More than 500,000 open computing jobs in the United States

These jobs are in
every industry and
every state, and
they're projected to
grow at twice the
rate of all other jobs.

- 
- 23,410 open computing jobs (3.1X average demand)
 - 1,001 computer science graduates in 2014 (20% female)
 - Average salary for a computing occupation in WA is \$105,584 (state average salary is \$54,010)
 - 73% of all job growth in STEM between 2014 and 2024 will be in computer occupations
 - Washington ranks #2 nationally in the concentration of STEM related jobs and #3 in STEM job growth

Technology affects *every* field:

Every 21st century student should have a chance to learn about *algorithms*, how to make *apps*, or how the *internet* works.

Just like they learn about the *digestive system*, *photosynthesis*, or *electricity*.

DIRECTORS

1. Approval of Minutes

The minutes of the regular meeting of Monday, January 23, have been forwarded to the board.

Recommendation: That the minutes be approved.

2. Naming Facilities and Memorials

The board will discuss Policy No. 6970–Naming Facilities and Memorials.

3. Discussion

NAMING FACILITIES AND MEMORIALS

Naming/Renaming of District Facilities

The board of directors considers the naming/renaming of a district facility a matter of significance. In selecting a name, the board will give preference to names identifying the geographic area of the community served by said facility or prominent component. Naming of facilities includes only a whole facility and not locations or portions of a larger facility (e.g. auditorium, athletic fields).

In exceptional instances, the board may elect to name/rename a facility in honor of an individual who has attained a great prominence, either locally or nationally, or made a long-term contribution to the education of children in the Auburn schools. Names of persons who are living or have been deceased less than three years will not be considered.

Memorials

The board recognizes the desire to honor the life and memory of students and employees who have positively impacted education in the district. A suitable memorial for district employees or students will contribute to the educational setting and be consistent with district objectives. No portion of any building or site shall be named differently than the name of the school or facility. Names of persons who are living or have been deceased less than three years will not be considered.

The superintendent or designee shall develop a procedure that describes the process for the application for and approval of a collective memorial and that includes a list of other suitable memorials for honoring deceased students and staff.

PROCEDURE NAMING FACILITIES AND MEMORIALS

The naming of a school shall take place in the following manner:

- A. The superintendent shall select a committee whose purpose it shall be to submit to the board a list of, not less than three nor more than five, names for the new school. The list shall briefly state, along with each name, why the committee nominated each name. The committee may solicit nominations from students and the community.
- B. The committee shall, whenever possible, follow these guidelines:
 1. Each name shall be known to, and significant to, the people of the district.
 2. The names submitted shall not conflict with the names of other schools in the district or surrounding districts.
 3. Only persons will be considered if they have been deceased three or more years.
- C. The board shall select the name of the new facility from the list. In recognition of the efforts of those involved in the project, a plaque containing the following information shall be attached to a new building:
 1. School name;
 2. Board-approved construction date;
 3. Completion or dedication date;
 4. Name of board members as of the board-approved construction date in the following order:
 - a. President/Chairman
 - b. Vice President/Vice Chairman
 - c. Members (alphabetically)
 5. Superintendent as of board-approved construction date; and
 6. Architect and contractor names.

Formal dedication of the facility shall take place on a date and time specified by the board.

Memorials:

The superintendent or designee, in his or her discretion, can permit 1) a memorial honoring an individual and 2) a collective memorial that equitably honors deceased members of a school or the district community (e.g., “Memorial Garden” or “Veterans Plaza”).

The dedication and any associated signage, statuary, landscaping, etc. has received the approval of the building principal and superintendent or designee.

The cost of any signage, statuary, landscaping, or other facility or site improvements shall be borne by those seeking the dedication and shall not be paid for from school district funds. Any improvements to facilities or grounds shall require approval by the district facility staff and shall not incur any prohibitive costs or create any excessive liability for the district.

The memorial shall not be used to “name” facilities and shall not be used for identification of locations and directions.

Memorials may take the form of one of the following:

1. A donated bench with plaque with deceased's name.
2. A plaque placed on a donated sculpture .
3. An annual award using the deceased's name for an attribute (i.e., good sportsmanship, leadership, etc.).
4. Planting a tree with or without a plaque in memory of an individual.

1. The Wednesday, February 1, enrollment is included in the board background material.
