## What are the SIP Goals achieved/not achieved?

- Systematically and explicitly teach Tier II vocabulary as it relates to content and academic vocabulary.
- Implement explicit computational fluency instruction
- Implement explicit communication of learning targets before and throughout daily lessons.
- Increase the cultural responsiveness of our school as measured by the perceptual surveys of students, parents and staff.

## What was learned from our annual needs assessment?

- Adjusting to Changes required for CCSS and the new SBAC state assessment
- ELA: Tier II Vocabulary for new reading passages
- Math: adjusted computational fluency instruction as a component of the District's Balanced Math Program
- Climate: Cultural Responsiveness is an ongoing need focusing on diversity with our changing population.

# GOAL I ELA

Systematically and explicitly teach Tier II vocabulary as it relates to content and academic vocabulary.

1. In PLCs, use Principal hours, and/or staff meeting, staff will develop a strategy to create common leveled vocabulary with content and academic Tier 2 words
2. In classrooms, teachers will provide vocabulary instruction utilizing newly acquired strategies based on research-based training of most current best practice.
3. Teachers will assess students' application of Tier 2 vocabulary in every day reading, writing, and speaking in all subjects.

# GOAL II MATHEMATICAS

## Implement explicit computational fluency instruction

1. Teachers will provide explicit instruction based on students' computational fluency needs for an average of 15 minutes per day.
2. Teachers will provide multiple opportunities to practice instructed skills.
3. Teachers will engage students in tracking their own progress in math fact fluency.

## Implement explicit communication of learning targets before and throughout daily lessons.

1. Teachers will post student friendly learning targets ( "I can" statements) in classroom.
2. Teachers will state current learning targets at the beginning of the lesson and throughout the lesson.
3. Teachers will engage students in self assessing where they are in relation to learning targets.

## GOAL III CLIMATE

Increase the cultural responsiveness of our school as measured by the perceptual surveys of students, parents and staff.

1. Training opportunities will be arranged to give AJ staff a better understanding of the multiple cultures represented in our school.
2. Staff will use BDD to identify resources that relate to cultural diversity and are currently available in our school and District.
3. Teachers will explicitly discuss text-to-self connections with common core literature when reading in class.

# Input: CEE Surveys

Utilize new perception data in comparison to 2010 and 2012 data to formulate adjustments to our revised SIP with broad-based participation.

Memo of Understanding  
Participation within VEBA at Retirement  
Auburn Association of Washington School Principals

Auburn School District No. 408 ("Employer") has adopted the health reimbursement arrangement (HRA) plans offered and administered by the Voluntary Employees' Benefit Association Trust for Public Employees in the State of Washington (collectively the "Plans"): the Standard HRA Plan, which shall be integrated with the Employer's group medical plan and to which the Employer shall remit contributions only on behalf of eligible employees who are enrolled in or covered by the Employer's group medical plan; and the Post-separation HRA Plan to which the Employer may remit contributions on behalf of eligible employees, including eligible employees who are not enrolled in or covered by the Employer's group medical plan, and which shall provide benefits only after a participant separates from service or retires. Employer agrees to contribute to the Plans on behalf of all employees in the **Auburn Association of Washington School Principals** ("Group") defined as eligible to participate in the Plans. Each eligible employee must submit a completed and signed Enrollment Form to become an eligible participant and become eligible for benefits under the Plans.

**Sick Leave Contributions – Retirement or Separation from Service:**

Eligibility for contributions at retirement or separation from service is limited to employees who retire or separate from service with leave cash-out rights during the term of this agreement

**Mandatory Employee Contributions:**

The District and the Group agree that the Group's compensation package will be changed such that eligible employees shall receive additional benefits in the form of VEBA Plan contributions equal to \$100, which shall be contributed on a monthly basis, and each eligible employee's salary shall be reduced by an equal amount. Such contributions shall be made on behalf of all group employees defined as eligible and shall be considered and referred to as employer contributions.

It is agreed between the parties that at the time of separation from school district employment due to retirement, an eligible employee will receive non-monetary remuneration at a rate equal to one (1) day's current monetary compensation of the employee for each four (4) full days accrued leave for illness or injury up to a maximum of one hundred eighty (180) days in the form of post-retirement medical benefits consistent with the terms and conditions of participation within VEBA.

Should the legislature revoke any benefits granted under this section, no affected employee shall be entitled thereafter to receive such benefits as a matter of contractual right.

It is understood that the terms of this letter of agreement are applicable for the 2014-15 school work year only commencing with the effective date below.

## DRUG-FREE SCHOOLS, COMMUNITY AND WORKPLACE

The board has an obligation to staff, students and citizens to take reasonable steps to assure safety in the workplace and to provide safety and high quality performance for the students that the staff serves.

“Workplace” is defined to mean the site for the performance of work done in connection with a federal grant. That includes any school building or any school premises; any school-owned vehicle or any other school-approved vehicle used to transport students to and from school or school activities off school property during any school-sponsored or school-approved activity, event or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district where work on a federal grant is performed.

For these purposes, the board declares that the following behaviors will not be tolerated:

- A. Reporting to work under the influence of alcohol, illegal ~~chemical substances or opiates~~ **and/or controlled substances including marijuana (cannabis) and anabolic steroids.**
- B. Using, possessing, transmitting alcohol, illegal chemical substances, including **marijuana (cannabis) and anabolic steroids** ~~or opiates~~ in any amount or in any manner on district property at any time **or when involved in a school district activity on or off school district property.** Any staff member convicted of a felony attributable to the use, possession, or sale of illegal **and/or controlled** ~~chemical~~ substances, ~~or opiates~~ **including marijuana (cannabis) and anabolic steroids,** will be subject to disciplinary action, including immediate termination.
- C. Using district property or the staff member's position within the district to make or traffic alcohol, illegal ~~chemical substances or opiates~~ **and/or controlled substances, including marijuana (cannabis) and anabolic steroids.**
- D. Using, possessing or transmitting illegal **and/or controlled** ~~chemical~~ substances, ~~and opiates~~ **including marijuana (cannabis) and anabolic steroids,** in a manner which is detrimental to the interest of the district.

Any staff member who is taking a drug or medication, whether or not prescribed by the staff member's physician which may adversely affect that staff member's ability to perform work in a safe or productive manner, is required to report such use of medication to his or her supervisor. This includes drugs which are known or advertised as possibly affecting judgment, coordination, or any of the senses, including those which may cause drowsiness or dizziness. The supervisor, in conjunction with the district office, then will determine whether the staff member can remain at work and whether any work restrictions will be necessary.

As a condition of employment, each employee shall notify his or her supervisor of a conviction under any criminal drug statute violation occurring in the workplace as defined above. Such notification shall be provided no later than 5 days after such conviction. The district ~~shall~~ **will** inform the federal ~~government~~ **granting agency** within 10 days of such conviction, regardless of the source of the information.

~~Other actions such as notification of law enforcement agencies may be taken in regard to a staff member violating this policy at the district's discretion as it deems appropriate. The district may notify law enforcement agencies regarding a staff member's violation of this policy at the district's discretion or take other actions as the district deems appropriate.~~

## 2014-15 Citizens Ad Hoc Committee Charge

### **Introduction**

Over the years, the Auburn community has remained dedicated to the support of a quality education program for all children. This dedication has resulted in mutual planning involving board members, staff, and lay citizens. Auburn can be proud of the excellent programs, facilities, and staff it has provided in support of a quality education program for their students.

The Board of Directors utilizes a strategic planning process along with annual goals to set future direction for the district. The board is dedicated to the preservation and improvement of Auburn's school programs and to continued citizen involvement in planning for the education of our district young people. It is with this commitment in mind that the board has directed the superintendent to form an Ad Hoc lay citizens committee to develop recommendations regarding specific issues that confront the district. These non-standing committees will complete their charge within the stated time period and will then terminate their activities.

The Ad Hoc Advisory Committees of Lay Citizens are brought together to study specific concerns and problems as charged by the Board of Directors and to recommend alternative solutions to each consideration by the board. The committee will examine the enrollments, capacity and future needs of the schools in the district and determine how to best accommodate the growing population and to incorporate the legislative changes in class size that are putting further pressure on the existing facilities. The committee is commissioned by the board and will report their findings and recommendations directly to the board.

To accomplish this work, there will be two distinct sub-committees. One will address the attendance areas and the other will address the facility and capacity needs. In order to avoid confusion, duplication of effort, and ensure completion of the study within a prescribed time limit, it is necessary to thoroughly describe the role of the committee involved in the process.

### **Attendance Area Sub-Committee**

Population and enrollment continues to increase within the district. Over the past three years, the district has grown by 914 students. In 2013 the district moved to full-day kindergarten and the legislature began to fund the implementation of HB 2276 moving to reduce class size. Consequently, the growth in student population and changes in class size necessitate a review of elementary and middle school attendance areas. Additionally, there are population and enrollment shifts that require a review and balancing of enrollment. The committee will also examine interim facility needs to accommodate needed teaching spaces.

Per School Board Policy 3130, the following factors must be considered by the committee in making recommendations:

1. Minimizing the disruption of the students and maintaining learning programs.

2. Maintaining established neighborhood groupings.
3. Retaining siblings in the same school.
4. Maintaining relationship with the middle school and/or high school attendance area.
5. Adjusting class loads to available space.
6. Coordinating transportation routes within attendance area.

Also, the committee should ensure reasonable socio-economic parity and ethnic balance is maintained throughout the district.

During the winter and spring of 2015, the Attendance Area Committee is asked to review the boundaries of each of the elementary and middle schools, and to make recommendations to the school board for accommodating student enrollment in the Auburn School District through the 2018-19 school year.

### **Facilities Sub-Committee**

In order to accommodate the enrollment growth and future changes in class size in the Auburn School District, the Facilities Sub-Committee is charged with examining existing facilities, need for new facilities and making recommendations to accommodate the growth and class size reductions over the next 10 years.

The board is firm in its commitment to the current grade level organization of K-5, 6-8, and 9-12. Therefore, review of the grade level organization is not a part of the committee's charge.

As guided by School Board Policy 6900, the board has identified the following which need the Citizens Ad Hoc Committees' attention and recommendation:

1. A review of the conclusions and recommendations of 1985, 1995, 2002, and 2005 Ad Hoc Committees and Facility Master Plan Study 2008 related to accommodating enrollment growth. This includes a review of possible financing plans for new facilities.
2. Develop recommendations for accommodating enrollment growth for the next 10 years if new schools are not built.
3. Develop recommendations regarding the district's aging schools and addressing building and program deficiencies.

### **Committee Structure and Responsibility**

The committee will respond to each charge. The initial meetings of the committees will be conducted by the administration to provide information on present enrollment and projections, budgetary understandings, an overview of present facilities and their capacities, and an overview of the current school program. A composite Steering Committee formed of representatives of the two sub-committees will report recommendations to the board at the second meeting of the School Board on April 27, 2015. The committee may extend their charge into fall of 2015 due to late and significant legislative action.

The board, as the elected representatives of the community and the body legally responsible to the community and legislature for the orderly operation of the schools, shall be the final determiner in this process. Board members will analyze each report carefully, evaluate each

recommendation thoroughly, and adopt the appropriate course of action based on all information available. The board directs the committees to reach a consensus regarding all recommendations; however, in instances in which consensus seems impossible, the board will consider minority reports submitted by the committees.

The professional staff will serve as a resource, liaison, and organizational base to the lay committees. They will provide the committees with information, consultation, professional theories and practices of education, advice regarding the district's operations, and handle organizational and administrative detail. The professional staff may have their own opinions regarding the specific concerns and resolutions to issues outlined in this charge and may also separately report to the board their recommendations and solutions. However, for the credibility and effectiveness of the Ad Hoc Committees, the professional staff's effort will be toward enabling completion of the study within the prescribed time limit and achieving well thought through results.

The Ad Hoc Committee process has been used in the Auburn School District previously (1975, 1985, 1995, 2002, and 2005) and has provided quality direction to the board in their decision-making process. The board and district patrons appreciate the time and energy that individual committee members are willing to give to these citizen committees.

## **Distributed Leadership and Continuous Improvement**

# Five Principles of Distributed Leadership

- 1) Purpose of Leadership is the improvement of instructional practice and performance, regardless of role.
- 2) Instructional improvement requires continuous learning.
- 3) Learning requires modeling.
- 4) The roles and activities of leadership flow from the expertise for learning and improvement not from the formal dictates of the institution.
- 5) The exercise of authority requires reciprocity of accountability and capacity.

## **Application for vacant Auburn School Board Position #5**

My name is Jon Hall and I have been a registered voter since I moved to Washington in 2007. I live in District 5 at 12219 SE 307<sup>th</sup> Place. Since 2008 my son has attended Lea Hill Elementary and Terminal Park Elementary, and he is now in the 8<sup>th</sup> grade at Rainier Middle School. My wife and I have been members of the PTA at all three schools. Prior to moving to Washington in 2007 I had spent the previous 15 years as an educator in international schools in Asia.

My qualifications are primarily in my experience in the field of education. I have been a certificated teacher since 1987 and am presently endorsed to teach secondary social studies and ELL. I have a BA in Distributed Studies (Anthropology, History and Philosophy) from the University of Colorado Boulder and an MA in Language, Literacy and Culture from the University of Colorado Denver. From 1990 to 2007 I taught internationally, my first experience being an ESL teacher in a refugee camp in Thailand for one year. From there I moved on to Taiwan where I taught English and social studies at an international school, and in 2003 moved to Japan where I taught English and social studies at a dual language international school in Tokyo. When I returned to the US in 2007 I taught ESL courses at Green River Community College and since 2009 I have been a district-level ELL instructional coach at the central office of the Federal Way School District. I speak Mandarin Chinese, Japanese and Thai and have also studied French, German and Spanish. I have a keen interest in educational policy and reform and have taken away many insights from my experiences working in a variety of settings in the United States and Asia.

My interest in serving on the Board is twofold. I view this position as a great way to continue my growth as an educational leader from a much different perspective than from the classroom or the central office. I also view this as an opportunity to give back to the community and school district that has been very good to my family since we moved to Auburn. My son has been served very well by the three schools he has attended and I appreciate the consistency, focus and vision of the district leadership. In addition to my educational leadership at the district level in Federal Way, I have been an officer on my HOA Board for the past 5 years and enjoy working with a team to serve the needs of a community. I believe that my leadership skills and educational expertise would enable me to become a productive member of the Auburn School Board.

Thanks for your consideration.

Sincerely;

Jon Hall

Auburn School District

Dear Dr. Herren,

After consideration, I have decided to express my interest in the vacant District 5 position on the ASD School Board. As a lifelong resident of Auburn, I have observed much growth which has continually stretched the capacity of our educational institutions – of which I am a product. It is my desire to serve in those areas of our community where we can work to achieve stronger partnerships and increase the opportunities afforded to all those who call Auburn home irregardless of their background, socio-economic status, ethnicity, or age. The school district is a vital and responsible organization in providing care, education and hope to our impressionable children and I believe the charge of the school board would allow me to assist in continuing that great tradition.

Thank you for your consideration.

Sincerely,

Michael Hursh

Mr. Vefik  
President  
Auburn School District Board  
915 4<sup>th</sup> Street NE  
Auburn, WA 98002

Dear Mr. Vefik:

I would like to express my interest in joining the Auburn District School Board as the District 5 representative. I have been an Auburn resident for 17 years and two of my three children are currently students in the district. My eldest child graduated last June from Auburn Mountainview and is now a freshman in college. I have a long history of board service, and have served on both non-profit and for-profit boards. I am currently on the board of Dynamic Family Services (Children's Therapy Center) and on the advisory board at Seattle's SVP (Social Venture Partners). I have served in various roles in our community and have always been committed to service. After much thought and consideration, I feel that I have the time and resources to be a valuable member of the ASD board.

Please forward any formal paperwork or application that is required to formalize my application.

Sincerely,

A handwritten signature in black ink, appearing to read "Ryan Van Quill". The signature is stylized with a large "R" and "V".

## Board Interviews Written Section

**Applicant Name:** \_\_\_\_\_

The following are the three questions that board candidates responded to in writing.

1. What is your definition of quality education?

[illegible]

2. If appointed to the board, what would you attempt to change?

[illegible]

3. This is a situation question. You have heard rumblings in the community for weeks about dissatisfaction with the high school basketball coach. The night before a board meeting, the school team loses another game and your superintendent receives a call from the opposing school district superintendent complaining about the behavior of the students and the coach (who is also a history teacher). As you are organizing to start your board meeting, a large group of angry citizens enter the board room and present the board president with a petition to have the coach fired. They demand immediate action. Glancing at the petition, you see at least 300 signatures. You recognize most of them and know these are reasonable, generally supportive citizens. What do you think the board president should do? What are you going to do?
