SCHOOL PROGRAMS AND STUDENT ACHIEVEMENT

1. 2013-16 Auburn Mountainview High School Improvement Plan

Heidi Harris, assistant superintendent of student learning, will introduce Terri Herren, Auburn Mountainview High School principal, who will introduce Leah O'Brien and Evelyn Hammer, teachers. The team will present the 2013-2016 Auburn Mountainview High School Improvement Plan, share a PowerPoint presentation, and answer questions from the board. This presentation aligns with the 2013-2016 District Strategic Plan, Goal 1: student achievement, Objective 2 school improvement plans and the 2014-15 stated district goals, Standard III "create conditions district wide for student and staff success."

Recommendation: That the board approve the 2013-16 Auburn Mountainview High School Improvement Plan.

AUBURN MOUNTAINVIEW

SCHOOL IMPROVEMENT PLAN
2013-2016

Mission Statement:

STAFF: In a mutually respectful and safe community, each student will:

- Achieve high standards of learning
- Demonstrate responsible citizenship
- Value life-long learning

STUDENTS: In a supportive and spirited community, we as students will:

- Recognize the achievement of ourselves and our peers both inside the classroom and in outside activities.
- Be kind to everyone.
- Take responsibility for our own learning.

Vision Statement:

- **STAFF:** The vision of Auburn Mountainview High School is to develop in students the skills and attitudes that will maximize their potential for lifelong learning and ethically responsible decision making.
- **STUDENTS:** The vision of Auburn Mountainview students is to create a school environment that embraces individuality, values learning, promotes respect, and is dedicated to making a difference in our community not only now, but graduation and beyond.

Professional Development

SMART Goal 1:

- **ELA**

For each cohort of 10th graders (beginning with the graduating class of 2015) 95% will meet ELA standard on the state assessment and/or alternative assessment by graduation.

SMART Goal 2:

- **Math**

The percentage of 10th graders meeting standard on EOC Algebra will increase from 77% in 2012 to 85% in 2016

SMART Goal 3:

- **Graduation**

AMHS will reverse the decline in graduation rate by increasing the 4 year adjusted cohort graduation rate 2.5% each school year from 83.7 in 2011 to 91.2% in 2014 (state reporting of 4 year cohort graduation data lags behind 2 years).

SIP Smart Goals

Attaining our Goals

2012-2013 attendance 91.6%

2013-2014 attendance 91.7%

Attendance Rates

- 72.2% of Juniors have passed the HSPE reading and writing after their first attempt.
- 92.4% of Seniors have passed the reading and writing HSPE).
- We have had 100% success in all COE's submitted for Language Arts.
- In our 1st year of school day SAT, we had over 92% of our Seniors participate.

- 12 students that had not previously passed the Reading/Writing section of the WASL/HSPE all took the COE class.
- All 12 passed the COE and are on track for Graduation.

COE = Collection of Evidence

- For 2013 there were 284 grads and 276 were on time, 1 early and 7 late with a 97.5% on time graduation rate.
- For 2014 there were 338 grads and 313 were on time, 4 early and 21 late with a 93.8% on time graduation rate.
- 4 Year Graduation Rate
2011 83.7%
2012 92.1%
2013 84.2%
- 5 Year Graduation Rate
2011 88.6%
2012 90.6%

In the Beginning
of our SIP
Journey...LAP

- 9th grade and 10th grade Reading LAP students were given the Eckwall/Shanker test. The test measures word recognition, reading fluency and reading comprehension.
- 9th grade LAP Reading students: 59% have increased at least one grade level, 18% have increased at least two grade levels.
- 10th grade LAP Reading students: 65% increased one reading grade level, 20% were up two grades levels.

- Initial placement based on previous year Winter MAP, and most recent MSP score.
- Placement adjustments made after previous year Spring MAP and most recent MSP scores are available.
- Academic history.
- Teacher recommendation.

Placement of Students in LAP Language Arts

Reform Strategies

Auburn Mountainview High School

Title I Schoolwide Reform Strategies

Components of Each Goal

- ▶ Teacher implementation: teach, reinforce, assess.
- ▶ Monitoring of teacher implementation.
- ▶ Student progress monitoring.
- ▶ Semester and year end Title I summary data.

Reading Comprehension

- ▶ Use of engagement strategies to increase student comprehension in literary and informational text.
 - Why? SBAC 70% informational text, 30% literary text
- ▶ Started with the presentation at the October waiver day.
- ▶ Progress monitor students using either MAP test or Gates MacGinitie reading test. This testing can also be used for the year end summary data.

Vocabulary

- ▶ Common academic vocabulary aligned to common core. (SBAC stems)
- ▶ Also, Tier 2 common content area vocabulary. (SBAC: academic/tier 2 vocabulary)
- ▶ Teacher practice: teach, reinforce, assess. explicit instruction (Anita Archer)

Vocabulary

- ▶ Student progress monitoring using SBAC stems for common academic vocabulary.
- ▶ Student progress monitoring using common assessments in content areas for Tier 2 common content area vocabulary.
- ▶ For Title I year end summary data, compare beginning of 2nd semester and near end of year vocabulary knowledge.

Writing Summaries

- ▶ Adapt Language Arts department template and rubric to other content areas.
- ▶ Progress monitoring during 2nd semester in all content areas, 3–4 samples.
- ▶ For Title I year end summary data, compare starting writing sample with best writing sample during 2nd semester.

How We Are
Meeting Our
Goals...

Using research such as the DuFour “Four” as the driver for system improvements in teaching and learning.

Student Learning

School Climate

A positive and safe school environment that recognizes the contributions and needs of all stakeholders.

Time & Support

Creating a school-wide support structure using time as the variable, not learning.

CORE / Choice

- CORE/CHOICE is an intervention time that occurs between 2nd and 3rd periods every Tuesday through Friday for 25 minutes. Monday we have PLC time in the morning.
- A mandatory academic support time for failing students (CORE)
- A flexible chunk of time for students meeting our expectation for learning (Choice)
- CORE tights: 1) take attendance everyday at the bell and mark students tardy but do not send them to the attendance office, 2) no hall passes during CORE time, 3) students need to be working and on task, 4) students need to communicate with teachers prior to being allowed to go to another teachers class during CORE
- CHOICE tights: 1) students are allowed in the library, commons, computer lab, gym, career center, or teachers classrooms, 2) students must stay in the CHOICE location for the entire 25 minutes, 3) no students allowed in the hallways

WHAT IS CORE?

- CORE has supported our transition to a standards based teaching and learning environment.
- CORE has allowed us to monitor and place students who are struggling academically within a given instructional area so that the student can retake, redo, and re-learn.
- Provides time on a daily basis to work on daily assignments, complete homework, participate in enrichment activities, and get additional support for learning.
- CORE has assisted students in raising their grades and in turn make adequate progress toward on-time graduation.
- Allows for immediate remediation and support.

CORE Data Over Time

CORE/Choice is working but we need
MORE. What can we do?

LIONS DEN!!!

We looked at MAP score, grades, teacher recommendations for incoming 9th graders that were well below grade level in reading, writing and math.

CELEBRATIONS and RECOGNITION...

- We have incorporated a recognition assembly by grade level two times a year, one at the end of first semester and one at the end of second semester.
- Students who have improved their grade point average are recognized and are brought up on stage and given a certificate.
- We also implemented a student of the month recognition. Every month, each department nominates a student and that student is given a certificate and a donut. The student gets their picture taken with the principal and that picture hangs on a bulletin board for the month.
- Good Newsletters are also sent home. These letters are completed by teachers and are signed by the teacher, principal, and assistant principals and are mailed home to parents.

- C2G Assembly – Commit to Graduate
- Mike Smith (motivational speaker)
- Student Recognition – Monthly Student of the Month Luncheon
- Renaissance = Artist of the week
- Winter Wishes
- Lion Crew
- 9th grade Student Led Conferences
- Senior Portfolio and Presentation
- Multicultural Fairs 2 to 3 times per year

Kyla Klasen, Senior at AMHS

Kyla is involved in Lifeteen – Feed the homeless, Care Packages for teens, Adopt a Road, Thanksgiving Food Drive, Key Club: Toy Drive and Blood Drive, Friends of Tanzanian Orphans, First Robotics, Young Life leader at Rainier Middle School, Auburn Mountainview High School ASB President. Kyla has just been selected as the Comcast Leaders and Achievers Scholarship.

Student of the Month

2 times per year the AMHS Multicultural club hosts a fair during lunch with a culminating event assembly in the spring. Over 500 students participate in booths and or performances from their native country. The club has also performed at multiple elementary schools in the Auburn School District.

(DRAFT 12-10-14)

FAMILY ENGAGEMENT

It is the policy of the Auburn School District board of directors to encourage and support family involvement in education at home, in our schools and communities, and in school governance. The board recognizes the diversity of family structures, circumstances, and cultural backgrounds and respects families as important decision makers for their children's education. The board is committed to the creation and implementation of culturally inclusive and effective school-family partnerships throughout the school district and in each school and believes these partnerships to be critical to the success of every student. The district's family involvement efforts will be comprehensive and coordinated.

The board recognizes that family involvement in education has a positive effect on student achievement and is an important strategy in reducing achievement gaps. The intent of this policy is to create and maintain a district-wide climate conducive to the involvement of families and to develop and sustain partnerships that support student learning and positive child and youth development in all schools.

The board is committed to professional development opportunities for staff and leadership to enhance understanding of effective family involvement strategies. The board also recognizes the importance of administrative leadership in setting expectations and creating a climate conducive to school-family partnerships.

In support of the implementation of this policy, a copy will be distributed to all schools, school staff, families, teachers and community members. Further, the district will provide support and guidance to parents and teachers as they plan and implement effective family involvement efforts.

The Auburn School District board of directors supports the development, implementation, and regular evaluation of family involvement efforts that includes parents and family members at all grade levels in a variety of roles. The district will use the results of the evaluation to enhance school-family partnerships within the district.

TITLE I PARENTAL INVOLVEMENT

The board recognizes that parent involvement contributes to the achievement of academic standards by students participating in district programs. The board views the education of students as a cooperative effort among school, parents and community. The board expects that its schools will carry out programs, activities and procedures in accordance with the statutory definition of parental involvement. Parental involvement means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring that parents:

- A. Play an integral role in assisting their child's learning;
- B. Are encouraged to be actively involved in their child's education at school; and
- C. Are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.

The board of directors adopts as part of this policy the following guidance for parent involvement. The district shall:

- A. Put into operation programs, activities and procedures for the involvement of parents in all of its Title I schools consistent with federal laws including the development and evaluation of policy. Those programs, activities and procedures will be planned and operated with meaningful consultation with parents of participating children;
- B. Provide the coordination, technical assistance, and other support necessary to assist participating schools in the planning and implementing of effective parent involvement activities to improve student academic achievement and school performance.
- C. Coordinate and integrate Title I parental involvement strategies with parent involvement strategies under other programs, such as Head Start, Even Start, Parents As Teachers, Home Instruction, Preschool Youngsters, State-run preschools;
- D. Conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of this policy in improving the academic quality of the schools served with Title I funds including: identifying barriers to greater participation of parents in Title I-related activities, with particular attention to participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children; and

Auburn School District No. 408

2014-15 Citizens Ad Hoc Committee Charge

Introduction

Over the years, the Auburn community has remained dedicated to the support of a quality education program for all children. This dedication has resulted in mutual planning involving board members, staff, and lay citizens. Auburn can be proud of the excellent programs, facilities, and staff it has provided in support of a quality education program for their students.

The Board of Directors utilizes a strategic planning process along with annual goals to set future direction for the district. The board is dedicated to the preservation and improvement of Auburn's school programs and to continued citizen involvement in planning for the education of our district young people. It is with this commitment in mind that the board has directed the superintendent to form an Ad Hoc lay citizens committee to develop recommendations regarding specific issues that confront the district. These non-standing committees will complete their charge within the stated time period and will then terminate their activities.

The Ad Hoc Advisory Committees of Lay Citizens are brought together to study specific concerns and problems as charged by the Board of Directors and to recommend alternative solutions to each consideration by the board. The committee will examine the enrollments, capacity and future needs of the schools in the district and determine how to best accommodate the growing population and to incorporate the legislative changes in class size that are putting further pressure on the existing facilities. The committee is commissioned by the board and will report their findings and recommendations directly to the board.

To accomplish this work, there will be two distinct sub-committees. One will address the attendance areas and the other will address the facility and capacity needs. In order to avoid confusion, duplication of effort, and ensure completion of the study within a prescribed time limit, it is necessary to thoroughly describe the role of the committee involved in the process.

Attendance Area Sub-Committee

Population and enrollment continues to increase within the district. Over the past three years, the district has grown by 914 students. In 2013 the district moved to full-day kindergarten and the legislature began to fund the implementation of HB 2276 moving to reduce class size. Consequently, the growth in student population and changes in class size necessitate a review of elementary and middle school attendance areas. Additionally, there are population and enrollment shifts that require a review and balancing of enrollment. The committee will also examine interim facility needs to accommodate needed teaching spaces.

Per School Board Policy 3130, the following factors must be considered by the committee in making recommendations:

1. Minimizing the disruption of the students and maintaining learning programs.

2. Maintaining established neighborhood groupings.
3. Retaining siblings in the same school.
4. Maintaining relationship with the middle school and/or high school attendance area.
5. Adjusting class loads to available space.
6. Coordinating transportation routes within attendance area.

Also, the committee should ensure reasonable socio-economic parity and ethnic balance is maintained throughout the district.

During the winter and spring of 2015, the Attendance Area Committee is asked to review the boundaries of each of the elementary and middle schools, and to make recommendations to the school board for accommodating student enrollment in the Auburn School District through the 2018-19 school year.

Facilities Sub-Committee

In order to accommodate the enrollment growth and future changes in class size in the Auburn School District, the Facilities Sub-Committee is charged with examining existing facilities, need for new facilities and making recommendations to accommodate the growth and class size reductions over the next 10 years.

The board is firm in its commitment to the current grade level organization of K-5, 6-8, and 9-12. Therefore, review of the grade level organization is not a part of the committee's charge.

As guided by School Board Policy 6900, the board has identified the following which need the Citizens Ad Hoc Committees' attention and recommendation:

1. A review of the conclusions and recommendations of 1985, 1995, 2002, and 2005 Ad Hoc Committees and Facility Master Plan Study 2008 related to accommodating enrollment growth. This includes a review of possible financing plans for new facilities.
2. Develop recommendations for accommodating enrollment growth for the next 10 years if new schools are not built.
3. Develop recommendations regarding the district's aging schools and addressing building and program deficiencies.

Committee Structure and Responsibility

The committee will respond to each charge. The initial meetings of the committees will be conducted by the administration to provide information on present enrollment and projections, budgetary understandings, an overview of present facilities and their capacities, and an overview of the current school program. A composite Steering Committee formed of representatives of the two sub-committees will report recommendations to the board at the second meeting of the School Board on April 27, 2015. The committee may extend their charge into fall of 2015 due to late and significant legislative action.

The board, as the elected representatives of the community and the body legally responsible to the community and legislature for the orderly operation of the schools, shall be the final determiner in this process. Board members will analyze each report carefully, evaluate each

recommendation thoroughly, and adopt the appropriate course of action based on all information available. The board directs the committees to reach a consensus regarding all recommendations; however, in instances in which consensus seems impossible, the board will consider minority reports submitted by the committees.

The professional staff will serve as a resource, liaison, and organizational base to the lay committees. They will provide the committees with information, consultation, professional theories and practices of education, advice regarding the district's operations, and handle organizational and administrative detail. The professional staff may have their own opinions regarding the specific concerns and resolutions to issues outlined in this charge and may also separately report to the board their recommendations and solutions. However, for the credibility and effectiveness of the Ad Hoc Committees, the professional staff's effort will be toward enabling completion of the study within the prescribed time limit and achieving well thought through results.

The Ad Hoc Committee process has been used in the Auburn School District previously (1975, 1985, 1995, 2002, and 2005) and has provided quality direction to the board in their decision-making process. The board and district patrons appreciate the time and energy that individual committee members are willing to give to these citizen committees.

DATE: December 22, 2014

SUBJECT: Board sub-committee assignments and representatives--2014-15

The work of board subcommittees (two persons) is basic to the work of the total board. It also assists the administration in planning and expediting administration processes and meeting important timelines. Representation of the school board on district, regional, and state associations provides the entire board with the contextual information.

The following board subcommittee assignments and board representatives are my recommendations for the 2014-15 year. Should you have any concerns, please contact me.

Board Subcommittee--Capital Projects—Anne Baunach and Laurie Bishop

Board Subcommittee--Certificated Negotiations--Ray Vefik and Carol Seng

Board Subcommittee--Classified Negotiations—Ryan Van Quill and Anne Baunach

Board Subcommittee--Board Policy—Ray Vefik and Ryan Van Quill

COMMITTEES

BOARD SUBCOMMITTEES

Purpose

The Auburn School District Board of Directors recognizes that for efficiency and effectiveness, not all of its work can be done as a whole group. Therefore, each year, board members are appointed, by the Board president, to various subcommittees.

Subcommittee work develops the expertise of board members for the enhancement of whole board governance. The subcommittees assist the administration in planning and expediting administrative processes and meeting important timelines. Each subcommittee provides reports and updates to the whole board for the purpose of governance, student learning, creating conditions for success, accountability, and community engagement.

Structure and Design

Membership: Each year, the board president will appoint no more than two members to each of the board subcommittee. The superintendent, or his designee, will determine the district participants on each of the subcommittees.

Meeting Schedule: Each subcommittee will meet on an “as needed” basis. Each subcommittee will establish a meeting time and length that is effective for important initiative and project review, as well as designated time for in-depth questions, clarifications and explanations. A standing agenda is recommended to ensure that the meetings address the most important topics.

Responsibilities: The subcommittee will report important information to the whole board as part of the school board agenda as needed.

Priorities of Board Subcommittee

Each board subcommittee will establish with the Superintendent or his designee, important priorities as aligned to board goals, standards and strategic plans. Subcommittee work will represent the priorities of the whole school board. Significant fiduciary expenditures for initiatives and projects are priority issues for timely subcommittee review. When there are important initiatives and/or topics, the subcommittee should recommend that a workshop be scheduled to include all board members.

.

INFORMATION

1. The Monday, January 5, enrollment is included in the board background material.
