Overall SIP Goals

- The percentage of students achieving at levels three and four will increase by 5% each year and the percentage of students achieving at levels one and two will decrease by 5% each year, as measured by the reading and math MSP for the years 2013-2016.
- The average percentage of students failing one or more classes will be reduced by 10% each year through the intentional implementation of research based strategies that increase student engagement in their learning.

SIP

- Goal 2 Action Strategy
 - Students will be able to articulate where they are in relation to the learning target and next steps they need to take to get to the learning target.
 - Learning Targets
 - Feedback

What Research Says...

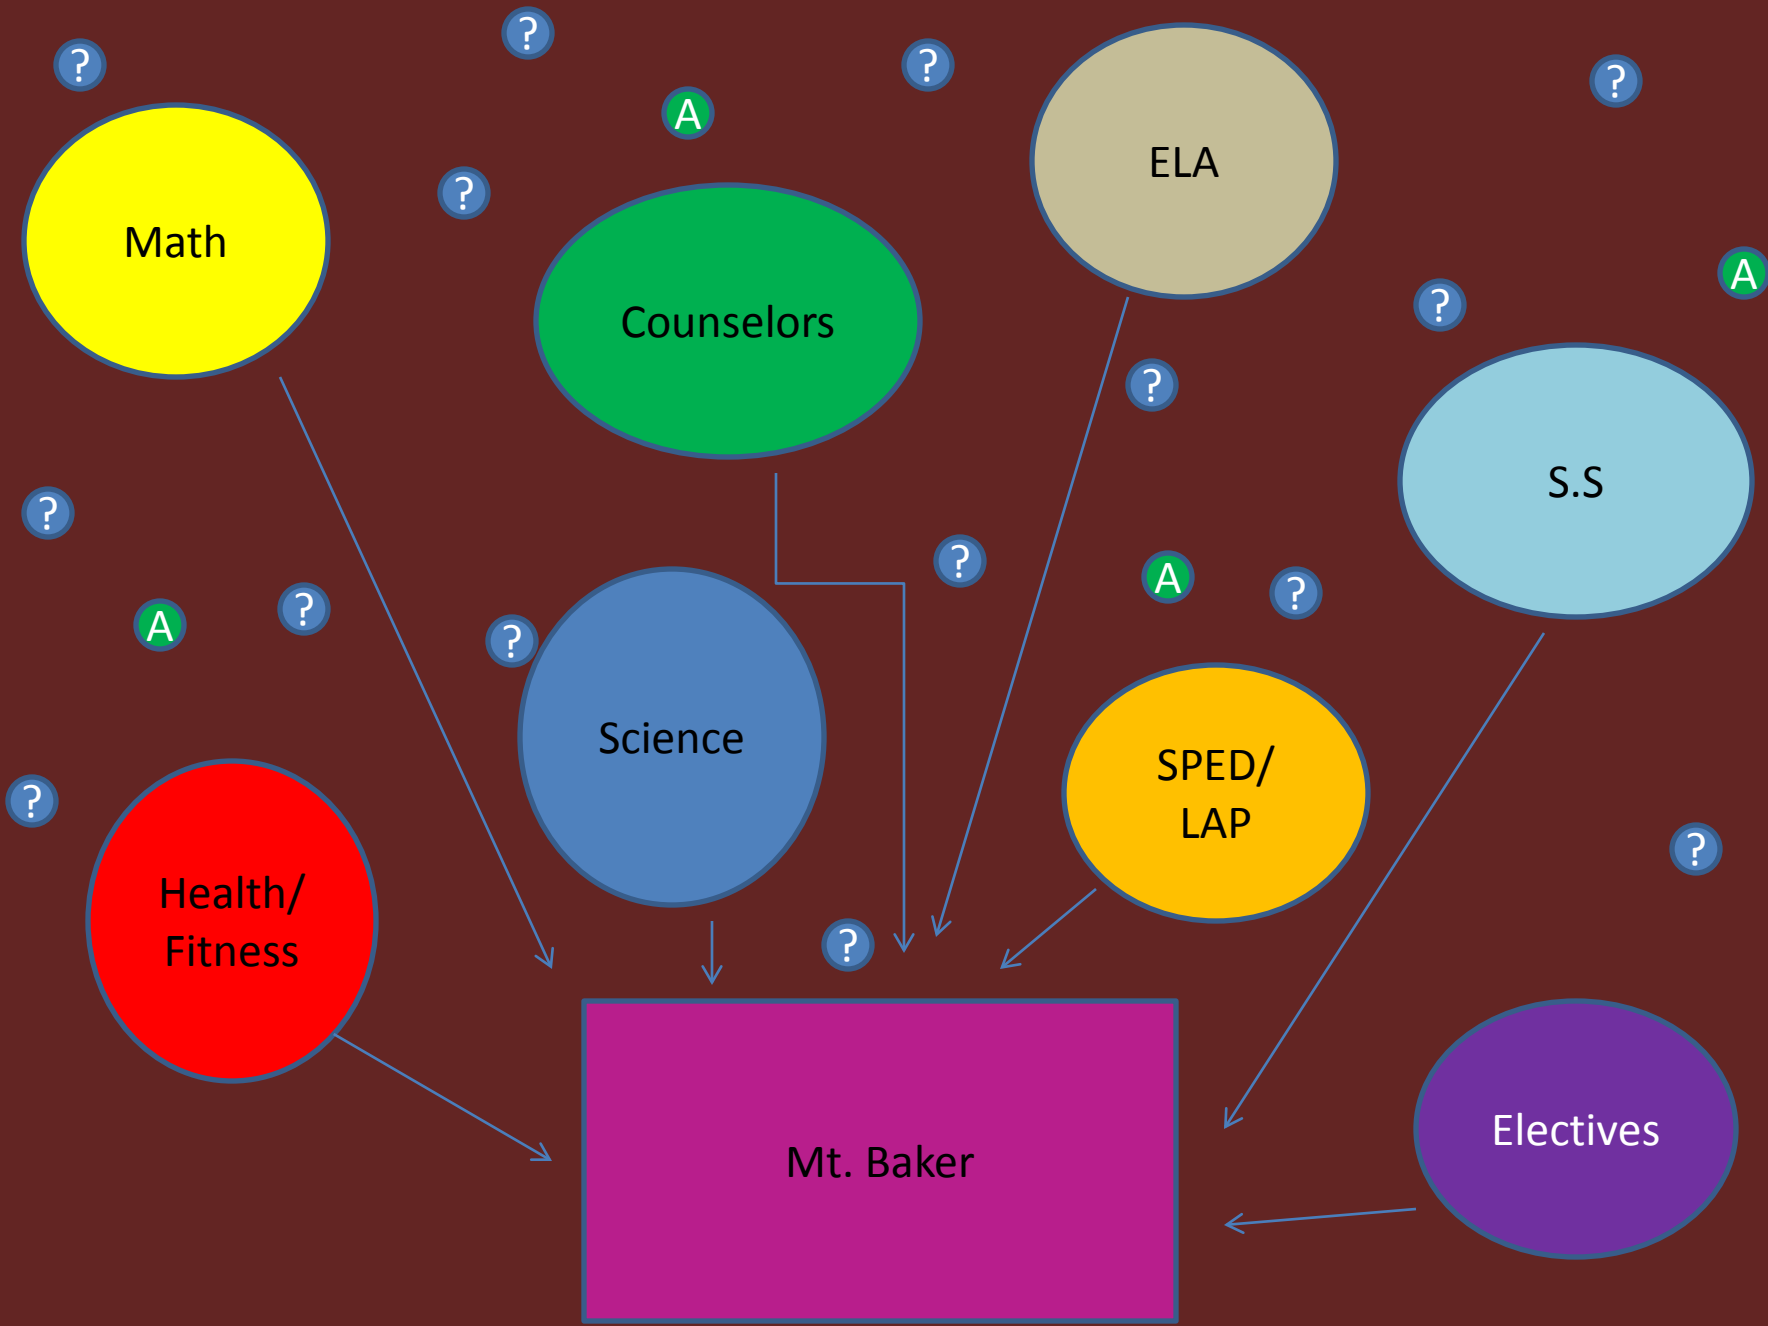

- Effective feedback has an effect size of .75 (.40 is the “tipping point” of positive effect size – one years growth in one years time)
- Effective feedback has the potential for a profound effect on student achievement – it can double the speed of learning.
- Praise should not be confused with effective instructional feedback.

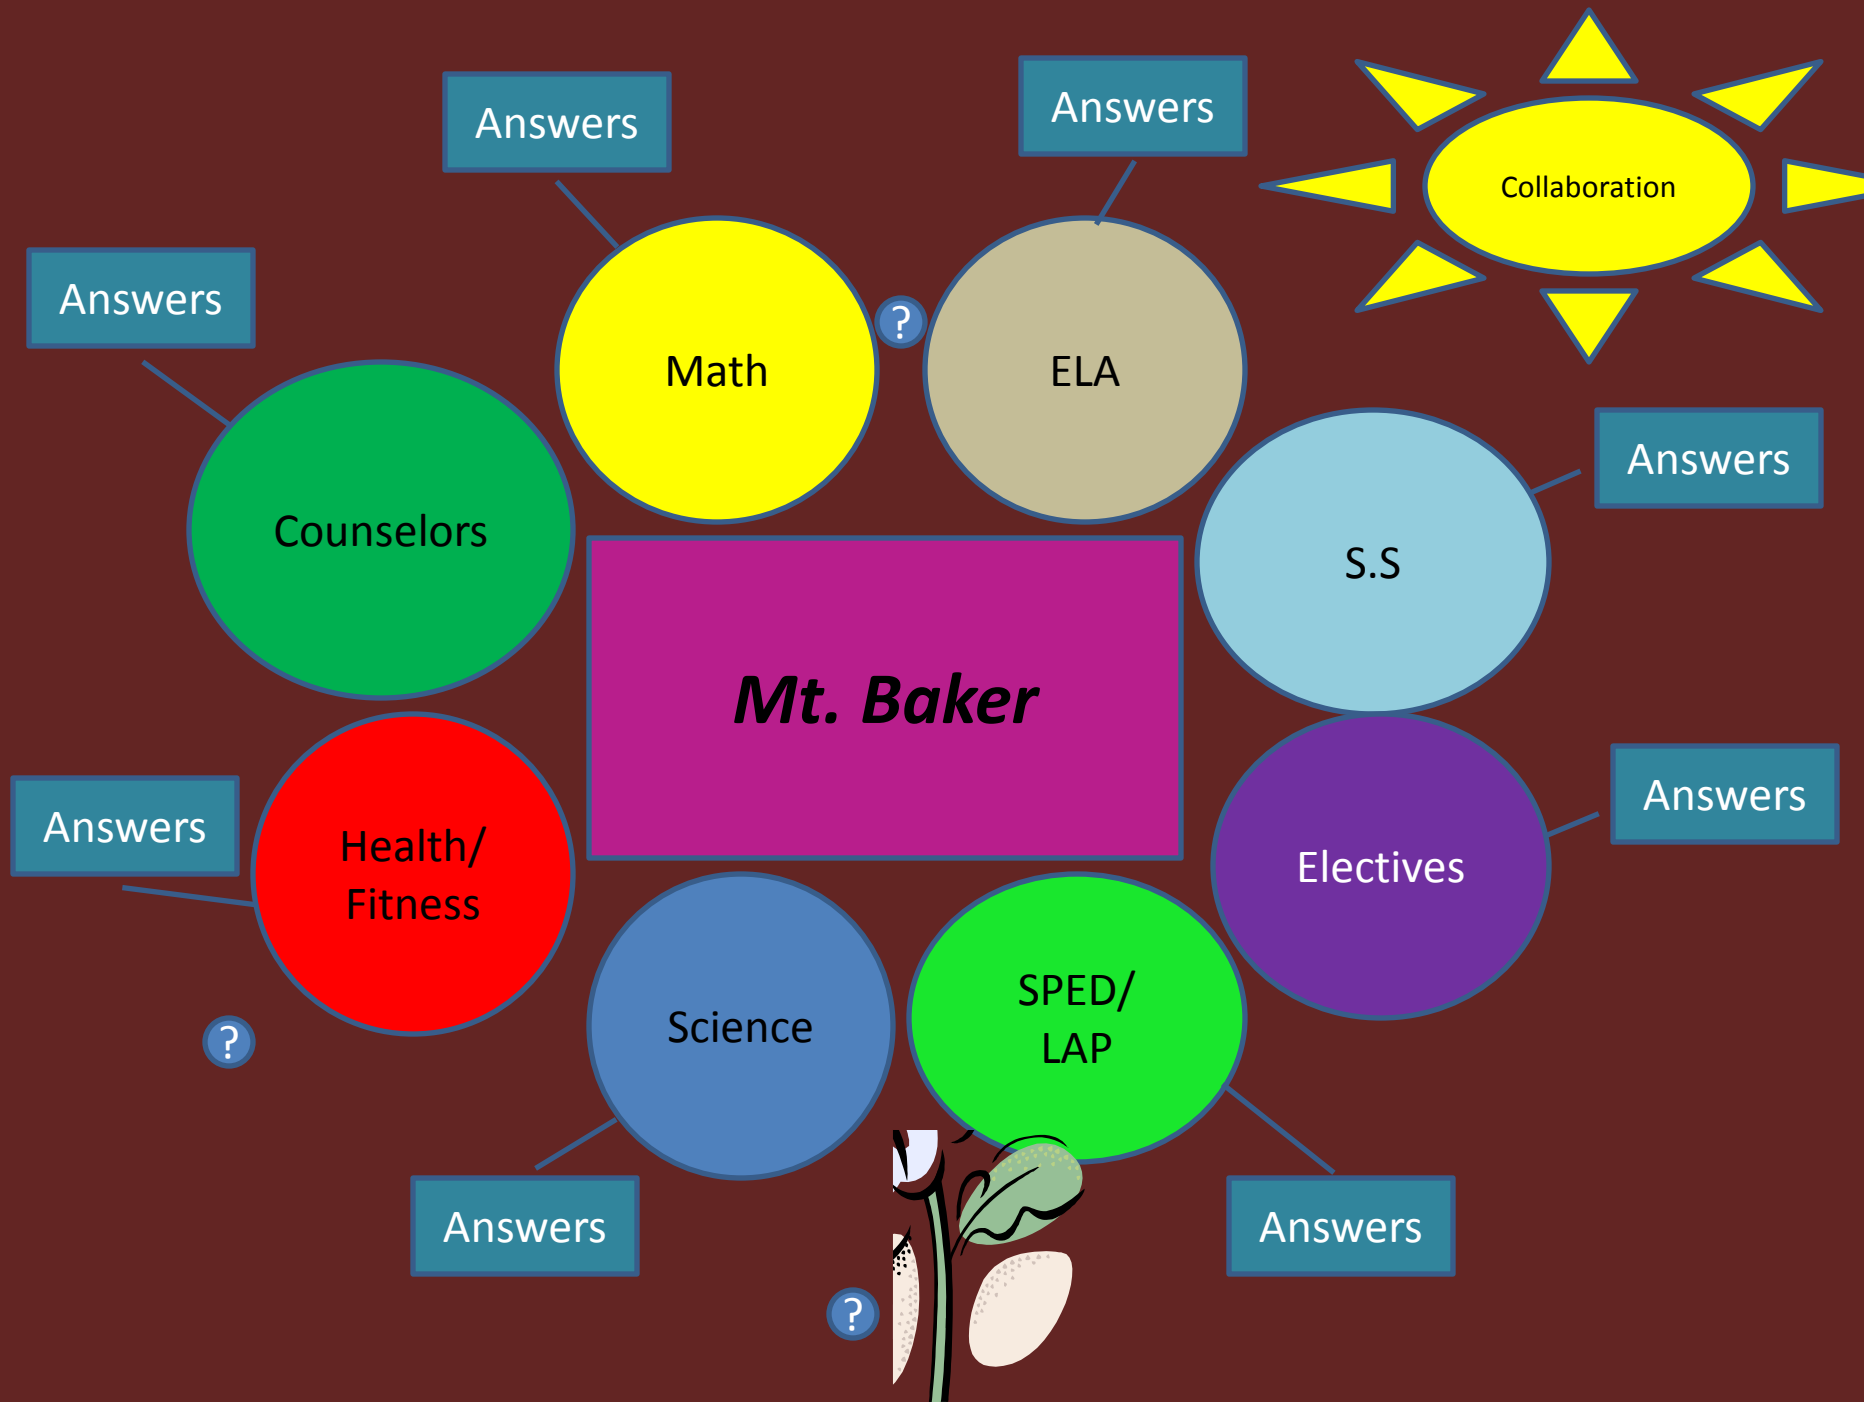

Four Types of Feedback

- Task/Product Level
- Process Level
- Self-Regulation or Conditional Level
- Self Level

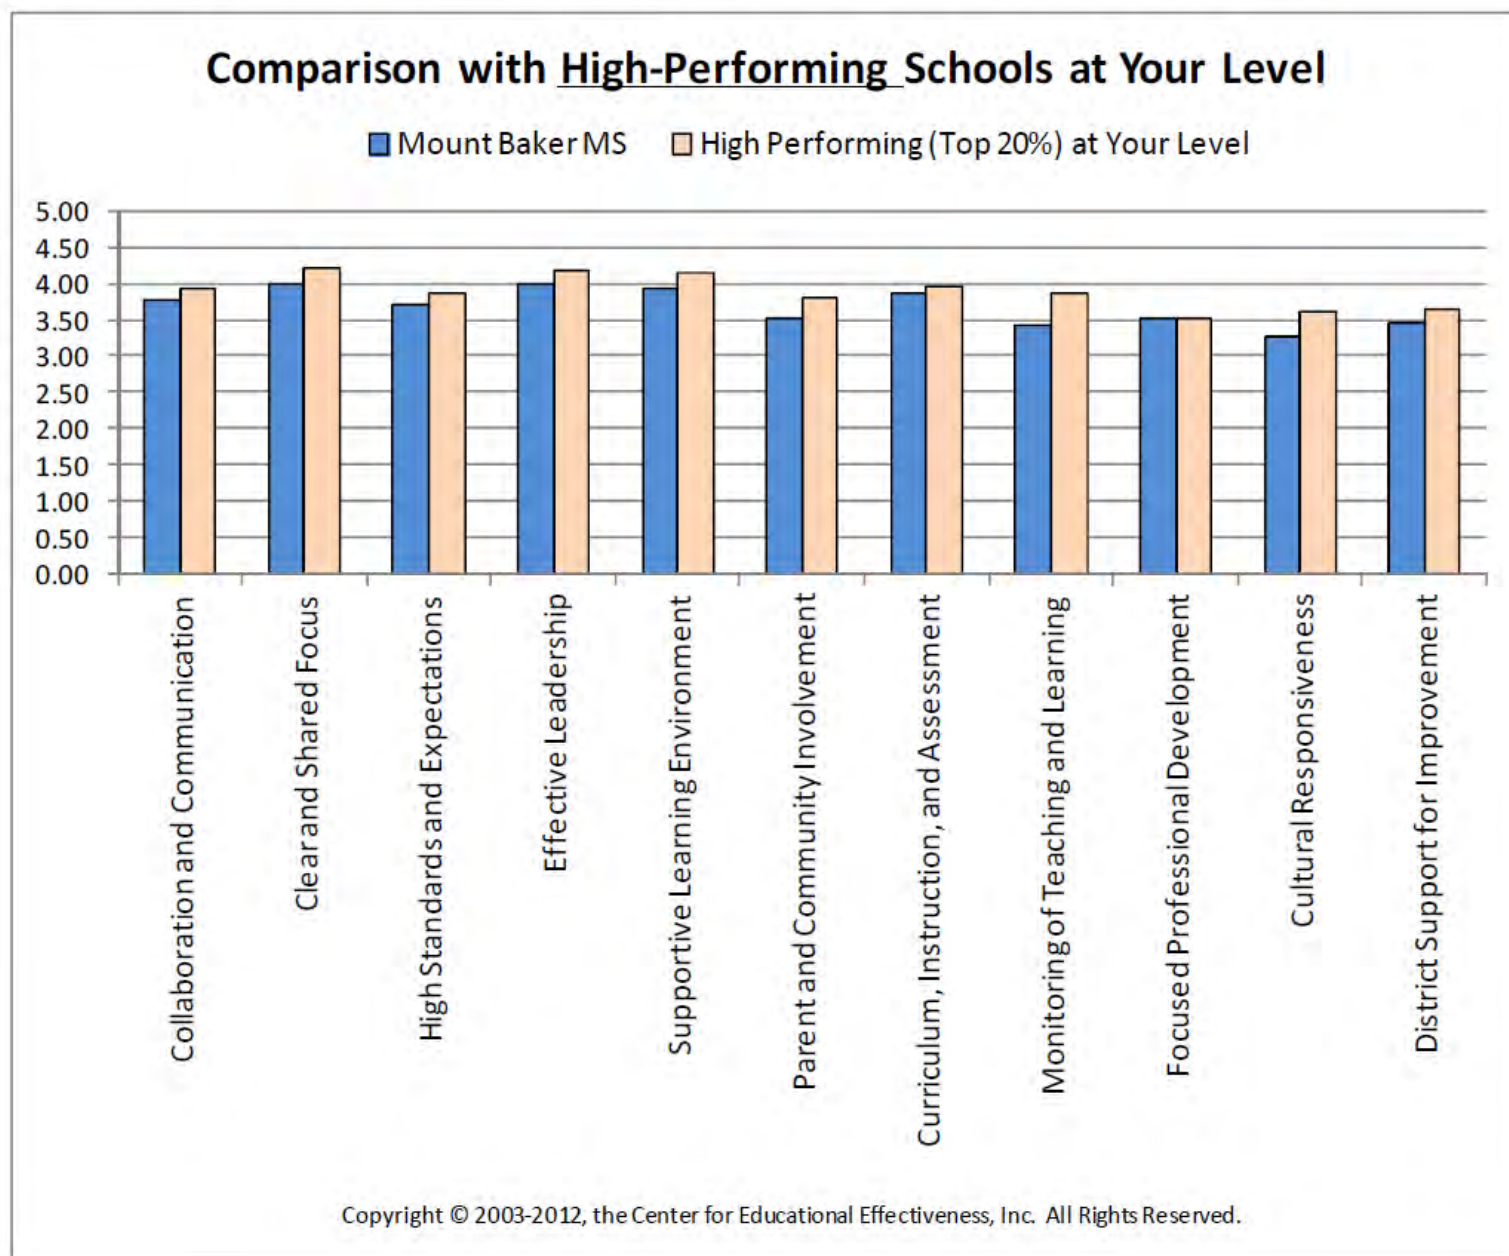

Goal Three

- **Relationships**
- **Staff unity/collegiality/cohesiveness**
- **Shared vision**
- **Common Core alignment across content areas**

Background Information

WAC 180-16-220

Requirements for School Improvement Plan

Each school shall be approved annually by the school board of directors under an approval process determined by the district board of directors and “At a minimum the annual approval shall require each school to have a school improvement plan that is data driven, promotes a positive impact on student learning, and includes a continuous improvement process that shall mean the ongoing process used by a school to monitor, adjust, and update its school improvement plan.” School Improvement plans must include a brief summary of use of data to establish improvement; acknowledging the use of data which may include DIBELS, MAP, WELPA, Credit Attainment, Enrollment in Honors/AP Courses, CEE Perceptual Data, SAT/ACT, Discipline, and MSP or HSPE.

Stakeholder Input

Mt. Baker staff began this process of creating this plan in October of 2010 with monthly trainings, staff data carousels in January and SIP small group meetings throughout the Spring of 2011. In September of 2012, we began the process of reviewing and updating the document. This was done through committee work, staff meetings, district support meetings, and through multiple 1:1 conversations with staff.

Highly Qualified Staff

All staff meet the highly qualified requirement in the area(s) in which they teach.

Demographic data

Mt. Baker Middle School works with students that primarily represent both ends of the demographic spectrum. Presently, Mt. Baker has 46.7% of our student population that receives free and reduced lunches. In addition, Mt. Baker also serves the growing communities of Lakeland Hills and Pacific. The Lakeland area has recently experienced a large growth in large family residences that are being built which has led to our population growing significantly. The school board has closed our school to waivers for this reason.

Discipline and Attendance Analysis

Mt. Baker Middle School works with students that primarily represent both ends of the demographic spectrum. Presently, Mt. Baker has 46.7% of our student population that receives free and reduced lunches.

Assessment Decisions

All available assessment data was reviewed and considered while creating this plan. Data included academic as well as demographic. Comparisons between the data was made in search of the “root cause” of any identified areas of struggle.

MSP/HSPE Reading

- In 2012, grades 6 and 7 both saw a dramatic improvement in students meeting standard in reading on the MSP. 6th grade moved from 78.6% in 2011 to 83.4% in 2012; 7th grade moved from 54.8% in 2011 to 73.7% in 2012.
- For the eighth year in a row, 7th Grade Mt. Baker Middle School students continued to perform above the district average in the area of Reading.
- For the third year in a row, 7th Grade students being served in Special Education, continued to perform at a substantially lower rate on the Reading MSP test, than their cohort members at Mt. Baker Middle School.

MSP/EOC Math

- In 2012, only 7th grade saw an increase in those meeting standard in math, and it was only a small increase.

- For the seventh year in a row, 7th Grade Mt. Baker Middle School students performed above the state and district average in the area of Mathematics.
- For the fourth year in a row, 7th Grade students identified in the category of “Low Income” continued to perform at a lower rate on the 7th Grade Math MSP test, than their cohort members at Mt. Baker Middle School. However, the gap is beginning to close.

MSP Science/EOC Science

- In 2012, 69.2% of Mt. Baker Middle School 8th Grade students achieved above standard on the 8th Grade Science MSP. This was an increase of nearly 3% over the previous year.
- In 2011, 41.6% of Mt. Baker Middle School 8th Grade students identified as Low Income students, did not achieve standard on the 8th Grade Science MSP. This represented the second year with a significant drop in the percentage of Low Income students not meeting standard in this area.

MSP/HSPE Writing

- In 2012, both 7th and 8th grade saw increases in students meeting standards in writing on the MSP. 7th saw an increase of 14.5% over 2011 and 8th grade saw an increase of 3.4% over 2011.
- Unlike previous years which showed a downward performance trend on the MSP in the area of writing, Mt. Baker Middle School students showed a significant increase moving from 57.4% in 2011 to 71.9% in 2012.

Prioritized Challenges

- **MSP Scores are stagnant, not much growth, not much loss from year to year.**
- **Population is changing dramatically, with the Latino population becoming our largest ethnic group.**
- **ELL students are struggling to perform.**
- **Staff cohesiveness is reduced since the elimination of teaming time. Trust and working together towards common goals is an area that needs improvement.**

Study Teams

(Each study team should consider parent/community involvement, cultural competency and integration of technology as potential strategies in each goal area e.g. How can parent involvement, cultural competence and technology assist the school in meeting its reading goal?)

Literacy Goal Group: Dena Walker, Erin Carnahan, Mindy Hawk, John Lees, Sue Millang
