives him the chance to give the students opportunities they might not have. Many of the former students who worked at his shop stay in touch.

4. Honoring of Retirees

This evening, the board will honor certificated and classified retirees.

STUDENT PARTICIPATION

1. Pioneer Elementary School Art Display

Ryan Foster, associate superintendent of principal leadership and school programs, will introduce Debra Gary, Pioneer Elementary School principal, who will introduce Alexa Keya and Emily Helms, students, to help present the Pioneer Elementary School art display and answer questions from the board.

2. Pioneer Elementary School Family Engagement and Community Connections Report

Ryan Foster will reintroduce Debra Gary who will introduce Karen DeGroot, Pioneer Elementary School staff. Ms. Gary and Ms. DeGroot will present the family engagement efforts at Pioneer Elementary School.

SCHOOL PROGRAMS AND STUDENT ACHIEVEMENT

1. 2014-17 Lake View Elementary School Improvement Plan

Heidi Harris, assistant superintendent of student learning, will introduce John Aiken, Lake View Elementary School principal, who will introduce Angie Fetting, Deanna Tompkins, and Beth White, Lake View Elementary School staff. The team will present the 2014-17 Lake View Elementary School Improvement Plan, share a PowerPoint presentation, and answer questions from the board. This presentation aligns with the 2013-16 District Strategic Plan, goal 1: student achievement, objective 2 school improvement plans; and the 2015-16 Stated District Goals, standard III "create conditions district wide for student and staff success."

Recommendation: That the board approve the 2014-17 Lake View Elementary School Improvement Plan.

2. Career and Technical Education Curriculum Review for Aerospace Manufacturing/Welding, Automotive/Small Gas Engines, Commercial/Graphic Arts, Engineering, Woodworking and Electronics/Robotics--Second Reading

Heidi Harris will introduce Lew Keliher, CTE coordinator, who will present the Career and Technical Education Curriculum Review for Aerospace Manufacturing/Welding, Automotive/Small Gas engines, Commercial/Graphic Arts, Engineering, Woodworking and Electronics/Robotics curriculum for second reading and adoption and answer questions from the board. Goal 1 Student Achievement, Objective 1 Professional Communities, "Instruction is aligned to state, national common core and industry standards."

Recommendation: That the proposed Career and Technical Education Curriculum Review for Aerospace Manufacturing/Welding, Automotive/Small Gas Engines, Commercial/Graphic Arts, Engineering, Woodworking and Electronics/Robotics be approved for second reading and adoption.

3. Advanced Placement English Language and Composition Curriculum--Second Reading

Heidi Harris will introduce Tom McDermott, assistant director of college and career readiness, to present the advanced placement English language and composition curriculum for second reading and adoption. Goal 1 Student Achievement, Objective 5 High School Graduation, "Auburn School District and schools increase accelerated program offerings K-12 such as enrichment, advanced placement(AP), career and technical education (CTE), science, technology, engineering, math and fine arts."

Recommendation: That the proposed advanced placement English language and composition

curriculum be approved for second reading and adoption.

4. Advanced Placement Seminar Course--Second Reading

Heidi Harris will reintroduce Tom McDermott to present the advanced placement seminar course for second reading and adoption. Goal 1 Student Achievement, Objective 5 High School Graduation, "Auburn School District and schools increase accelerated program offerings K-12 such as enrichment, advanced placement(AP), career and technical education (CTE), science, technology, engineering, math and fine arts."

Recommendation: That the proposed advanced placement seminar course be approved for second reading and adoption.

Next steps

Increasing Student Achievement with a Culture of Continuous Improvement:

- Increase monitoring and adjusting of program through data-based decision-making
- Collaborate to improve instruction through action steps and increase opportunities for job-embedded professional development focusing on best practices
- Maximize building resources, human and material to meet the academic needs of our students

Auburn School District Strategic Plan

Aspiration:

The Auburn School District aspires to be a world-class education system preparing all students to be globally competitive for career, for college, and for life in the twenty-first century.

District Goal 1: Student Achievement

All staff in the Auburn School District provide support, leadership, and guidance to ensure each student meets or exceeds state and district standards, graduates on time, and is prepared for career and college.

District Goal 2: Community Engagements

All staff in the Auburn School District are accountable for engaging its diverse community as partners to support and sustain a world-class education system.

District Goal 3: Policies and Resource Management

Auburn School District policies and resources are aligned to the strategic plan.

Executive Summary

Auburn School District Mission

In a safe environment, all students will achieve high standards of learning in order to become ethically responsible decision makers and lifelong learners.

Auburn School District Vision

The vision of Auburn School District is to develop in students the skills and attitudes that will maximize their potential for lifelong learning and ethically responsible decision making.

School Mission

Students, staff and parents work cooperatively in a positive environment to nurture the academic, social, emotional and physical development of each child.

“Today, tomorrow, together – learning forever.”

School Vision

To produce life-long learners who are prepared to adapt to a changing world.

Background Information

WAC 180-16-220

Requirements for School Improvement Plan

Each school shall be approved annually by the school board of directors under an approval process determined by the district board of directors and “At a minimum the annual approval shall require each school to have a school improvement plan that is data driven, promotes a positive impact on student learning, and includes a continuous improvement process that shall mean the ongoing process used by a school to monitor, adjust, and update its school improvement plan.” School Improvement plans must include a brief summary of use of data to establish improvement; acknowledging the use of data which may include DIBELS, MAP, WELPA, Credit Attainment, Enrollment in Honors/AP Courses, CEE Perceptual Data, SAT/ACT, Discipline, and MSP or HSPE.

Stakeholder Input

Over the past five years, Lake View Elementary has made significant progress toward our promise of having all of our students become “...life-long learners who are prepared to adapt to a changing world.” In both 2012 and 2013, Lake View was named a “School of Distinction” for being among the top 5% for school improvement by The Center for Educational Effectiveness (CEE).

During this period of improvement, we have become expert at using data to guide instruction, we have worked to implement an effective standards-base model of instruction and emphasize communication between stake-holders to insure that all members, including students, are aware of learning targets and success criteria. Staff members are working closely with the district to implement the Common Core State

SIP Template

Standards and are working with peers to utilize new technologies which are proving to improve student engagement as well as provide new opportunities for demonstrating understanding. Most importantly, the staff view each child as an individual and have become increasingly expert at considering the learning needs of each student so that instruction can be provided that allows for the greatest level of improvement by all our students.

Improvement and change are both inevitable and for improvement to continue, require continual evaluation of need and implementation of meaningful improvement strategies. Towards this end, the Lake View SIP team has met throughout this school year to work on this new plan. The team, attending district training and meeting within the building has looked carefully at the critical data that describes Lake View and crafted a plan that prescribes a three-year path of improvement. Throughout the process, the remainder of the school staff has been kept involved in the process helping to craft statements of strength, concern as well as new goals to meet those concerns. Importantly, the SIP team worked diligently to craft goals that not only provide a path of improvement, but also include measurable outcomes and accountability toward meeting those goals.

As a school community, we intend to build upon Lake View's legacy of producing well-educated, student leaders by insuring that each student is a fluent reader, skilled mathematician and demonstrates skill throughout the curriculum. We will be guided by our improvement goals and the results of our formative and summative assessments. We will periodically reflect upon our progress, celebrating success and making changes as the results of our work becomes apparent.

Lake View Elementary is on a path of improvement. We are fully aware of the challenges ahead, yet along with a dedicated staff, engaged community, and district leadership, are determined to produce a plan that sets the school upon a course of continual improvement.

Demographic data

Enrollment

Lake View student enrollment has declined from 460 in 2004-05 to 340 in 2012-13. This decline represents a 30% loss of total student FTE during that time period.

Strengths: Lake View has maintained a core of highly-qualified teachers despite loss of staff due to dropping enrollment. Instructional strategies and teaming continues to be emphasized so that students have access to flexible grouping structures. Not indicated on the chart below is a recent increase in students entering kindergarten. Also, the addition of two, Structured Learning Center classrooms in 2014-2015 will increase the overall school population.

Challenges: The lower number of students overall and at each grade level creates a comparatively small “n” which has a greater effect on the percentage of students meeting standard than for schools with a larger “n.”

Year	Enrollment (Oct. 1)	Change
2005-2006	460	-29
2006-2007	413	-47
2007-2008	428	+15
2008-2009	414	-14
2009-2010	392	-22
2010-2011	383	-9
2011-2012	352	-31
2012-2013	340	-13

Income

The number of students qualifying for free and reduced lunch has leveled off to fewer than 40% after having grown to from 23% in 2005.

Strengths: Lake View has continued to show academic growth for all students including low income.

Challenges: Low income students lag in assessment scores when compared to their non-low income peers.

Ethnicity

Lake View Elementary has maintained a relatively constant level of ethnic diversity. The range of non-white students meeting standard ranges between 78% - 83%. Subgroups within the non-white sector also remain constant with Hispanics representing the second-largest group 14.1% of the total school population.

Strengths: English Language Learning students are provided assistance through the ELL program. An additional .5 certificated ELL teacher will be added to the staff in the 2014-15 school year.

Challenges: Minority ethnic groups, especially American Indian/Alaska Native and Hispanic continue to lag behind white peers. Because of low numbers of each ethnic minority, it becomes critical that students are looked at as individuals and provided instruction and curriculum that best meets his or her learning needs.

Discipline and Attendance Analysis

In this section write an analysis of your school discipline and attendance trends. Disaggregate your data to look for patterns.

Lake View systems support positive student behaviors which have minimized the number of student discipline interventions by the building principal. A progressive discipline model begins with the classroom teacher intervention and communication and moves through a tiered discipline intervention model. Expulsion from school caps the tiered discipline model. This system is communicated annually to parents via our school newsletter and student handbook. Lake View implements our anti-harassment program utilizing the Steps to Respect Bully Prevention program, and internal systems in place for recess detention, lunch detention and in-school suspension

Strengths: During the last five years Lake View has not had a student expulsion. A student discipline committee has been meeting regularly and will begin to implement a Positive Behavior Interventions and Supports (PBIS) program in 2014-15. The committee is also considering changes to the discipline referral and tracking procedures for clarity of the steps for teacher and parent notification.

Challenges: Recently, several students in the primary grades have enrolled with an existing behavior IEP or have had one implemented while at Lake View. These students present challenging behaviors that do not respond to typical behavioral interventions.

Assessment Decisions

Assessment occurs in several forms and within Lake View. Ongoing, formative assessments are within the purview of the grade level team as they measure each student's success in meeting specific learning targets and/or standards. These assessments, both from curriculum materials and teacher-created are used to guide instruction, student placement within learning intervention or enrichment learning groups or as a guide as to the success of a specific lesson. Summative assessments, including end of unit tests, the DIBELS periodic testing, and the MSP, are all analyzed at the school level with results used to provide direction as to the success of an instructional method, curricular material or program success. Students are also aware of assessment results with goal-setting an important element of the assessment cycle.

Data Analysis- DIBELS

DIBELS data is analyzed formally three times a year by the instructional staff. For the majority of students, ongoing progress monitoring using DIBELS also occurs on a monthly basis. Our staff has been trained in leading the assessment, analyzing data and making instructional decisions based on assessment results. Our mid-year data provides information regarding

students continuing to grow and red flags on students not growing or students that have slipped. Careful analysis at the student level leads to instructional changes.

The carousel included DIBELS data for all students including data disaggregated for groups of students including low-income and ethnicity.

Data Analysis- MAPS

Lake View Elementary has utilizes MAPS assessment in grades 3, 4, 5 to guide instruction. Our staff has been trained in the use of Descartes and increasingly utilizes the data to guide instructional decisions. The MAPS data is included as part of our data dashboard as an essential set of data for guiding building goals. At midyear, the data dashboard is revised to include current results. These results are used to identify students not achieving at an expected level. For mathematics, Lake View has found that we have an approximate 85% correlation with the MSP/WASL assessment in terms of the number of students meeting standard. In the area of reading, the correlation has not been identified.

Data Analysis- CEE Perceptual Survey

The Lake View staff has been willing participants in all three CEE surveys. The survey, measuring the 9 Characteristics of Highly Effective Schools has been an important measure of the culture within the building. The results of this survey have been shared and used to help measure the quality of learning environment provided students. Lake View reviewed the results of our CEE Data for the 2012-13 school year and considered possible goals from those results.

Strengths: Overall, Lake View compares well to other high-performing school on the Nine-Characteristics. Within the 2012 data, 89% of respondents felt that Lake View provides a “Supporting Learning Environment.” Eighty-five percent believe that the staff have a “Clear and Shared Focus.” Specifically, the results from the data carousel included the recognition that 96% of our staff value and respect all students. In addition, a comparison of surveys from Dec. 2008 – Nov. 2012 shows an increase in nearly all areas of the school-based categories with significant growth in the categories “Collaboration and Communication” and “High Standards and Expectations”

Challenges: Overall, there were slight drops in “Monitoring Teaching and Learning” and “Effective Leadership.” Less than 60% of the staff believes that as a school we provide culturally responsive teaching and learning practices. This indicates a need to review if current instructional strategies meet the needs of the diverse population of our school.

MSP/HSPE Reading

Lake View reviewed level data, strand data, overall achievement data from the state reading assessment (MSP) from the years 2011-2013. The percent of 3-5th grade students performing at levels 1, 2, 3 and 4 were reviewed.

Strengths: Lake View’s percentage of students meeting standard is higher than the state in reading for grades 3-5.

SIP Template

Challenges: Our performance level growth (1-2, 2-3, 3-4) has remained stagnant with little or no growth.

Disaggregation of the data by low income indicates the need to focus on the achievement of this particular subgroup. There is a significant gap for this subgroup compared to non-low income students.

MSP/EOC Math

Lake View reviewed level data, strand data, overall achievement data from the state math assessment (MSP) from the years 2011-2013. The percent of 3-5th grade students performing at levels 1, 2, 3 and 4 were reviewed.

Strengths: Lake View's percentage of students meeting standard is higher than the state in math for grades 3-5.

Challenges: Our performance level growth (1-2, 2-3, 3-4) has remained stagnant with little or no growth.

Disaggregation of the data by low income indicates the need to focus on the achievement of this particular subgroup. There is a significant gap for this subgroup compared to non-low income students.

MSP Science/EOC Science

Science is taught at all grade levels K-5 using the district adopted Foss kits. In recent years, emphasis has been placed in reading and mathematics resulting in less emphasis in science instruction.

For the data carousel, science scores have improved significantly and not currently in as great of need for focus as other curricular areas.

Strengths:

The 5th grade science scores have undergone a very significant amount of improvement in the past two years with 59.4% increase in the number of students meeting standard from 2010 – 2013.

Challenges:

Finding time and opportunity to teach science in a comprehensive manner across grade levels given the amount of time dedicated to reading and math improvement.

MSP/HSPE Writing.

Writing instruction occurs in all grade levels utilizing the district writing assessment as a tool to guide instruction. Writing results on the state assessment demonstrate that Lake View students' performance is above the state and district performance level.

From the data carousel, it was felt that writing scores are not currently in as great of need for focus as other curricular areas.

Strengths: The writing process is taught at all grade levels.

Challenges: A common writing curriculum is not currently used. As we move to common core and the ELA component, greater emphasis will be required.

Prioritized Challenges

School achievement data (MSP, DIBELS, and MAP) show that Lake View has many areas of strength as well as a number of challenges. Lake View was named a School of Distinction for improvement in both the 2012 and 2013 school years. This honor was given because of academic improvement as measured over a five-year period. Further, when measured against similar schools around the state, Lake View shows overall good academic skills in the areas measured by the standardized tests.

Challenges: When compared to school within the Auburn School District, Lake View, the most obvious challenges made evident from the data were that given the demographics of the school, there was a disparity between achievement scores of schools with similar demographics and scores for Lake View students. In other words, Lake View students tend to underperform when compared to similar schools. Recent MSP scores illustrate this in that Lake View performed more or less in the upper third of ASD schools, with a few areas somewhat lower than other schools in the district even though many have a much more diverse demographic. The SIP team, using the essential academic data and in consideration of research of best instructional practices created goals that align with skills that are essential for student learning in both reading and math. This alignment includes recognition that instruction will be driven by the Common Core State Standards and the connected Smarter Balance Assessment Consortium (SBAC) assessment item specifications as well as the resultant data from the SBAC.

Rationale for SMART Goals:

We have selected three goal areas that Lake View Elementary needs to focus its attention upon for the next three years. There is a disparity between the demographics of Lake View and its performance on the MSP. In comparison to other schools in the Auburn School district with similar or at times lower demographics, Lake View tends to perform at a lower than expected level in terms of the number of students meeting standard. Further, we have not met AMO which has resulted in a strong desire amongst the staff for a significant push for overall and continuous improvement.

The areas of growth are most clearly Math and Reading with Mathematics being the area of greatest concern. We believe that we are capable of achieving at the 93% or higher level on state assessments within the life of this SIP in both reading and math (this AMO goal may change due to the loss of the State Flexibility Waiver). We will initiate use of the SBAC as our overall measure of achievement, and will continue to develop and use formative and summative assessments to guide our progress as well. The goals for both math and reading (ELA) are in part defined by the requirements of the Common Core and SBAC.

The third goal, academic improvement by the use of instructional technology was devised because Lake View has been the recipient of a significant variety of instructional technologies.

SIP Template

Our challenge in this instance is insuring that these technologies add value and opportunity for learning without distracting from quality instruction. For this to occur, staff development with a focus on academic improvement was considered critical for future success.

SMART Goal 1:

The averaged percentage of students in grades 3, 4, & 5 meeting standard in the area of reading as measured by the Washington State Assessment will increase from 80.3% in 2013 to 88.4% by 2015, to 89.8% by 2016, and to 91.2% by 2017.

SMART Goal 2:

The averaged percentage of students in grades 3, 4, & 5 meeting standard in the area of math as measured by the Washington State Assessment will increase from 69.8% in 2013 to 84.4% by 2015, to 86.4% by 2016, and to 88.4% by 2017.

SMART Goal 3:

Through the increased access and integration of technology, student scores will improve in reading and math.

Reading: The averaged percentage of students in grades 3, 4, & 5 meeting standard in the area of reading as measured by the Washington State Assessment will increase from 80.3% in 2013 to 88.4% by 2015, to 89.8% by 2016, and to 91.2% by 2017.

Mathematics: The averaged percentage of students in grades 3, 4, & 5 meeting standard in the area of math as measured by the Washington State Assessment will increase from 69.8% in 2013 to 84.4% by 2015, to 86.4% by 2016, and to 88.4% by 2017.

BUILDING PROGRAM

1. Resolution No. 1218 - Portable Classrooms Fall 2015 Electrical Project

Resolution No. 1218 and a letter from the Engineer are attached accepting the work of Sare Electric for the Portable Classrooms Fall 2015 Electrical project. The work has been completed, inspected, and found acceptable.

Jeffrey Grose, executive director of capital projects, will recommend acceptance of the project.

Recommendation: That Resolution No. 1218 accepting the work of Sare Electric for the Portable Classrooms Fall 2015 Electrical project be adopted.

2. Authorization to Call for Bids - Terminal Park Elementary School Water Main Extension Project

Authorization is requested to call for bids for the Terminal Park Elementary School Water Main Extension project. The project consists of installation of a new fire hydrant and related water main extension at Terminal Park Elementary School. The estimated construction cost is \$95,000.00 and will be funded from the Capital Projects fund.

Jeffrey Grose will be present to recommend this authorization.

Recommendation: That authorization be given to call for bids for the Terminal Park Elementary School Water Main Extension project.

3. Authorization of Award of Contract - Portable Classrooms Spring 2016

Bids for the Portable Classrooms Spring 2016 Electrical project were opened June 7, 2016. Bids were received from three Contractors.

The low responsive base bid was submitted by Dutton Electric Company, of Lynnwood, Washington, in the amount of \$508,200.00. A bid tabulation and recommendation from the project Engineer are attached.

Jeffrey Grose will be present to recommend award of the contract.

Recommendation: That the contract for the Portable Classrooms Spring 2016 Electrical project be awarded to the low responsive bidder, Dutton Electric Company, for their bid of \$508,200.00.

4. Dick Scobee Elementary School - Water Easement

Attached is an easement to the City of Auburn for the purposes of laying, maintaining, and installing public water lines including the right of ingress and egress at the Dick Scobee Elementary School property. The easement area is 15-feet wide.

The public water lines located within the easement area will be constructed by the school district's contractor as part of the Portable Classrooms Spring 2015 project. The granting of an easement is required by the City of Auburn as a condition for the construction of these water lines.

Jeffrey Grose will be present to review and recommend granting of the easement.

Recommendation: That the Water Easement be granted to the City of Auburn.

BOARD OF DIRECTORS

ATTEST:

Secretary to the Board

May 19, 2016

Auburn School District No. 408
915 Fourth Street NE
Auburn, WA 98002

Attention: Bob Kenworthy

Regarding: Portable Classrooms Fall 2015 Electrical – AJ TP
Project Final Acceptance

We have received notification that Sare Electric has provided all of the required close out documents, and there were not any items included in the electrical punchlist. These items have been found to be completed and acceptable to Auburn School District. Based upon our review of the project, we find that Sare Electric and their subcontractors have completed the scope of work indicated in the construction documents.

We recommend that Auburn School District accept the work as complete and recommend final acceptance and final payment for the project.

If you have any questions, please contact us at your convenience.

Sincerely,

For and in consideration of the sum of TEN DOLLARS (\$10.00) and other good and valuable consideration, receipt of which is hereby acknowledged, and for benefits to be derived by the Grantor herein, Grantor, **The Auburn School District #408** hereby conveys and warrants to the City of Auburn, Grantee herein, a municipal corporation of King County, Washington, its successors and assigns, a perpetual Nonexclusive Easement under, over, through and across the following described real property ("Easement Area") for the purpose of laying, maintaining, and installing water main and appurtenances thereto, the Easement Area being a portion of the above-designated Tax Parcel ("Parent Parcel"), and described as follows:

SEE EXHIBITS "A" AND "B", ATTACHED HERETO AND BY THIS
REFERENCE MADE A PART HEREOF.

Grantee shall have the absolute right, at times as may be necessary, for immediate entry upon said Easement Area for the purpose of maintenance, inspection, construction, repair or reconstruction of the above improvements without incurring any legal obligation or liability therefore.

Grantee shall have the absolute right to place any type of driving surface within the Easement Area deemed necessary by the Grantee.

Grantor shall not in any way block, restrict or impede access and egress to or from the Easement Area, and/or in any way block, restrict or impede full use of the real property within the Easement Area by the Grantee for the above-described purposes. No building, wall, rockery, fence, trees or structure of any kind shall be erected or planted, nor shall any fill material be placed within the boundaries of the Easement Area, without the express written consent of the Grantee. With Grantee permission, Grantor may fence across said Easement Area and/or along the boundaries of the Easement Area, provided that a gate is constructed in the fence. The gate shall be of sufficient length and location to allow the Grantee full use of, and access and egress to and from the Easement Area. If the gate is to be locked, keys shall be provided to the Grantee.

No excavation shall be made within three (3) feet of the water service facilities and the surface level of the ground within the Easement Area shall be maintained at the elevation as currently existing.

Grantor grants to the Grantee the right of ingress and egress to the Easement Area over and across all paved, graveled, or otherwise improved driveways or parking lots within the Parent Parcel. If direct access to the Easement Area is not available from such driveways or parking lots, the Grantee's right of ingress and egress shall include such other areas within the Parent Parcel as the Grantee determines are necessary to access the Easement Area from such driveways and parking lots or from the Parent Parcel's boundaries. In the case of any damage or disruption of the Parent Parcel, the Grantee shall return the property to a condition reasonably comparable to its condition as it existed immediately before entry and/or work was made thereon by the Grantee or its agents.

Grantor additionally grants to the Grantee, the use of such additional area immediately adjacent to the Easement Area as shall be required for the construction, reconstruction, maintenance and operation of said water facilities. The use of such additional area shall be held to a reasonable minimum and in the case of any damage or disruption of the Parent Parcel, the Grantee shall return the property to a condition reasonably comparable to its condition as it existed immediately before entry and/or work was performed by the Grantee or its agents. In addition to the other restrictions herein, Grantor shall not convey to a third party any easement or other right of usage in the Parent Parcel that would impair or limit the Grantee's use of the Easement Area.

This Easement shall be a covenant running with the Parent Parcel shall burden said real estate, and shall be binding on the successors, heirs and assigns of all parties hereto.

1. Approval of Minutes

The minutes of the regular meeting of Monday, May 23, have been forwarded to the board.

Recommendation: That the minutes be approved.

2. The Boeing Company 100th Anniversary

Attached is a copy of a proclamation for The Boeing Company 100th Anniversary. The superintendent is asking the board to support the 100th anniversary of The Boeing Company by signing the proclamation.

Recommendation: That the board sign the attached proclamation.

3. Resolution No. 1219--Adopting the 2016-2022 Capital Facilities Plan

Resolution No. 1219 adopts the 2016 through 2022 Capital Facilities Plan. The Plan establishes the anticipated capital construction program required to meet the projected pupil enrollment for the next six years. In addition, it computes the anticipated school impact fees under the King County model. The plan will be presented to King County, and the Cities of Auburn, Algona, Black Diamond, Kent, and Pacific. Cindi Blansfield, assistant superintendent, will introduce Bob Kenworthy, assistant director for capital projects, who will review the plan with the board. The plan has been reviewed by Ms. Denise Stiffarm of Pacifica Law Group which serves as counsel for the district regarding school impact fees.

Recommendation: That the board adopt Resolution No. 1219.

4. Resolution No. 1220--School Construction and Replacement General Obligation Bonds--\$456,056,000

Resolution No. 1220--School Construction and Replacement General Obligation Bonds, requests the King County Manager of Records and Elections and the Pierce County Auditor to call and conduct an election on November 8, 2016, to submit to the voters of the Auburn School District Proposition 1 titled "School Construction and Replacement General Obligation Bonds - \$456,056,000." The proposition would authorize the district to construct and equip two new elementary schools; rebuild Olympic Middle School and Chinook, Dick Scobee, Lea Hill, Pioneer, and Terminal Park Elementary schools, increasing enrollment capacity and accommodating class-size reduction to issue \$456,056,000 of general obligation bonds maturing within a maximum term of 20 years, and to levy excess property taxes annually to repay the bonds.

This resolution is based upon the recommendations from the community's work through the ad hoc committee process with a focus of meeting the

needs of student population growth, class-size reduction, and modernization to enable comparable program opportunities at all facilities.

Recommendation:

That the board adopt Resolution No. 1220-School Construction and Replacement General Obligation Bonds as presented.

PROCLAMATION

The Boeing Company 100th Anniversary

WHEREAS, The Boeing Company Centennial occurs on July 15, 2016; and

WHEREAS, The Boeing Company founded in Seattle, Washington, by William Edward Boeing grew from a small red barn on the shores of the Duwamish River to the largest aerospace and defense contractor in the world, the largest exporter in the United States providing products to 150 countries, ranks 27th on the “World’s Most Admired Companies” list, and, for the fifth straight year, was named the No. 1 innovator among aerospace and defense company; and

WHEREAS, The Boeing Company contributes significantly to the health of the State of Washington, employing more than 79,000, half of its global workforce, in the state and purchasing \$5.7 billion annually in materials, supplies, and services from 1,943 Washington State vendors; and

WHEREAS, with The Boeing Company at its root, Washington has become one of the largest aerospace industry clusters in the world, supporting more than 1,350 aerospace and related companies that directly and indirectly support more than a quarter of a million jobs and generates \$85.7 billion in annual activity; and

WHEREAS, The Boeing Company embraces a culture of caring and support for all Washingtonians, encouraging employees to volunteer, and investing more than \$53 million annually in the areas of education, health and human services, arts and culture, environment, and civic engagement; and

WHEREAS, The Boeing Company, on a national level, employs more than 23,000 veterans, many still serving in the National Guard and Reserve and partners with more than 50 airline customers completing over 170 humanitarian relief flights since 1992; and

THEREFORE, BE IT RESOLVED, that the Auburn School District calls on the citizens of Auburn to assure that The Boeing Company is praised, recognized and celebrated for the significant contributions they have made to the State of Washington over the past 100 years and for the specific benefits realized by Auburn School District.

AND, BE IT FURTHER RESOLVED, that the body enthusiastically thanks The Boeing Company and pledges support to this incredible corporate citizen over the next century.

AUBURN SCHOOL DISTRICT NO. 408

Secretary, Board of Directors

**AUBURN SCHOOL DISTRICT NO. 408
RESOLUTION NO. 1219**

RESOLUTION TO ADOPT THE 2016 CAPITAL FACILITIES PLAN

WHEREAS, Auburn School District No. 408 (the "District") desires to cooperate with King County, and the Cities of Algona, Auburn, Black Diamond, Kent, and Pacific in implementing the Growth Management Act (the "GMA"); and

WHEREAS, the District shall submit the District's 2016 Capital Facilities Plan to King County, and the Cities of Algona, Auburn, Black Diamond, Kent, and Pacific for adoption and incorporation into each jurisdiction's comprehensive plan; and

WHEREAS, the GMA authorizes local jurisdictions to collect school impact fees from development in order to ensure that school facilities are available to serve new growth and development; and

WHEREAS, the District's projected student enrollment is expected to increase over the next six years; and

WHEREAS, the District will need to build new schools, acquire school sites and develop additional capacity in order to serve the increasing student enrollment; and

WHEREAS, existing funding sources are not sufficient to fund the capital improvements needed to serve the District's projected enrollment.

NOW, THEREFORE, BE IT RESOLVED:

1. The Auburn School District No. 408 hereby adopts the District's 2016 Capital Facilities Plan.
2. The District shall submit this Plan to King County, and the Cities of Algona, Auburn, Black Diamond, Kent, and Pacific for adoption and incorporation into each jurisdiction's comprehensive plan.
3. The District will request the adoption of school impact fees for the District by King County, the City of Auburn, and the City of Kent.
4. The Board supports the development of GMA school impact fee programs by the Cities of Algona, Black Diamond, and Pacific.

ADOPTED by the Board of Directors of Auburn School District No. 408, King County, Washington, at an open public meeting thereof, notice of which was given as required by law, held this 13th day of June, 2016, the following Directors being present and voting therefore.

RESOLUTION NO. 1220

A RESOLUTION of the Board of Directors of Auburn School District No. 408, King and Pierce Counties, Washington, providing for the form of the ballot proposition and specifying certain other details concerning submission to the qualified electors of the district at a special election to be held therein on November 8, 2016, of a proposition for the issuance of its general obligation bonds in the aggregate principal amount of \$456,056,000, or so much thereof as may be issued under the laws governing the indebtedness of school districts for the purpose of providing funds for the remodeling, renovation, upgrade, rebuilding and enlarging of existing facilities and the acquisition, construction and equipping of new school facilities, and authorizing the Superintendent and/or Assistant Superintendent, Business and Operations to submit a request for eligibility for the Washington State School District Credit Enhancement Program.

WHEREAS, improved facilities are needed in Auburn School District No. 408, King and Pierce Counties, Washington (the “District”) in order to provide the students of the District with safe, adequate and efficient educational facilities; and

WHEREAS, in order to provide all or a part of the funds to enable the District to acquire, construct and equip new facilities and to undertake renovations, remodeling, enlarging and upgrades to extend the life of the District’s existing facilities, including elementary, middle and high school buildings, and undertake other capital projects described more fully in this resolution it is deemed necessary and advisable that the District issue and sell its unlimited tax general obligation bonds (the “Bonds”) to provide funds for such purposes; and

WHEREAS, the Constitution and laws of the State of Washington provide that the question of whether or not the Bonds may be issued and sold for such purposes must be submitted to the qualified electors of the District for their ratification or rejection; and

WHEREAS, in RCW ch. 39.98 (the “Credit Enhancement Act”), the State Legislature established a credit enhancement program (the “Program”) for voter-approved school district general obligation bonds; and

WHEREAS, Section 39.98.040 of the Credit Enhancement Act authorizes the state treasurer to make a determination that a school district is eligible for participation in the Program if the state treasurer determines that the District is eligible under rules adopted by the state finance committee; and

WHEREAS, the District may elect to participate in the Program upon an administrative determination that it is cost-effective;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE AUBURN SCHOOL DISTRICT NO. 408, KING AND PIERCE COUNTIES, WASHINGTON, as follows:

Section 1. Findings. This Board of Directors (the “Board”) hereby finds and declares that the best interest of the students and other inhabitants of the District require the District to carry out the plans hereinafter provided at the time or times and in the order deemed most necessary and advisable by the Board.

Section 2. Capital Improvements. The District shall make the following capital improvements (the “Improvements”):

- Acquire, construct and equip two new elementary schools;
- Rebuild and enlarge (including equipping) Chinook Elementary School;
- Rebuild and enlarge (including equipping) Dick Scobee Elementary School;
- Rebuild and enlarge (including equipping) Lea Hill Elementary School;
- Rebuild and enlarge (including equipping) Pioneer Elementary School;

- Rebuild and enlarge (including equipping) Terminal Park Elementary School; and
- Rebuild and enlarge (including equipping) Olympic Middle School.

In connection with the foregoing Improvements, the District may also acquire sites as needed in order to accomplish the Improvements and the cost of acquisition shall be considered part of the Improvements. The cost of all necessary planning, architectural, engineering, and other consulting services, inspection and testing, administrative and relocation expenses, demolition, site work, on and off-site utilities, related improvements, including but not limited to parking, driveways, entry ways, landscaping and related athletic facilities and other costs incurred in connection with the making of the foregoing capital improvements shall be deemed a part of the costs of the Improvements. Such Improvements shall include all necessary furniture, equipment and appurtenances.

If available funds are sufficient from the proceeds of Bonds authorized for the above purposes, the District may use such funds to acquire sites for facilities of the District or to pay the principal of or interest on the Bonds. In the alternative, if available funds are sufficient from the proceeds of Bonds authorized for the above purposes and/or state and local circumstances require, the District may use such funds to acquire, construct, equip, modernize and make other capital improvements to the facilities of the District, all as the Board of Directors may determine, after holding a public hearing thereon pursuant to RCW 28A.530.020.

The District shall determine the application of available moneys as between the various Improvements set forth above so as to accomplish, as nearly as may be, all of the Improvements described or provided for in this section. The District shall determine the exact extent and specifications for construction of structures or other improvements.

If the Board shall determine that it has become impractical to accomplish any of such Improvements or portions thereof by reason of state or local circumstances, including changed conditions, incompatible development or costs substantially in excess of those estimated, the District shall not be required to accomplish such Improvements and may apply the Bond proceeds or any portion thereof to other portions of the Improvements, to other capital improvements, or to payment of principal of or interest on the Bonds, as the Board may determine after holding a public hearing thereon pursuant to RCW 28A.530.020.

In the event that the proceeds of sale of the Bonds, plus any other moneys of the District legally available, are insufficient to accomplish all of the Improvements provided by this section, the District shall use the available funds for paying the cost of those Improvements for which the Bonds were approved deemed by the Board most necessary and in the best interest of the District.

It is anticipated that the District will receive approximately \$79,456,194 from state construction assistance program funding from the State of Washington pursuant to Chapter 28A.525 RCW. The District intends to apply such funds to the completion of the Improvements described in Section 2 and if not required for those purposes, then to pay principal of and/or interest on the Bonds. Such funds may also be used to make other capital improvements to the facilities of the District, but only after holding a public hearing thereon pursuant to RCW 28A.530.020.

Section 3. Authorization of Bonds. For the purpose of providing all or a part of the funds necessary to pay the cost of the Improvements, together with incidental costs and costs related to the sale and issuance of the Bonds, the District shall issue and sell its unlimited tax general obligation bonds in the principal amount of not to exceed \$456,056,000. The balance of

the cost of the Improvements shall be paid out of any money which the District now has or may later have on hand which are legally available for such purposes. None of the Bond proceeds shall be used for the replacement of equipment or for any other than a capital purpose. Such bonds shall be issued in an amount not exceeding the amount approved by the qualified electors of the District as required by the Constitution and laws of the State of Washington or exceeding the amount permitted by the Constitution and laws of the State of Washington.

Section 4. Details of Bonds. The bonds provided for in Section 3 hereof shall be sold in such amounts and at such time or times as deemed necessary and advisable by this Board and as permitted by law, shall bear interest at a rate or rates not to exceed the maximum rate permitted by law at the time the bonds are sold, and shall mature in such amounts and at such times within a maximum term of twenty (20) years from date of issue, but may mature at an earlier date or dates, as authorized by this Board and as provided by law. Said bonds shall be general obligations of the District and, unless paid from other sources, both principal thereof and interest thereon (including original issue discount) shall be payable out of annual tax levies to be made upon all the taxable property within the District without limitation as to rate or amount and in excess of any constitutional or statutory tax limitations. The exact date, form, terms and maturities of said bonds shall be as hereafter fixed by resolution of the Board. After voter approval of the bond proposition and in anticipation of the issuance of such bonds, the District may issue short term obligations as authorized and provided by Chapter 39.50 RCW.

Section 5. Election. It is hereby found and declared that the best interests of the District requires the submission to the qualified electors of the District of the proposition of whether the District shall issue the Bonds at a special election to be held on November 8, 2016. King County Elections, as *ex officio* supervisor of elections, is hereby requested also to call and

conduct the special election to be held within the District and to submit to the qualified electors of the District the proposition set forth below. The Secretary of the Board is hereby authorized and directed to certify the proposition to said officials in the following form:

PROPOSITION NO. 1
AUBURN SCHOOL DISTRICT NO. 408

SCHOOL CONSTRUCTION AND REPLACEMENT GENERAL
OBLIGATION BONDS - \$456,056,000

The Board of Directors of Auburn School District No. 408 approved a proposition for bonds. This proposition would authorize the District to construct and equip two new elementary schools; rebuild Olympic Middle School and Chinook, Dick Scobee, Lea Hill, Pioneer, and Terminal Park Elementary schools, increasing enrollment capacity and accommodating class size reduction; to issue \$456,056,000 of general obligation bonds maturing within a maximum term of 20 years, and to levy excess property taxes annually to repay the bonds, all as provided in Resolution No. 1220. Should this proposition be:

APPROVED?..... ☐

REJECTED?..... ☐

The Secretary of the Board of Directors is hereby authorized to deliver a certified copy of this resolution to King County Elections and a courtesy copy to the Pierce County Auditor.

Section 6. Notices relating to Ballot Title. For purposes of receiving notice of the exact language of the ballot title required by RCW 29A.36.080, the Board hereby designates the (a) Assistant Superintendent of Business & Operations (Cindi Blansfield), telephone 253.931.4930; fax: 253.931.8006; email: cblansfield@auburn.wednet.edu, and (b) bond counsel, K&L Gates LLP (Cynthia Weed), telephone: 206.370.7801; fax: 206.623.7022; email: cynthia.weed@klgates.com, as the individuals to whom King County Elections shall provide such notice. The Secretary of the Board is authorized to approve changes to the ballot title, if

any, deemed necessary by King County Elections or the Office of the King County Prosecuting Attorney.

Section 7. Voters' Pamphlet. Pursuant to authority granted by RCW 29A.32.220, the Board of Directors hereby authorizes the District's participation in the local voters' pamphlet for the November 8, 2016 election and requests that King County Elections and Pierce County Elections prepare and publish a voters' pamphlet for this proposition. The District understands and agrees that it will be required to pay its proportionate share of the expenses of the voters' pamphlet.

Section 8. Request for Eligibility for the Credit Enhancement Program. In preparation for the issuance and sale of the Bonds after approval by the voters, the Board of Directors hereby requests that the State Treasurer issue a certificate of eligibility in favor of the District for participation by the District in the Program with respect to the Bonds. The Superintendent and/or Assistant Superintendent, Business and Operations is hereby authorized (following voter approval) to submit such applications, resolutions and certifications as shall be required by the State Treasurer in reviewing the District's request for participation.

Section 9. Severability. In the event that any provision of this resolution shall be held to be invalid, such invalidity shall not affect or invalidate any other provision of this resolution or the Bonds, but they shall be construed and enforced as if such invalid provision had not been contained herein; provided, however, that any provision which shall for any reason be held by reason of its extent to be invalid shall be deemed to be in effect to the extent permitted by law.

Section 10. Effective Date. This resolution shall become effective immediately upon its adoption.

ADOPTED by the Board of Directors of Auburn School District No. 408, King and Pierce Counties, Washington, at a regular meeting held this 13th day of June, 2016.
