

AGENDA FOR BOARD OF DIRECTORS
AUBURN SCHOOL DISTRICT NO. 408
Monday, May 9, 2016

- I. TIME AND PLACE
 - 1. 7 p.m. at the James P. Fugate Administration Building
- II. ROLL CALL
 - 1. Roll call of board members
- III. PLEDGE OF ALLEGIANCE
- IV. AUDIENCE PARTICIPATION
 - 1. Written communications
 - 2. Scheduled communications
 - 3. Unscheduled communications
 - 4. Community groups and organizations
- V. LEGISLATIVE UPDATE
- VI. STUDENT PARTICIPATION
 - 1. Lea Hill Elementary School art display
 - 2. Activity/athletic report
 - 3. Requests for travel
- VII. SCHOOL PROGRAMS AND STUDENT ACHIEVEMENT
 - 1. Instructional technology
 - 2. 2015-18 Auburn High School improvement plan
 - 3. 2016-17 state board waiver application and resolution no. 1216
- VIII. PERSONNEL
 - 1. Certificated and classified personnel report
 - 2. Requests for travel
- IX. BUILDING PROGRAM
 - 1. Resolution No. 1217
 - 2. Authorization to call for bids
 - 3. Cascade and Mt. Baker Middle School improvements project
- IX. FINANCE
 - 1. Vouchers
- X. DIRECTORS
 - 1. Approval of minutes
 - 2. Discussion

LEGISLATIVE UPDATE

The board will discuss legislative items.

STUDENT PARTICIPATION

1. Lea Hill Elementary School Art Display

Ryan Foster, associate superintendent of principal leadership and school programs, will introduce Ed Herda, Lea Hill Elementary School principal, who will introduce Fletcher Pierce, Lea Hill Elementary School teacher, who will introduce Brynn Bennion, Nick Veremiy, and Mathew (Ben) Caillier, students and ASB officers. The students will present the Lea Hill Elementary School art display and answer questions from the board.

2. Activity/Athletic Report–Mt. Baker Middle School Baseball Program

Ryan Foster will introduce Greg Brown, Mt. Baker Middle School principal, who will introduce Bruce Vatne, Mt. Baker Middle School coach, who will introduce Sam Erickson, Javon Forward, and Giovanni Parascondola, students. The students will report on the Mt. Baker Middle School baseball program and answer questions from the board.

3. Requests for Travel

- a. One Auburn High School student requests permission to travel to Kennewick, Friday to Saturday, May 27-28. The purpose of the trip is to compete in the state tennis tournament. Lodging will be at the Hilton Garden Inn, meals will be at local restaurants, and travel will be by rental car. All expenses will be paid by ASB funds. Philip Smetheram, Auburn High School teacher, requests permission to accompany the student. A substitute will be needed for two days.
- b. Two Auburn Riverside High School students request permission to travel to Louisville, Kentucky, Monday to Saturday, June 20-25. The purpose of the trip is to attend the SkillsUSA National Conference. Lodging will be at the Drury Inn and Suites, meals will be at local restaurants, and travel will be by airplane. All expenses will be paid by CTE funds. Jim Wickens, Auburn Riverside High School teacher, requests permission to accompany the students. A substitute will be needed for four days.

Recommendation:

That the above trips be approved as requested.

SCHOOL PROGRAMS AND STUDENT ACHIEVEMENT

1. Instructional Technology: School Highlights--Rainier and Mt. Baker Middle Schools

Vicki Bates, assistant superintendent of technology, will introduce Doug Gonzales, assistant director of instructional technology. Doug Gonzales will acknowledge Ben Talbert, Rainier Middle School principal, and Greg Brown, Mt. Baker Middle School principal, and will also introduce teachers, Ryan Dunham and Chris Wilson of Rainier Middle School, and Jay Kemp and Lindsey Keaton of Mt. Baker Middle School. Mr. Dunham, Ms. Wilson, Mr. Kemp, and Ms. Keaton will showcase examples of technology integration in classrooms and will share how technology is benefiting both teachers and students at their respective schools. This presentation aligns with the 2013-16 District Strategic Plan, Goal 1: student achievement, Objective 4: Technology will be integral to administration and teaching and learning to prepare all students for career, college, and life beyond high school.

2. 2015-18 Auburn High School Improvement Plan

Heidi Harris, assistant superintendent of student learning, will introduce Richard Zimmerman, Auburn High School principal, who will introduce Lori Grimm, Auburn High School assistant principal, and Jason Capps, Auburn High School staff. The team will present the 2015-18 Auburn High School Improvement Plan, share a PowerPoint presentation, and answer questions from the board. This presentation aligns with the 2013-16 District Strategic Plan, Goal 1: student achievement, Objective 2 school improvement plans; and the 2015-16 Stated District Goals, standard III "create conditions district wide for student and staff success."

Recommendation: That the board approve the 2015-18 Auburn High School Improvement Plan.

3. 2016-17 State Board Waiver Application and Resolution No. 1216

Heidi Harris will introduce Brendan Jeffreys, assistant director of student learning, who will present board Resolution No. 1216 – Waiver from Minimum 180-day School Year Requirement and application plan for a waiver from the minimum 180-day school year requirement. Goal 3: Policies and Resource Management, Auburn School District policies and resources are aligned to the strategic plan. Objective 1: The district will prioritize resources to support the strategic plan, provide safe learning environments, close learning gaps, and accelerate academic achievement for every student.

Recommendation: That the board approve Resolution No. 1216 – Waiver from Minimum 180-Day School Year Requirement and application for submittal to the State Board of Education.

Which describes the system of equations below?

$$y = \frac{-2}{7}x + \frac{6}{7}$$

$$y = \frac{-2}{7}x + \frac{6}{7}$$

consistent and independent

inconsistent

consistent and dependent

Submit

Explanation

Which describes the system of equations below?

$$y = \frac{5}{7}x - 5$$

$$y = \frac{7}{5}x + \frac{7}{9}$$

consistent and dependent

consistent and independent

inconsistent

You answered:

inconsistent

A system of two equations can be classified as follows:

- If the slopes are the same but the y-intercepts are different, the system is inconsistent.
- If the slopes are different, the system is consistent and independent.
- If the slopes are the same and the y-intercepts are the same, the system is consistent and dependent.

The first equation is $y = \frac{5}{7}x - 5$, so the slope is $\frac{5}{7}$ and the y-intercept is -5.

The second equation is $y = \frac{7}{5}x + \frac{7}{9}$, so the slope is $\frac{7}{5}$ and the y-intercept is $\frac{7}{9}$.

Wollman Did Nazi That Coming

3/17/16
Period 2

In a small town in central Poland a child name Chaskell Wollman was born in the year 1928. He was living a peaceful life with his parents and sister. In 1939 when the Soviet Union, by agreement with Germany, annexed Staszow and the neighboring area. The Soviets immediately instituted their own administration. This means the extinction of traditional religious and cultural life for the Jewish community. With the suppression of private enterprise, Jewish economic life was destroyed. They were all removed of right and privileges. They would be better off under Soviet rule instead of German rule.

It was then in 1941 when the town started harassing and prosecuting all the jews. But in 1942 the nazis forced forced Chaskell and his family into the ghetto. Now the ghetto was a very bad place because it was a poor area and it was very easy to catch a disease. The apartments tht Chaskell and the rest of the jews that lived in that town had been hiding there for about a year. They did whatever they had to do to survive. The odds were not in their favor, many people died from starvation and disease. Just as you thought they had it got worse on 1942 November 8th, the ghetto was distinguished by the Nazis. It was a horrible situation to experience as a boy his age. Being forced out and beaten by the Germans, while being taking away from what is your only home and sent to a concentration camp to die. He was truly terrified. He could only savor the moment for a little, being with his family for the last time. No child should have gone through such horrible times. As they were being transported, Chaskell's father attempted to escape by jumping off the train but was shot to death.

After they arrived Treblinka Extermination Camp, Chaskell, his mother, his sister, and the rest of the jews that were taken had all been gassed. It was a life undeserved for the boy. To live in such a corrupted world and being terrorized by people who have their beliefs that what they were doing was the right thing. No jew deserved what they got.

add strong sensory detail Describe the apartment in the ghetto in a way that helps me see how bad it was. A disease? Like what?

School Improvement Plan 2015-2018

AHS's Mission and Vision

Mission

To **RAISE** learning outcomes for students through:

- (R)** Rigor with Relevance
- (A)** Academic Standards
- (I)** Inclusive Community
- (S)** Skill Development and
- (E)** Ethical Citizenship

Vision

To **empower** diverse individuals to become successful life-long learners.

Demographics

Demographics

**Auburn High School
Demographic Data**

Literacy

Grade 10 Reading: Overall

Math (EOC1)

Grade 9 EOC-Math-1: Overall

Math (EOC2)

Grade 10 EOC-Math-2: Overall

Goal 1 Literacy: The gap between Auburn High School 11th grade students and the State will decrease by at least 2% per year from -6.9% in 2014 (based on 10th grade HSPE) to a gap of less than 1% by 2018 as measured by the new SBA Literacy assessment at 11th grade.

Target Population- <i>based on demographic, discipline and attendance data analysis:</i>	All students at AHS, with particular focus on at risk students and subgroups, including low income, ELL and Special Education.
Action Step 1	SWT 2 All classroom teachers will use research based strategies to explicitly teach, reinforce, and assess cross curricular academic vocabulary aligned with the CCSS and Tier II content vocabulary.
Action Step	SWT 2 To increase comprehension of text, all classroom teachers will explicitly teach, model, and assess summary (summarizing). Aligned to CCSS #2 for Reading, Central Idea and Summary.

Goal 2 Math: The gap between Auburn High School 9th grade students and the State will decrease by at least 8% per year from -22.4% in 2014 to +1.6% in 2018 as measured by EOC I (Algebra End of Course exam).

Action Step

All Algebra teachers will implement curriculum focused on identified essential core concepts as well as prerequisite skills for the next course.

Action Step

Provide additional support for at-risk students.

Goal 3: Parent positive perception of Collaboration & Communication and Parent & Community Involvement will increase from 56% and 53% respectively to 85% in both areas by Fall of 2017 as measured by the Educational Effectiveness Survey (CEE).

Action Step	Increase frequency and effectiveness of teacher – parent communication.
Action Step	Restructure Open House and Conference formats to engage more parents and to communicate more effectively.

Comprehensive Needs Assessment

Literacy

- Historically, 20% fewer low income students meet standard than non-low income
- Percent of 10th grade students meeting standards has changed only 6 – 7% from 2008 - 2014
- Consistently achieving below the State, from -3% to -9% over 5 years
- ELL students have fallen short of the AMA01 target for the last 3 years

Comprehensive Needs Assessment

Math

- The percent of 9th grade students meeting standard on EOC1 has been below the State for 4 years
- The percent of 9th grade students scoring at Level 1 on EOC1 has increased over the last 3 years
- The percent of 10th grade students meeting standard on EOC2 has been below the District for the last 4 years

Supportive Learning Environment

- 9th grade students with 1 F has increased from semester 1 to semester 2 each year from 2010 to 2014
- Adjusted 4 year graduation rate decreased from 81.3% (Class of 2012) to 74.7% (Class of 2013)

Highlights of Year 1

Literacy

- Ongoing PD around explicit vocabulary instruction
 - cross curricular academic vocabulary and Tier II content vocabulary

Math

- Cornell notes
 - 60+ percent of students benefit/learn from notes
- Peer tutors in Algebra classes
- Common cyclical assessments

Parent Involvement

- 9th Grade Open House
- Positive parent contact
- Parent contact for students who are failing

Next Steps

2016-2017

1. Awareness and communication of AHS's vision and mission
2. Systematically and effectively use data to create change in our practice that will result in better outcomes for students
 - a. Frequent analysis of student data within departments and across the school to inform teacher practice
 - b. Data conversations are learning focused
3. Provide professional development that raises the sense of urgency amongst all staff that will motivate or move them to be reflective about their classroom practice
4. Continue to strengthen and implement school-wide vocabulary strategies
5. Continue to create PD and implement school-wide summarization strategies to increase comprehension: CLOSE Reading
6. Expand Interventions: 10th Grade SPEAR
7. Hire Attendance Counselor: School-to-Home

Planning Year 2014-2015

Auburn Senior High School

School Improvement Plan

School Improvement Plan Adopted by the Auburn School Board of Directors on *insert school board approval date here.*

September 2013-June 2016
Auburn School District Strategic Plan

Aspiration:

The Auburn School District aspires to be a world-class education system preparing all students to be globally competitive for career, for college, and for life in the twenty-first century.

District Goal 1: Student Achievement

All staff in the Auburn School District provides support, leadership, and guidance to ensure each student meets or exceeds state and district standards, graduates on time, and is prepared for career and college.

District Goal 2: Community Engagements

All staff in the Auburn School District are accountable for engaging its diverse community as partners to support and sustain a world-class education system.

District Goal 3: Policies and Resource Management

Auburn School District policies and resources are aligned to the strategic plan.

Executive Summary – SWT 1

COMPREHENSIVE NEEDS ASSESSMENT

Auburn School District Mission

In a safe environment, all students will achieve high standards of learning in order to become ethically responsible decision makers and lifelong learners.

Auburn School District Vision

The vision of Auburn School District is to develop in students the skills and attitudes that will maximize their potential for lifelong learning and ethically responsible decision making.

School Mission

Auburn High School's mission is to RAISE learning outcomes for students through:

- (R) Rigor with Relevance
- (A) Academic Standards
- (I) Inclusive Community
- (S) Skill Development and
- (E) Ethical Citizenship

School Vision

Empower diverse individuals to become successful life-long learners.

Background Information

WAC 180-16-220

Requirements for School Improvement Plan

Each school shall be approved annually by the school board of directors under an approval process determined by the district board of directors and “At a minimum the annual approval shall require each school to have a school improvement plan that is data driven, promotes a positive impact on student learning, and includes a continuous improvement process that shall mean the ongoing process used by a school to monitor, adjust, and update its school improvement plan.” School Improvement plans must include a brief summary of use of data to establish improvement; acknowledging the use of data which may include DIBELS, MAP, WELPA, Credit Attainment, Enrollment in Honors/AP Courses, CEE Perceptual Data, SAT/ACT, Discipline, and MSP or HSPE.

Stakeholder Input

The School Improvement Team (BLT) is comprised of all department chairs which meets a minimum once a month and when needed twice a month. A Comprehensive Needs Assessment was planned and facilitated by the BLT in December 2014. The BLT followed up with further data review over the next two months. The BLT shared their work with all staff for input and feedback. The BLT will continue to meet at least one time per month to monitor the implementation of the school-wide reform strategies and their impact on student learning.

Highly Qualified Staff – SWT 3

All AHS staff are highly qualified in their subject matter with the exception of five teachers, specifically, two special education teachers; two ELL teachers and one CTE teacher. Each has a plan in place to meet highly qualified criteria.

**ESEA Title I, Part A
Section 1119 Qualifications for Teachers and Paraprofessionals
Verification of Compliance – Principal Attestations**

The Elementary and Secondary Education Act (ESEA) states in Section 1119(i) that each school district shall require the principal of each school operating a program under ESEA Section 1114 - Schoolwide Programs or Section 1115 - Targeted Assistance Schools attest annually in writing that the school is in compliance with the requirements of Section 1119 in meeting personnel requirements for teachers and paraprofessionals. In addition, copies of attestations shall be:

1. Maintained at each school operating a Schoolwide or Targeted Assistance program.
2. Maintained at the main office of the school district.
3. Available to any member of the general public upon request.

Requirements of ESEA Section 1119 –Teachers

- All teachers teaching in this school are highly qualified.

Requirements of Section ESEA 1119 – Paraprofessionals

- All paraprofessionals funded with Title I, Part A funds or employed in a Title I, Part A schoolwide program and assisting with instruction meet one of the three (3) following requirements:
 1. Completed at least 2 years of study at an institution of higher education.
 2. Obtained an associate degree (or higher).
 3. Met a rigorous standard of quality and can demonstrate through a formal state approved assessment, the knowledge of, and the ability to assist in instructing, reading, writing and mathematics, or assisting in instructing and the readiness of above named subject areas, as appropriate.
- All paraprofessionals working in a Title I, Part A funded program, including a Title I, Part A Schoolwide program, have earned a secondary school diploma or its recognized equivalent.
- Title I, Part A paraprofessionals are not assigned a duty inconsistent with duties outlined in Section 1119.
- Paraprofessionals work under the direct supervision of teacher consistent with Section 1119.

Statement of Verification of Compliance with Section 1119 Teacher and Paraprofessional Qualification Requirements

I attest that all teachers and paraprofessionals in this Title I, Part A school meet the provisions of ESEA Section 1119–Qualifications for Teachers and Paraprofessionals for the 2014-2015 school year.

Arbourn High

(Date Signed)

Attestation Form Updated August 2013

High Quality, Highly Qualified Teachers – SWT 5

- AHS participates in the district mentoring program where new teachers are partnered with an experienced staff member for support and guidance.
- Online resources and tools are available for all AHS staff. Staff are encouraged to access these resources to learn more about AHS's policies and procedures such as our mission and vision, building decision-making model, departmental curriculum, critical grading dates, professional development, school culture, standards-based grading, and business office forms.
- All teachers: On PLC Mondays staff meets by department for one hour in-building and district-wide to analyze student work and to increase effective instructional practices.
- District and building professional development hours are used to support the implementation of the Title 1 schoolwide reform strategies and to enhance instructional practice.
- Representatives from each department attend district ATLA training and then return to the building to share learning with all staff.

Demographic Data

Enrollment

Staff reviewed enrollment data, disaggregated by program and ethnicity for 4 years from 2010-11 to 2013-14.

- October enrollment has decreased by 256 students from 1714 in 2010-11 to 1458 in 2013-14.
- SpEd enrollment has remained about the same from 213 in 2010-11 to 218 in 2013-14.
- Low Income enrollment has decreased by 120 students from 881 in 2010-11 to 761 in 2013-14.
- ELL enrollment has decreased by 47 students from 112 in 2010-11 to 65 in 2013-14.
- The percent of students in each ethnic group has remained about the same for 4 years (2010-2014) with a small increase in the Hispanic students (20% in 2010-11 to 23% in 2013-14) and a small decrease in White students (54% in 2010-11 to 49% in 2013-14.)

Athletic Participation

Staff reviewed data, disaggregated by gender and grade level for 4 years from 2010-11 to 2013-14.

- Total number of students participating in Athletics for 4 years has decreased by 107 students from 675 students in 2010-11 to 568 students in 2013-14 (enrollment decreased during the same period).
- Male vs female participation over the 4 year period indicates consistently higher levels of male participation than female, by as many as twice the number of males compared with females.

ASB Cards

Staff reviewed ASB card data, disaggregated by Regular, Reduced, Free and Muckleshoot/Fund a Need Grant for 2 years from 2010-11 to 2012-13.

- Number of ASB cards purchased remained fairly static between 2011-12 to 2012-13 in all categories.

CTE Participation

Staff reviewed participation data disaggregated by gender, ethnicity and program for 2011-12 and 2012-13. Male participants increased from 465 in 2011-12 to 620 in 2012-13. Female participants increased from 411 to 526 during this same period

- By ethnicity White students (466, 2011-12 and 554, 2012-13) and Hispanic students (182, 2011-12 and 275, 2012-13) have the highest participation numbers.

- By Program Tech Prep (776, 2011-12 and 1,006, 2012-13), Low Income (547, 2011-12 and 713, 2012-13) and Nontraditional Enrollees (337, 2011-12 and 577, 2012-13) have the highest numbers of participants.
- Number of participants has increased by 266 students enrolled in one or more CTE courses from 876 in 2011-12 to 1142 in 2012-13.

Discipline and Attendance Analysis

Attendance

Staff reviewed attendance data, disaggregated by ethnicity for 3 years from 2011-12 to 2013-14.

- Overall attendance remained about the same from 88% in 2011-12 to 90% in 2013-14.
- Attendance of Nat Ind/Alsk Nat increased 12% from 76% in 2011-12 to 88% in 2013-14.
- Attendance by the other ethnicities remained about the same for 3 years (2011-2 to 2013-14).

Discipline

This has not been an area of strength for AHS. However, we are creating systems to collect, disaggregate and analyze discipline data quarterly.

Data Analysis- MAPS

LA 9, Algebra and Geometry teachers analyzed 9th grade reading comprehension and math data for the past year. Student growth overall remained fairly constant. However, students enrolled in Language Intervention 9 made on average increases of 7.95 in their overall RIT score from fall to spring or 2 years of growth. The results are significant as these students were identified as some of our lowest performing students.

This has not been an area of strength for AHS. However, we are creating systems to disaggregate and analyze MAPS data following the fall and spring administrations. This will allow all teachers of freshmen to know who their students are who are below standard in reading and math in order to employ instructional practices and scaffolds to assist them with mastering the core standards.

Data Analysis- WELPA

AHS has not met all AMAO targets over the four-year period from 2010-11 through 2013-14. The AMAO 1 target was met only in 2010-11 with 95.8% of ELL students making progress. AMAO 2 was exceeded in 2010-11 and 2011-12 with 24.8% and 11.4% respectively, reaching English proficiency. AMAO 3 (meeting participation/proficiency) was not met in 2010-11 or 2012-13. In 2011-12 and 2013-14 there were fewer than 30 students.

Data Analysis- Credit Attainment, Honors/AP Enrollment

Credit Attainment

Over the past three years, 2010-2013, the percent of ninth graders on target for on-time graduation has remained below 80%.

2010-2011: 75.07%

2011-2012: 69.50%

2012-2013: 77.29%

Graduation

AHS Adjusted 4 Year Cohort Graduation data reveals an increase from 71.8% in 2011 to 75.2% in 2014. Disaggregation of the Adjusted 4 Year Graduation data indicates the following:

- *Low income increased from 63.7% in 2011 to 68.5% in 2014
- *ELL increased from 50.5% in 2011 to 56.5% in 2014
- *Special education decreased from 39.1% in 2011 to 37.8% in 2014

The 4 Year Adjusted Drop Out rate has decreased from 18.1% in 2011 to 17.3% in 2014.

Highlights of disaggregation by subgroup:

- *Low income has decreased from 22.2% in 2011 to 21.8% in 2014
- *ELL has decreased from 36.1% in 2011 to 30.4% in 2014
- *Special education has **increased** from 17.4% in 2011 to 22.2% in 2014

Honors/AP Enrollment

Review of enrollment in AP courses by ethnicity and low income for the years 2012-13 and 2013-14 revealed the following:

- *White and Asian low income subgroup increased from 22 to 74
- *Hispanic/Latino low income subgroup increased from 18 to 49
- *Black/African American low income increased from 7 to 15
- *All Other Races low income subgroup increased from 10 to 30
- *All Med/High Income subgroups increased, except White & Asian which decreased by 4 students

Data for the percent of students passing the AP test with a score of 3+ reveals a **drop** from 53.7% (66 students) scoring a 3+ in 2010 to 32.3% (73 students) scoring a 3+ in 2014. This data reached its peak in 2012 with 60.5% (95 students) scoring a 3+.

Data Analysis- CEE Perceptual Survey

Staff Survey: 2014 Web Graphs were presented to staff. AHS staff positive perception equals or exceeds both High Improving and High Performing high schools in all of the 9 Characteristics except:

- *Clear and Shared Focus
- *Effective Leadership

Analysis of the Summary View comparing 2014 with 2012 indicates little change in the “opportunity” percentages. In areas where these percentages did change, it was not because the positive perceptions increased, but rather that the “seldom true” and “almost never true” increased. For example:

Collaboration & Communication

	2014	2012
Sometimes True	21%	26%
Seldom True	9%	5%
Almost Never True	5%	4%

Student Survey: Web Graph comparing AHS with students in High Performing high schools indicates AHS student positive perception is below in 4 of the 7 Characteristics included in the student survey:

- *Collaboration & Communication
- *Effective leadership
- *Supportive Learning Environment
- *Monitoring of Teaching & Learning

The Summary View of student positive perception reveals a decrease in all 7 Characteristics from 2012 to 2014.

Parent Survey: Parent positive perception of Collaboration & Communication decreased from 64% in 2010 to 56% in 2014 with a high of 84% in 2012. Parent & Community Involvement remained at 53% in both 2010 and 2014, with a high of 81% in 2012.

HSPE Reading

10th Grade HSPE Reading

Grade 10 HSPE data was analyzed. Data was disaggregated by ethnicity, SpED, ELL and Low Income. Level data was included.

Overall performance of grade 10 students for the seven year period has dropped.

- The percent of students meeting standard has decreased from 79.6% in 2008 to 76% in 2014
- Level data for the past 4 years, 2011-2014 has remained static with an average of 45% at Level 4, an average of 30% at level 3, an average of 12% at Level 2 and an average of 10% at Level 1.
- The gap between SpED and Non SpED widened between 2011 and 2013 (SpED data suppressed 2014) with slight increases in Non SpED meeting standard and slight decreases in SpED meeting standard.
- The average gap between Non Low Income and Low Income between 2010 and 2014 is 18%, with a high of 22.3% in 2010 and a low of 12% in 2012.

EOC Math

EOC Math Data for “All for All Grades” was disaggregated by:

- Low Income EOC 1–The gap between low income and non-low income has decreased from 20.8% in 2011 to 14.7% in 2014 because of a decrease in the performance in both subgroups.
- Low Income EOC 2 – The gap between low income and non-low income closed from 2012 to 2014 by a decline in the percent meeting standard in both groups.
- Special Ed EOC 1 – The gap between Sped and non-Sped decreased 49% in 2011 to 23.9% in 2014, again there was a decrease in the percent meeting standard in both groups over four years.

Strand data was reviewed for both EOC 1 and EOC 2 indicating growing gaps between AHS and the State in all strands.

EOC 1(Algebra)

Grade 9

Staff reviewed data for the last four years from 2011-2014. Comparing the percent of Auburn High School 9th graders meeting standard with the percent at the district and state levels revealed the following:

- Auburn HS has performed below the district and state for all four years.
- The percent meeting standard has decreased from 36.9% in 2012 to 36.7% in 2014.
- Analysis of level data indicates a 10% decrease in Levels 1 & 2 from 74% in 2011 to 64% in 2014.

Grade 10

Data over four years indicates an increase in percent meeting standard from 60.6% in 2011 to 75.4% in 2014. Level 1 has decreased from 19% in 2011 to 15% in 2014 and Level 2 from 12% to 7% over the same four years

EOC 2 (Geometry)

Grade 9

The percent meeting standard remained at/or above 90% from 2011-2013, comparable to both the district and the state. Data for 2014 was suppressed by the state.

Grade 10

The percent of students meeting standard increased from 46.7% in 2011 to 75.5% in 2014, with a high of 77.1% in 2012. In 2014 the percent meeting standard at Auburn HS was comparable to the district and the state (1.4% gap between AHS and district and 3.7% gap between AHS and the state).

EOC Science

EOC Science

Grade 9th and 10th EOC Biology data was analyzed. Overall data and level data was included for 2012, 2013 and 2014.

9th Grade EOC Biology

- A decrease of 4.2% in the percent of students meeting standard has occurred from 90.1% in 2012 to 85.9% in 2014.
- AHS 9th grade students meeting standard has consistently been below the district from 2012 to 2014.
- The percent of students scoring a Level 4 has decreased from 42% in 2012 to 31% in 2014.
- The percent of students scoring a Level 3 has increased from 48% in 2012 to 55% in 2014.
- Over the last 3 years the percent of students scoring at Level 1 and 2 has increased from 10% in 2012 to 14% in 2014 with a high of 16% in 2013.

10th Grade EOC Biology

- The percent of students meeting standard has increased 23.1% from 42.6% in 2012 to 65.7% in 2014.
- The percent of students scoring at Level 4 has increased 8% from 8% in 2012 to 16% in 2014.
- The percent of students scoring at Level 3 has increased 14% from 34% in 2012 to 48% in 2014.
- The percent of students scoring at Level 2 has decreased 20% from 44% in 2012 to 24% in 2014.
- The percent of students scoring at Level 1 has decreased 6% from 13% in 2012 to 7% in 2014.

HSPE Writing

10th Grade HSPE Writing

Grade 10 HSPE data was analyzed. Data was disaggregated by ethnicity, SpED, ELL and Low Income. Level data was included.

- Little change over 7 years in the percent of students meeting standard with 86.1% in 2008 and 86.3% in 2014.
- Level data for the past 4 years, 2011-2014 has remained static with an average of 38.5% at Level 4, an average of 44.5% at Level 3, an average of 8% at Level 2 and an average of 5% at Level 1 (Each of the years has included a per cent not tested).
- The percent of Low Income students meeting standard has increased from 64% in 2008 to 66.8% in 2014, with an average gap of 19.8% when compared to non low income students.
- The percent of SpED students meeting standard has ranged from 40.2% in 2008 to 62.3% in 2014, an increase of 22.1%.
- The percent of ELL students meeting standard has increased 12.2% from 22.2% in 2008 to 34.4% in 2014.

Parent Involvement – SWT 6

AHS parent involvement opportunities continue to evolve in order to better equip them to support their students in their high school career. This past year AHS redesigned Open House and Parent-Teacher Conferences by providing breakout sessions that instructed parents on how to navigate many school systems and high school graduation requirements. We will continue to monitor parent participation rates and make adjustments as needed. SMART Goal 3 directly addresses increased parent engagement and communication.

- Writer's Block Coaching Night: Parents of students in American Literature who were struggling with writing were invited to learn how to support their student in the writing process by utilizing the coaching guide.
- Future Freshman Night: This is a way to connect with incoming students and their parents. Students signed up for their electives and breakout sessions were provided on graduation requirements and AP/Honors information.
- Title 1 Parent Involvement and Communication was facilitated at the building level throughout the year. At Open House parents and guardians completed the Title 1 Program Parent Survey. End of year Parent Survey was mailed home to parents of students in the 9th grade SPEAR program. This information will be used to help improve our Title programs and practices. The Parents Right to Know Letter, Student/Parent/ School Compact and Title 1 Schoolwide letter were sent home with the Federal Survey forms. In the fall parents completed the Center for Educational Effectiveness Survey (CEE). Parent involvement was further enhanced by making available to all parents the following information: AHS School Quarterly Newsletters; Monthly Parent Newsletters from the Parent Institute, student progress reports, parent-teacher course failure contacts, state testing score reports and ASD Monthly Newsletters.

Student Transitions – SWT 7

8th-9th Grade Transition:

- Individual invitations are made to incoming freshmen by our Troy Crew Leaders (11th and 12th graders). Troy Crew members are each responsible for facilitating a small group of incoming ninth graders during Freshmen Orientation.
- Future Freshmen Night-March 31, 2015
 - Students and parents have the opportunity to meet staff and learn about academic programs, clubs, activities and athletics and tour the building.
 - Incoming freshmen register for their elective classes.
 - Transportation is provided for parents and students at Cascade and Olympic Middle Schools.
- Resource Room teachers host a parent night at Olympic and Cascade middle Schools for incoming freshmen.
- SLC teachers host a parent night for incoming freshman at AHS.

SIP Template

- Incoming SLC freshmen visit AHS in June.

9th -10th Grade Transition:

- Counselors complete credit checks for students during registration.
- LA 9 teachers identify students who would benefit from taking Writing Lab in conjunction with LA 10. Counselors schedule targeted students.
- ELL teachers review WELPA scores and academic progress to determine individual student's language placement needs.

10th- 11th grade Transition:

- Counselors' complete credit checks for students during registration; identify students who have not met standard on state assessments; and identify students who would benefit from summer school to maintain on-time graduation status.
- 11th-12th grade Transition: Counselors complete credit checks for students during registration; identify students who have not met standard on state assessments; and identify students who would benefit from summer school to maintain on-time graduation status.
- ELL teachers review WELPA scores and academic progress to determine individual student's language placement needs.
- Career Center Counselor meets with students and families throughout the year regarding post-secondary options.

12 grade year:

- In the fall counselors meet with each senior to complete a credit check, review graduation requirements and discuss post-secondary plans.
- Career Center Counselor meets with students and families throughout the year regarding post-secondary options.
- Seniors and their families participate in ASD College Night
- Seniors complete a Post-Secondary Survey in June.
- Counselors meet with non-graduating seniors and their families to create a plan to meet graduation requirements.

12th grade SLC – Post High School Transition:

- In the spring the IEP team meets to determine the student's course of study which may include transitioning to TAP (18-21 year old program), a blended program (SLC and Community Lab or SLC and TAP) or graduation.
- In August TAP teachers host a parent night (ice cream social) for seniors transitioning to TAP.

Assessment Decisions – SWT 8

Staff at AHS review and analyze state assessment data in relation to the standards in August and early fall collectively and by department to identify strengths and challenges. The data is further discussed and evaluated within PLCs to identify gaps in the curriculum, lesson design,

SIP Template

instructional practices and assessments. Modifications and adjustments are made to close the gaps coupled with the regular review of student work.

This is an area which needs to be strengthened to ensure the consistent and ongoing use of student data by all teachers. We are creating systems to assist staff with collecting and analyzing student data regularly to inform and guide instructional decisions.

Effective, Timely Assistance– SWT 9

Auburn High School
2014 / 2015 Pyramid Response to Interventions

Prioritized Challenges

Literacy: The data consistently shows that 20% fewer low income students meet standard on the WASL/HSPE Reading assessment than non-low income students from 2005 to 2014

The range of grade 10 students meeting or exceeding has not changed more than 6-7% (73.4% in 2010) and (79.7% in 2009) since from 2008-2014.

We are consistently achieving below the State ranging from -3 percent in 2009 to -9 percent less in 2012-2013 and 2013-2014 in the comprehension skills, summarizing, inferring/predicting main ideas and vocabulary.

The strand data for **informational text on the Reading** HSPE shows that in 2013-2014 Auburn High School scores were 76.4 passing/exceeding rate, as compared to the state's score of 84.8. The trend has shown a variance of AHS scoring between 4-9% below the state average over the last five years.

The per cent of AHS ELL students making progress in language proficiency (AMAO 1) has been below the target for the last 3 years: -3.7% in 2012, -6% in 2013, and -26.6% in 2014.

Math: The per cent of 9th grade students meeting standard on EOC 1 (Algebra) has been below the State for the last 4 years: - 31.7% 2011, -16.3% 2012, -20.7% 2013, -22.4% 2014.

The per cent of 9th grade students scoring at Level 1 on EOC 1 (Algebra) has increased over the last 3 years 14% in 2011 to 30% in 2014

The per cent of 10th grade students meeting standard on EOC 2 (Geometry) has been below the District for the last 4 years: -6.4% 2011, -4.2% 2012, -6.5% 2013, -1.4% 2014.

Supportive Learning Environment/ Graduation Rate: The number of 9th grade students with 1 F has increased from 1st semester to 2nd semester over the school years 2010-11 from 68 to 71; 2011-12 from 74-79 and 2013-14 from 46-54.

Between 2012-13 and 2013-14 school years attendance percentage for Native American students rose 12 percent.

In 2014-2015 the number of low income students taking 1+ AP classes increased from 2013-2014 in all represent races. The Black/African American group increased from 7 to 12 students, the Hispanic/Latinos group increased from 18 to 43 students and the White and Asian group increased from 22 to 70 students.

The adjusted 4 year graduation rate at AHS decreased from 81.3% for the Class of 2012 to 74.7% for the Class of 2013.

Other than the class of 2012, our graduation rate has decreased at least 5% since 2010.

Rationale for SMART Goals:

Using components from your Executive Summary, write a rationale including the research, resources, and achievement gap analysis that determined your SMART Goals.

SMART Goal 1:

The gap between Auburn High School 11th grade students and the state will decrease by at least 2% per year from -6.9% in 2014 (based on 10th grade HSPE) to a gap of less than 1% by 2018 as measured by the new SBA Literacy assessment at 11th grade.

SMART Goal 2:

The gap between Auburn High School 9th grade students and the State will decrease by at least 8% per year from -22.4% in 2014 to +1.6% in 2018 as measured by EOC I (Algebra End of Course exam).

SMART Goal 3:

Parent positive perception of Collaboration & Communication and Parent & Community Involvement will increase from 56% and 53% respectively to 85% in both areas by Fall of 2017 as measured by the Educational Effectiveness Survey (CEE).

Needs Assessment Data Documents

In this section include all supporting documents you used to write your SMART GOALS and ACTION STEPS.

These documents include but are not limited to:

- DIBELS Dashboard
- MAP Data Dashboard
- WELPA results
- Credit Attainment Dashboards
- Honors/AP Dashboards
- CEE Spider chart
- SAT/ACT results
- Discipline Dashboards
- Demographic charts
- AYP Results
- MSP/HSPE/EOC Results and trend charts
- Other data

AHS AMAO Trend Data (WELPA)

	Met All 3	AMAO 1	Target/ Met	AMAO 2	Target/ Met	AMAO 3	
						Reading	Math
2013-14	NO	63 41.2%	67.8% NO	0 0%	7.7% NO	NR*	NR
2012-13	NO	52 61.5%	67.5% NO	3 4.1%	7.4% NO	NO	NO
2011-12	NO	66 54.5%	67.2% NO	9 11.4%	7.1% YES	NR	NR
2010-11	NO	96 95.8%	66.7% YES	26 24.8%	13.3% YES	NO	NO

- **AMAO 1** – Students making progress in language proficiency as measured by Spring WELPA
- **AMAO 2** – Students attaining English proficiency by scoring at Language Level 4 on WELPA
- **AMAO 3** - ELL Students meeting participation/proficiency on State Assessments (Reading and Math)
- ***NR** – “number less than required” (fewer than 30 students in the AYP cell)

SMART Goal 1

Subject Area: Literacy

School Name:	Auburn High School
Target Population- <i>based on demographic, discipline and attendance data analysis:</i>	All students at AHS, with particular focus on at risk students and subgroups, including low income, ELL and Special Education.
Our Reality- <i>based on assessment data analysis:</i>	Gap between AHS and the State on the 19 th Grade Reading HSPE: 2011- 7.5%, 2012 – 3.7%, 2014 – 6.9%
Our SMART Goal- <i>based on target population and your reality:</i>	The gap between Auburn High School 11 th grade students and the state will decrease by at least 2% per year from -6.9% in 2014 (based on 10 th grade HSPE) to a gap of less than 1% by 2018 as measured by the new SBA Literacy assessment at 11 th grade.

Action Plan

Action Step	SWT 2 All classroom teacher will use research based strategies to explicitly teach, reinforce, and assess cross curricular academic vocabulary aligned with the CCSS and Tier II content vocabulary			
Evidence of Implementation	Evidence of Impact	Timeline	Resources	Responsibility
Explicit vocabulary instruction will include: • New words introduced weekly with picture, definition, sentence • Multiple exposures to meaning with examples/non-examples • Posted in the classroom, i.e. Word Wall • Brief review integrated into daily instruction • Cumulative assessments (each new assessment includes words previously assessed)	Integrate cross curricular academic <u>and</u> Tier II content vocabulary into CBA's at least monthly and into cumulative assessments quarterly MAP data, Fall/Winter/Spring State assessment data	Initial professional development in explicit vocabulary instruction and assessment, Spring/Summer, 2015 Booster PD Sessions to be scheduled for 2016/2017 Analyze student data from monthly and quarterly assessments in PLCs Analysis of Fall and Spring MAP data Analysis of state	Cross curricular academic vocabulary list identified by department and BLT, Spring 2015 Title I Funds Building Hours Principal Hours	Admin Team to Lead Implementation & Impact All Teachers Dept. Chairs to lead PLC work Building Leadership Team to Monitor Implementation & Impact

SIP Template

		assessment data August/September		
Action Step	SWT 2 To increase comprehension of text, all classroom teachers will explicitly teach, model, and assess summary (summarizing). Aligned to CCSS #2 for Reading, Central Idea and Summary			
Evidence of Implementation	Evidence of Impact	Timeline	Resources	Responsibility
Explicitly teach text structure: • Description • Chronology/Sequence • Cause and Effect • Problem and Solution • Compare and Contrast The following 4 questions will be used consistently in teaching students to formulate effective summaries: 1.What is the text mostly about? (Topic) 2.How did the author organize the information in the text? (Text Structure) 3.What does the author want us to understand about the topic? (Central Idea) 4.What details help us understand the central idea? (Key Details/Vocabulary) Summary brief writes are integrated and assessed at least monthly into all content instruction Quick summary strategies are embedded in daily classroom lesson design	Students will identify text structure as a way to organize thinking and monitor comprehension Students will orally summarize at regular intervals during instruction (formative assessment) Student summaries are assessed using a common schoolwide rubric Student work is analyzed at least quarterly in PLCs to guide instruction	Initial professional development in summary instruction and assessment, Spring/Summer, 2015 Booster PD Sessions to be scheduled for 2016/2017 Consensus on Schoolwide Summary Rubric Spring 2015	Title 1 Funds Building Hours Principal Hours PLCs	Admin Team to Lead Implementation & Impact All Teachers Dept. Chairs to lead PLC work Building Leadership Team to Monitor Implementation & Impact
Alignment to District Improvement Plan Objectives: Goal 1:1, 1:2, 1:3 and 1:5 Goal 2:1 Goal 3:1				

SMART Goal 2

Subject Area: Math

School Name:	Auburn High School
Target Population- <i>based on demographic, discipline and attendance data analysis:</i>	9 th Grade students enrolled in Algebra. Success in Algebra supports students in Geometry and other upper level math courses.
Our Reality- <i>based on assessment data analysis:</i>	Gap between AHS and the State on EOC I (9 th Grade): 2011 -31.7%, 2012 -16.3%, 2013 -20.7%, 2014 -22.4% (4 year average gap -22.8%)
Our SMART Goal- <i>based on target population and your reality:</i>	The gap between Auburn High School 9 th grade students and the State will decrease by at least 8% per year from -22.4% in 2014 to +1.6% in 2018 as measured by EOC I (Algebra End of Course exam).

Action Plan

Action Step	All Algebra teachers will implement curriculum focused on identified essential core concepts as well as prerequisite skills for the next course.			
Evidence of Implementation	Evidence of Impact	Timeline	Resources	Responsibility
Daily note taking template will include: • Topic • Learning Target • Success Criteria • Resources (book and online) • Vocabulary • 3 to 4 examples • Assignment completed: All students engaged through • Think-Pair-Share or other group work • Students demonstrates/articulate their thinking	Common spiraling assessments will be analyzed at least every 1 to 2 weeks in PLCs (each assessment to include questions on new learning plus questions on 3 previous sections of learning) District developed common core aligned assessments analyzed each semester Increased achievement as measured by MAP and EOC I (State assessment)	Identify essential core concepts – Summer 2015 Develop common Spiraling assessments – Summer 2015 Professional development for the Note taking template and student engagement strategies August 2015 Professional development in effective use of MAP	Prioritize use of FTE to keep Algebra classes under 25 students Title 1 Funds (Summer work) PLC Building Hours Principal Hours	Admin team to Lead the work Building Leadership Team to monitor Implementation and Impact Dept. Chair Algebra Teachers

SIP Template

- Strategies to formatively assess used throughout the lesson - Use of multiple strategies to present skills/concepts - Scaffolding for struggling students		data for math teachers – Oct 2015		
Action Step	Provide additional support for at-risk students			
Evidence of Implementation	Evidence of Impact	Timeline	Resources	Responsibility
Strategic use of volunteers and peer tutors: - Up to 2 peer tutors in each Algebra classroom to work directly with no more than 3 students at a time - Support for teachers to use peer tutors and volunteers effectively Increase support in SPEAR Program: - Additional class time (intervention) 3 teachers share a common cohort of students - common plan for the 3 teachers to collaborate and make parent contacts	Increased student achievement on spiraling common assessments Increased achievement as measured by MAP and EOC I			Admin team to Lead the work Building Leadership Team to monitor Implementation and Impact Dept. Chair Algebra Teachers
Alignment to District Improvement Plan Objectives: Goal 1: 1, 1:1, 1:3, 1:4 and 1:5 Goal 2:1 Goal 3:				

SMART Goal 3

Subject Area: Collaboration & Communication

School Name:	Auburn Senior High School						
Target Population- based on demographic, discipline and attendance data analysis:	All students, staff, and parents in the Auburn High School learning community.						
Our Reality-based on assessment data analysis:	CEE perceptual Survey Data:		2014	2012	2014	2012	
	Collaboration & Communication	Parents:	56%	84%	Staff:	56%	58%
	Parent & Community Involvement	Parents:	53%	81%	Staff:	60%	58%
Our SMART Goal-based on target population and your reality:	Parent positive perception of Collaboration & Communication and Parent & Community Involvement will increase from 56% and 53% respectively to 85% in both areas by Fall of 2017 as measured by the Educational Effectiveness Survey (CEE).						

Action Plan

Action Step	Increase frequency and effectiveness of teacher – parent communication			
Evidence of Implementation	Evidence of Impact	Timeline	Resources	Responsibility
Each teacher will make a positive contact with each one of their students (100% at least one time per semester.)	Completed Parent Communication Log	End of December End of April		Teachers submit completed logs by end of Dec and end of April Administrators review logs submitted by teachers and provide feedback within 4 – 5 school days
Each teacher will communicate with parents of students who are failing after each interim reporting period (5 week, 9 week, and 12 week. **Make at least 2 attempts **Set up interventions	Completed Parent Communication Log Reduced number of failing grades, disaggregated by grade level and course	At 5, 9, and 12 weeks each semester Grade analysis each semester		BLT to review attendance, discipline and grade data each semester with a focus on root causes of failures and next steps

SIP Template

Each teacher will update Gradebook in Skyward at least every 2 weeks, by the end of the day on the 2 nd and 4 th Friday of each month.	Track number of Gradebook logins in Skyward Reduction in failing grades			Follow up discussion with Dean of Students, counselors and Family Engagement Liaison to provide additional support and resources. All Teachers Admin check regularly
Action Step	Restructure Open House and Conference formats to engage more parents and to communicate more effectively.			
Evidence of Implementation	Evidence of Impact	Timeline	Resources	Responsibility
Open House will include: 1. 9th grade Open House 2. 10th -12th Open House <u>(Format TBD)</u> *Curriculum fair prior to opening session *Parent visits to classrooms *Breakout sessions – - Graduation requirements - Standards-based grading - Athletic eligibility - College prep - Skyward and how parents can best support their students - Update Skyward info - Create email account **Involve students in facilitation of sessions and bridging language barriers **Provide transportation to and from event at feeder middle schools. **Provide daycare ** Raffle prizes	Parent Attendance at Open House Brief survey to get feedback from parents Increased student attendance and decrease in course failures	Planning in the summer 2015 September 9 th -early September 10 th -12 th late September BLT review survey results by end of October and make adjustments as needed for the next year	Develop brief survey and adjust format based on parent feedback	Administrative Team and BLT develop and organize plan for Open House All staff

SIP Template

Parent-Teacher Conferences will facilitate the engagement of more parents by: (details TBD) * * *	Attendance at Parent-Teacher Conferences Increased student attendance and decrease in course failures	Planning in the summer 2015 September BLT reviews feedback and makes adjustments for April 2016	Develop brief survey to determine if format of conferences met needs of parents (adjust format based on feedback)	Administrative Team and BLT develop and organize plan for conferences All staff
Alignment to District Improvement Plan Objectives: Goal 1: 1, 1:2, 1:3, 1:4 and 1:5 Goal 2:1 Goal 3:1

THE WASHINGTON STATE BOARD OF EDUCATION

Governance | Accountability | Achievement | Oversight | Career & College Readiness

Application for Waiver under RCW 28A.305.140 from the 180-Day School Year Requirement of the Basic Education Program Requirements

The State Board of Education's authority to grant waivers from basic education program requirements is RCW 28A.305.140 and RCW 28A.655.180(1). The rules that govern requests for waivers from the minimum 180-day school year requirement are WAC 180-18-040 and WAC 180-18-050.

Instructions:

Form and Schedule

School districts requesting a waiver must use the SBE Waiver Application Form. The application form and all supporting documents must be received by the SBE at least **forty (40)** calendar days prior to the SBE meeting at which consideration of the waiver request will occur. The Board's meeting schedule is posted on its website at <http://www.sbe.wa.gov>. It may also be obtained by calling 360.725.6029.

Application Contents:

The application form must include, at a minimum, the following items:

1. A proposed school calendar for each of the years for which the waiver is requested.
2. A summary of the collective bargaining agreement with the local education association providing the information specified in WAC 180-18-050(1).
3. A resolution adopted and signed by the district board of directors requesting the waiver. The resolution must identify:
 - The basic education program requirement for which the waiver is requested.
 - The school year(s) for which the waiver is requested.
 - The number of days in each school year for which the waiver is requested.
 - Information on how the waiver will support improving student achievement.
 - A statement attesting that if the waiver is granted, the district will meet the minimum instructional hour offerings for basic education in grades one through twelve per RCW 28A.150.220(2)(a).

Applications for new waivers require completion of Sections A and C of the application form.
Applications for renewal of current waivers require completion of Sections A, B, and C.

Submission Process:

Submit the completed application with the local board resolution and supporting documents (preferably via e-mail) to:

Jack Archer
Washington State Board of Education
P.O. Box 47206
Olympia, WA 98504-7206
360-725-6035
jack.archer@k12.wa.us

The SBE will provide written confirmation (via e-mail) of receipt of the application materials.

Part A: For all new and renewal applications:

The spaces provided below each question for answers will expand as you enter or paste text.

School District Information	
District	Auburn School District #408
Superintendent	Dr. Alan Spicciati
County	King
Phone	253-931-4900
Mailing Address	James P. Fugate Administration Center Auburn School District #408 915 Fourth Street NE Auburn, WA 98002

Application type:	
New Application or Renewal Application	Renewal Application
Is the request for all schools in the district?	
Yes or No	Yes
If no, then which schools or grades is the request for?	
How many days are requested to be waived, and for which school years?	
Number of Days	Three (3) Days
School Years	2016-2017 School Year
Will the waiver days result in a school calendar with fewer half-days?	
Number of half-days reduced or avoided through the proposed waiver plan	Two half days
Remaining number of half days in calendar	Two half days
Will the district be able to meet the minimum instructional hour offering required by RCW 28A.150.220(2) for each of the school years for which the waiver is requested?	
Yes or No	Yes

On the questions below please provide as much detail as you think will be helpful to the Board. Any attachments should be numbered to indicate the question(s) to which the documents apply.

The format for responses can vary to accommodate the information being provided (e.g., narrative, tabular, spreadsheet).

1. What are the purposes and goals of the proposed waiver plan?

In January of 2013, the Auburn School Board of Directors adopted a new three-year District Strategic Improvement Plan spanning from 2013-2016. The district, schools, departments and individual teachers need time within the 180-day school year to continue restructuring initiatives and implement fully-revised school improvement plans in accordance with and alignment to our new District Strategic Improvement Plan.

[Click Here](#) – DSIP – 2013-2016 District Strategic Improvement Plan

[Click here](#) – **Dashboard** – 2013-2016 District Strategic Improvement Plan Progress Reports

The strategic plan sets the expectation and accountability to assure that each student, regardless of ethnicity, language, disability or income level, achieves high standards of learning. Goals, objectives and strategies incorporated into the strategic improvement plan are designed to accelerate students from where they are in their learning, ensure they meet and exceed standards, graduate on time and are prepared for career, college and success beyond high school.

The District Strategic Improvement Plan contains three over-arching goals.

Goal One—Student Achievement

All staff in the Auburn School District provide support, leadership and guidance to ensure each student meets or exceeds state and district standards, graduates on time and is prepared for career and college.

Goal Two—Community Engagement

All staff in the Auburn School District are accountable for engaging its diverse community as partners to support and sustain a world-class education system.

Goal Three—Policies and Resource Management

Auburn School District policies and resources are aligned to the strategic improvement plan.

Under **Goal One – Student Achievement**, the following purposes of the strategic plan will be addressed using Waiver Days:

- **Refine the systematic assessment system** to monitor academic progress and produce diagnostic data for teachers to use in the classroom and within their Professional Learning Communities (PLCs). This collaborative process provides teachers the opportunity to determine the instructional entry point, monitor student progress toward standard, refine instruction and personalize learning for students.
 - ✓ Engage in data disaggregation and analysis
 - ✓ Tailor and design Tiered Intervention opportunities
 - ✓ Continue restructuring and implementation of common formative and summative assessment systems by grade level including benchmark assessments (DIBELS, MAP, CBA/CBPAs...) and the College Board Assessment Suite (PSAT-8, PSAT, SAT)
 - ✓ Develop applications of technology use in assessment
- **Develop deep alignment of instructional practices** PK-12 across all content areas to our adopted Instructional Framework, Center for Educational Leadership's Five

Dimensions of Teaching (CEL 5D) and the appropriate standards by grade level and course including: Common Core State Standards (CCSS), Next Generation Science Standards (NGSS) and Career and Technical Education (CTE) Industry Standards.

- ✓ Increase instructional rigor
 - ✓ Strengthen our understanding
 - ✓ Plan and implement culturally relevant instruction
 - ✓ Increase the scope of accelerated program offerings
 - ✓ Develop skills to apply the use of technology during instruction and for academic acceleration
- **Strengthen our parent and community engagement** to effectively address the unique needs of our high-needs populations which include socio-economically challenged, ethnically diverse groups, English Language Learners (ELL) and our special populations.
 - ✓ Strengthen parent communication to encourage parent/school partnerships
 - ✓ Provide on-going Parent Academy opportunities to strengthen parents' knowledge of successful navigation with their students through the PK-12 system
 - ✓ Develop applications of technology through 24/7 Blended Learning and parent resources
2. Explain how the waiver plan is aligned with school improvement plans under WAC 180-16-200 and any district improvement plan. Please include electronic links to school and/or district improvement plans and to any other materials that may help the SBE review the improvement plans. (Do not mail or fax hard copies.)

The Auburn School District Strategic Improvement Plan is the blueprint for our district's continuous improvement, transformation and cultural change necessary to address the academic success for all students. It is the framework for our planning, resource allocation, staff development and decision making. The school board defines the "what" while allowing for the individual schools, departments and instructional staff to define the "how" needed to implement the best practices and available resources to address the learning needs of each student.

All Auburn elementary, middle and high schools will fully revise their school improvement plans. The revision work begins in September of each school year with one third of our schools fully revising their improvement plans each year. Over one hundred administrators, teachers, parents and community members representing the twenty-two schools work with central office staff, school improvement facilitators, and nationally recognized educational consultants to fully revise the school improvement plans. Each month a school and their school improvement team are scheduled to present their school improvement plan to the school board for approval and adoption. Every year the Auburn schools not in full-revision school improvement planning status continue to align their improvement plans to the goals of the district strategic improvement plan using current student assessment data and perceptual data.

School improvement and reform efforts are important work requiring time within the 180-day school year to implement. Our district, schools, departments and individual staff need the waiver time within the 180-day school year to carry out collaboration centered on student achievement and to restructure and implement school improvement efforts within their schools.

[Click Here](#) – SIP – School Improvement Plans

[Click here](#) – **Dashboard** – 2013-2016 District Strategic Improvement Plan Progress Reports

3. Name and explain specific, measurable and attainable goals of the waiver for student achievement. Please provide specific data, in table or narrative form, to support your response.

The Auburn School District 2013-2016 Strategic Improvement Plan provides the framework through which the district will support our twenty-two schools to ensure the academic success of each student. The vision and goals set forth by the school board and superintendent are articulated within the school improvement plans developed by each of the twenty-two schools.

District Aspiration

The Auburn School District aspires to be a world-class education system preparing all students to be globally competitive for career, for college, and for life in the twenty-first century.

District Mission

In a safe environment, all students will achieve high standards of learning in order to become ethically responsible decision makers and lifelong learners.

District Vision

The vision of the Auburn School District is to develop in students the skills and attitudes that will maximize their potential for lifelong learning and ethically responsible decision-making.

Goal 1: Student Achievement

All staff in the Auburn School District provide support, leadership and guidance to ensure each student meets or exceeds state and district standards, graduates on time and is prepared for career and college.

Objective 1

Professional Learning Communities will be employed with integrity to plan, monitor and adjust instruction to impact student learning.

Objective 2

All school improvement plans will align with the district strategic plan and the nine characteristics of high performing schools.

Objective 3

The Auburn School District will utilize the Center for Educational Leadership's Five Dimensions of Teaching (CEL 5D) as the Instructional Framework.

Objective 4

Technology will be integral to administration and teaching and learning to prepare all students for career, college and life beyond high school.

Objective 5

The Auburn School District will increase and continue to exceed the State of Washington's on-time and extended high school graduation rates.

Goal 2: Community Engagement

All staff in the Auburn School District are accountable for engaging its diverse community as partners to support and sustain a world-class education system.

Objective

All Auburn School District employees will engage patrons through cultural awareness and a respectful customer service environment.

Goal 3: Policies and Resource Management

Auburn School District policies and resources are aligned to the strategic plan.

Objective

The district will prioritize resources to support the strategic plan, provide safe learning environments, close learning gaps and accelerate academic achievement for every student.

These processes are dependent upon all stakeholders contributing to improve learning opportunities for all students. Progress on the objectives are reported through a *dashboard* format to the school board three times each year. Cabinet members engage in review and as needed revisions to the scope of work designed for each objective. Support for changes in the scope of work that impact building level work are communicated to principals; staff is provided appropriate training and resources to ensure goals are achieved.

4. Describe in detail the specific activities that will be undertaken on the proposed waiver days. Please provide explanation (and evidence if available) on how these activities are likely to result in attainment of the stated goals for student achievement.

The Auburn School District Board of Directors established our district focus and emphasis to be the goals and objectives described in the 2013-2016 Auburn School District Strategic Improvement Plan. All priorities, activities, and initiatives engaged in at both the district level and school level will align to this plan. District strategic improvement plan progress reporting dashboards are presented to the school board quarterly. The school board's district stated goals, and the superintendent's annual evaluation by the school board, are directly aligned to the district strategic improvement plan and the accomplishments of the stated goals.

School Board Beliefs

A comprehensive public education is paramount. Effective leadership and high-quality student learning are essential. Listed below are our core beliefs for improving student achievement and closing learning gaps:

- We believe every student can achieve high standards of learning
- We believe public schools are the foundation of good citizenship
- We believe in the responsible stewardship of resources
- We believe in sustainable community partnerships
- We believe in family and advocate involvement
- We believe public schools must value diversity
- We believe in safe and positive learning environments
- We believe in shared accountability for student success
- We believe in a culture of professional collaboration
- We believe in preparing students for success beyond high school

[Click Here](#) – DSIP – 2013-2016 District Strategic Improvement Plan

[Click here](#) –**Dashboard** – 2013-2016 District Strategic Improvement Plan Progress Reports

5. What state or local assessments or metrics will be used to collect evidence of the degree to which the goals of the waiver are attained?

The District Strategic Improvement Plan requires district-wide progress monitoring of our students in early literacy skills, reading and mathematics. The expectation of the school board and district is that each student will meet or exceed state and district standards and graduate on time prepared for college, career and life beyond high school. In order to accomplish this goal, both formative and summative assessment data is required to monitor student progress and indicate attainment of learning goals throughout the school year. A variety of local assessment tools are needed to appropriately gauge learning and provide assurance to the school board that gains have been realized.

The use of Dynamic Indicators of Basic Early Literacy Skills (DIBELS) assessment is a requirement for all students in grades K-5 and the Measurement of Academic Progress (MAP)

assessments in reading and mathematics are required for all grade three, five, six, seven, eight and nine students. The 2009-2010 school year was our district's benchmarking year for these assessments. Previous to the 2009-2010 school year these assessments were not used with fidelity at the identified grade levels. They are now a district requirement.

DIBELS - The Dynamic Indicators of Basic Early Literacy Skills (DIBELS) is a set of procedures and measures for assessing the acquisition of early literacy skills from kindergarten through sixth grade. DIBELS is designed as one-minute-long fluency (the ability to read text accurately and quickly) measures used to regularly monitor the development of early literacy and early reading skills. The DIBELS measures were designed to assess the big ideas of early literacy: *Phonological Awareness, Alphabetic Principle and Phonics, Accuracy and Fluency with Connected Text, Vocabulary and Oral Language and Comprehension*. Combined, these measures form an assessment system of early literacy development that allows teachers to readily and reliably determine student progress.

[Click here](#) **Description** – (DIBELS) Dynamic Indicators of Basic Early Literacy Skills
[Click here](#) **Dashboard** – Auburn School District DIBELS Progress Reports

MAP - The Northwest Evaluation Association (NWEA) Measurement of Academic Progress (MAP) assessments are computerized adaptive assessments that provide accurate and useful information about student achievement and growth. The assessments are aligned to the State of Washington's content standards and can be used as an indicator of preparedness for the state assessments (Note: MAP assessments are being re-aligned and normed to the Math and English Language Arts common core state standards). The assessments are grade independent, allowing educators to monitor a student's academic growth. Auburn School District educators use MAP growth and achievement results to develop targeted instructional strategies and to plan school improvement initiatives. Each fall, winter, and spring all third, fifth, sixth, seventh, eighth and ninth grade students are assessed using MAP in the content areas of mathematics and reading. MAP reports score as norm-referenced, achievement, and growth provide perspective on an individual student's learning.

[Click here](#) **Description** – (MAP) Measurement of Academic Progress
[Click here](#) **Dashboard** – Auburn School District MAP Progress Reports

Data from our DIBELS and MAP assessments is organized as meaningful information and reported in a dashboard format. The dashboards are organized as individual school and district-wide dashboards. Dashboards are disaggregated by grade level and demographics. To assure district and school-level accountability to these required assessments, the district-wide results of the DIBELS and MAP assessments are presented and interpreted for the school board (following the fall, winter and spring assessment windows) during regularly scheduled school board meetings. The district-wide results are posted to our district website to inform parents and community members. Individual school and student-level results are presented to the principals during principal cadre meetings and are used as a component of the principals' professional learning communities (PLC). Teachers have access to their student assessment results via the DIBELS and NWEA websites.

6. Waiver requests may be for up to three school years. If the request is for multiple years, how will activities conducted under the waiver in the subsequent years be connected to those in the first year?

As established on Monday, January 28, 2013 by the Auburn School District Board of Directors, "the district focus and emphasis will be the goals and objectives described in the three-year

2013-2016 Auburn School District Strategic Improvement Plan". All priorities, resources, activities, and initiatives engaged at both the district level and school level will align to this plan.

7. Describe in detail the participation of administrators, teachers, other district staff, parents, and the community in the development of the waiver.

The Auburn School District Board of Directors commissioned a committee of twenty-one members to develop a three-year 2013-2016 District Strategic Improvement Plan. The plan addresses the learning needs of all students and accelerates students from where they are in their learning to close gaps and enrich learning. Membership of the District Strategic Improvement Plan development committee represents a diverse group of stakeholders, including a strategic improvement planning consultant-facilitator, K-12 education consultants, teachers, president of the teachers association, parents, community members, principals, central office administrators, certificated teachers and classified staff. The committee met twice each month from October 2012 through January 2013. Throughout their work, stakeholders at all levels were regularly informed of the processes, outcomes, and necessity of providing time within the 180-day school year for successful implementation of the strategic improvement plan throughout the three-years of implementation. The strategic improvement plan development committee presented their work and recommendations to the school board during the January 2013 school board meeting. The committee recommendations were adopted for implementation by the Auburn School District Board of Directors on January 28, 2013. The three-year district strategic improvement committee will reconvene in the fall of 2016 and make recommendations to address another three years.

8. Provide information about the collective bargaining agreement (CBA) with the local education association, stating the number of professional development days, full instruction days, late-start and early-release days, parent-teacher conferences, and the amount of other non-instruction days. Please also provide a link to the district's CBA or e-mail it with the application materials. Do not send a hard copy of the CBA.

The negotiated agreement for September 1, 2015 through August 31, 2018 provides the following:

District Designated Time –

District designated time totals 58.5 hours per diem: 10.5 hours for district/building meetings, 7.0 hours for elementary report card/conference preparation or for secondary grading day, 28 hours for building determined days, 7.0 hours for individual determined day (occurs immediately after Labor Day) and 6.0 hours for principal determined time. District designated time is prorated based upon an employee's FTE status.

Individual Responsibility Contract –

Each employee receives an Individual Responsibility Contract. Employees who are on Steps 0-6 of the State Allocation Model (SAM) have a total of 164.5 Individual Responsibility hours. Individual Responsibility hours are prorated based upon an employee's FTE status. Individual Responsibility Contract activities can be documented August 1 through July 31.

The individual responsibilities are outlined below:

- A. Attendance at meetings (i.e., faculty meetings, open house, grade-level/department meetings)
- B. Individual professional development (i.e. Impact of School Improvement Plans, ESEA, new adoption curricula, education reform, best practice standards)
- C. Student assessments
- D. Classroom, lesson, and job preparation

E. Parent contacts

Commitment Stipend –

Each employee will have the opportunity for a commitment stipend. Each employee will be given a commitment stipend according to their placement on the State Allocation Model (SAM). Employees who are on Steps 0-3 of the SAM will receive a commitment stipend of ten per diem days plus an additional \$100. Employees who are on Step 4 of the SAM will receive a commitment stipend of eleven per diem days. Employees who are on Steps 5-6 of the SAM will receive a commitment stipend of twelve per diem days. Employees who are on Steps 7 and above of the SAM will receive a commitment stipend of thirteen per diem days.

In addition to the above, a longevity commitment stipend of \$1,750 for every staff member beyond year 16 to year 19 on the SAM in columns 1-9, \$2,750 for every staff member from year 20 to year 24 on the SAM in columns 1-9, \$3,750 for every staff member from year 25 to year 29 on the SAM in columns 1-9 and \$4,750 for every staff member at year 30 and beyond on the SAM in columns 1-9.

[Click here](#) CBA – 2013-2015 Collective Bargaining Agreement

9. Please provide the number of days per year for the following categories:

Student instructional days (as requested in application)	177
Waiver days (as requested in application)	3
Additional teacher work days without students	2
Total	182

10. If the district has teacher work days over and above the 180 school days (as identified in row three of the table), please provide the following information about the days: In columns 3 – 5, describe the specific activities being directed by checking those that apply.

Day	Percent of teachers required to participate	District directed activities	School directed activities	Teacher directed activities
1	100%	X		X
2	100%	x		x
Check those that apply				

11. If the district has teacher work days over and above the 180 school days (row three of table in item 9 above), please also explain the rationale for the additional need of waiver days.

The three requested waiver days are necessary for restructuring to implement the new requirements imposed by the state including Teacher Principals Evaluation Program (TPEP), continuing transition and implementation of Common Core State Standards, Next Generation Science Standards, Twenty-four credit graduation requirements, Highly Capable Program requirements, new state assessments including Smarter Balanced Assessments (SBA),

kindergarten WA-KIDS assessments, and instructional technology trainings to implement high yield strategies, personalize learning and address acceleration. The district-directed activities take place during the last week in August. The teacher-directed activities take place the day after Labor Day in September.

New 180 Day Applications- Stop here and skip to Section C, "Last Steps".

Part B: For Applications for Renewal of Waivers for Additional Years.

1. Describe in detail how the district used the waiver days and whether the days were used as planned and proposed in your prior request.

During the 2015-2016 school year, the three district requested and State Board approved waiver day trainings were scheduled for October 9, 2015, March 7, 2016, and May 9, 2016.

The following describe the district strategic plan aligned waiver day activities conducted:

Goal One—Student Achievement

All staff in the Auburn School District provide support, leadership, and guidance to ensure each student meets or exceeds state and district standards, graduates on time, and is prepared for career and college.

- K-5 science curriculum training
- K-5 writing curriculum training
- SIP planning and implementation
- Three seminars on Google Classroom / Drive/ Docs and assessments with Forms and Flubaroo
- Technology integration in alignment with 1:1 rollout
- PSAT Proctor training
- TPEP/CEL 5D training
- Review of student safety, transgender policies and anti bullying programs and procedures
- Worked with math department to revise/rewrite/create CCSS aligned formative assessments for Algebra, Geometry and Advanced Algebra
- Planned curriculum to meet the needs of diverse learners and provide for a variety of learning and instructional strategies
- Developed weekly pre and post tests in ELA, Mathematics, and Science and progress monitoring plan
- Implemented reading skills and comprehension of technical reading in CTE through projects, background and rubrics for student projects placed on Google Drive and Google Classroom
- Explored and practiced technology tools to help increasing effective teaching practices
- The grade level and content area teams planned and prepared teaching curriculum for district ELA and Math Performance Task. They practiced how to access the SBA website in order to practice on-line testing with classes
- Reviewed student achievement data from formative and summative assessments
- PE specialists worked on curriculum assessments, prep for CBA test, grading completion and fitness gram
- Updated pacing schedules in ELA and Math

Goal Two—Community Engagement

All staff in the Auburn School District are accountable for engaging its diverse community as partners to support and sustain a world-class education system.

- Communicated with parents / guardians regarding upcoming projects
- Identified underachieving students and contacted parents
- Made phone calls to arrange meetings to develop IEPs
- Review parent input surveys and plan meaningful Family Community Connection opportunities
- Small groups reviewed CEE data, both comparative and longitudinal, from Staff, Parents, and Student.
- Prepared materials to improve teacher-parent communication regarding student learning

2. To what degree were the purposes and goals of the previous waiver met? Using the performance metrics for the prior waiver plan, describe how effective the activities implemented have been in achieving the goals of the plan for student achievement. If goals have not been met, please describe why the goals were not met, and any actions taken to date to increase success in meeting the goals.

In accordance with the 2013-2016 district strategic improvement plan, implementation of PLCs, strengthening systems of assessment, standards alignment for improved instruction and customized learning through acceleration and interventions resulted in continuing improvement in academic achievement.

The waiver days provide time within the 180 day school year to systemically and strategically restructure our schools to address students who are beyond standard, Tier 1 and Tier 2 learners, and to develop intensive strategies necessary for Tier 3 learners to become successful.

District leadership has provided teachers and principals with on-going and focused professional development and training on "Differentiated Instruction, Standards-Based Teaching and Learning, aligned grading practices, Seven Strategies of Assessment for Learning, Total Instructional Alignment, teacher instructional framework, evaluation rubric principal leadership framework, high yield learning strategies, constructing aligned common formative assessments, using MAP math and MAP reading assessment data for instructional decisions, professional collaboration, revising individual school improvement plans, application of instructional technology, expanding accelerated learning opportunities, preadvanced placement and advanced placement courses, and implementation of strategies of the year-long Auburn Teacher Leadership Academy (ATLA). These training opportunities continue to provide the support and targeted professional development essential for individual teachers, principals and schools to restructure and improve academic performance for all students.

In fidelity with the 2013-2016 district strategic improvement plan, implementation of PLCs, common assessments, standards alignment and interventions, our student academic achievement continues to improve.

Auburn School District students in grades three through five outperformed the state average in math and reading as assessed by Smarter Balanced in the spring of 2016. Additionally, the district outperformed the state in reading and math for low income, special education, and ELL learners. In 2013-2014 Auburn transitioned from DIBELS 6th Edition to DIBELS Next for Kindergarten and First grade as it provides new early reader font, item stratification to increase consistency of scores, new directions, new scoring, new reminders or prompts, and indication of response patterns to enhance intervention planning. A new baseline for those grades was created beginning in the fall of 2013. Significant improvements were seen with winter DIBELS assessment scores. At kindergarten and first grade an average decrease of 17.47% in at-risk readers and 20.5% increase in on-target readers was seen for a combined improvement average of 38.05%. For grades two through five winter DIBELS assessment for reading continued to improve with a 1.9% increase in on-target readers.

At the middle school, grades 6, 7, and 8, SBA scores for spring 2015 showed a mixture of results in comparison to the state. Sixth grade scores in ELA for Auburn were 7.2% lower than the state average while math scores were 2% higher. In grade 7 ELA scores were 2.8% less than the state average. Math results for grade 7 were .7% higher than the state. Grade 8 ELA scores were 7.4% less than the state average. Math scores at grade 8 were 7.4% lower in Auburn than at the state level. Science scores for the Auburn School District decreased from 54.3% in 2014 to 42% in 2015.

2014 HSPE results showed a decrease in reading from 82.9% to 77.8% and a decrease in writing from 84.9% to 83.8%. State End of Course (EOC) Algebra scores increased from 75.1% to 76.4% and EOC Geometry decreased from 82.9% to 76.8%, meeting standard. HSPE and EOC's were not delivered to students in 14-15. HS SBA scores show 25.1% of students who took the test meeting standard for ELA and 18.7% for mathematics. Comparisons of 9th grade first semester credit completion to 2014 showed significant improvement in at-risk students from 13.35% (2013) to 9.2% (2016) and an increase in on-target population from 67.52% (2013) to 76.22% (2016) for a combined improvement of 12.85%. In high school honors, advanced CTE and advanced placement courses, students from diverse heritage had increased participation. Advanced CTE enrollments saw a 16.1% increase in diverse population participation from 2009-2010 to 2014-15; high school advanced placement courses had an 21% increase in diverse population enrollment from 2009-10 to 2015-2016; and high school honors courses had a 16.6% increase in diverse population enrollment from 2009-2010 to 2015-2016.

Extended learning interventions are a standard intervention model at all fourteen elementary schools and four middle schools in the district. The interventions include enrichment for students at or above standard and intervention for those below. High schools have developed a pyramid of interventions. These include monitoring credit attainment and credit retrieval. Currently the Auburn School District has 394 students enrolled in 674 APEX on-line learning courses recapturing credit toward graduation. The use of professional collaboration to align instruction to standards, analyze student assessment data, monitor student progress, adjust instruction, develop common assessments, and assign students to intervention and/or enrichment programs to address individual learning needs, continues to be a successful model to improve and accelerate student learning.

Throughout the 2012-2013 and 2015-2016 school years the school board was presented with an abundance of reports and dashboards from schools and departments regarding school improvement plan progress, professional learning communities work, district and state assessment data and analysis, intervention and enrichment programs, and updates on the district strategic plan implementation. A majority of school board meeting time is dedicated to academic achievement priorities.

The following District Dashboards are posted on the Auburn School District website at:

3. Describe any proposed changes in the waiver plan going forward, including any changes to the stated goals or the means of achieving the stated goals, and explain the reasons for proposing the changes.

On Monday, January 28, 2013 the Auburn School Board of Directors approved and adopted a new three-year 2013-2016 Auburn School District Strategic Improvement Plan for implementation beginning September 2013. The work of the 2015-2016 Waiver day plan aligns to the goals, objectives, and strategies outlined in the 2013-2016 District Strategic Improvement Plan. Our twenty-two schools and staff are held accountable through their individual school improvement plans to address the number one priority of the Auburn School District "student

academic achievement.” Waiver days will be dedicated to fully-revising, aligning, and implementing the individual school improvement plans in context of the 2013-2016 District Strategic Improvement Plan.

4. Explain why approval of the request for renewal of the waiver is likely to result in advancement of the goals of the waiver plan.

Fidelity to the 2013-2016 District Strategic Improvement Plan is paramount. All staff district-wide are held accountable to the outcomes defined within the plan. The accountability reporting defined for each objective within each of the three goals of the 2013-2016 District Strategic Improvement Plan is an expectation of the school board. Reports monitoring progress of the 2013-2016 District Strategic Improvement Plan implementation will be widely and regularly communicated to the school board, parents, our community and staff district-wide.

5. How were parents and the community informed on an ongoing basis about the use and impacts of the previous waiver? Provide evidence of support by administrators, teachers, other district staff, parents, and the community for renewal of the waiver.

Annually, the school district publishes a school-year calendar for parents listing and describing the waiver days granted to the Auburn School District through approval process of the State Board of Education. Hard copies of the 2013-2014 school year calendars were distributed to parents and the calendar is posted electronically to the school district website. Additionally, the district website contains announcements regarding upcoming State Board of Education waiver days. Parent communication and information regarding the waiver days is provided in school newsletters, emails from the school to parents, shared during open house evenings, parent and teacher conferences and during student led conferences, posted to individual school websites and their outdoor reader boards. Waiver days are also topics during PTA meetings. Furthermore, each school prepares a follow-up report describing the activities and outcomes for each waiver day. These are available to parents upon request. Schools and district personnel present professional development and waiver day activities to the school board members keeping them apprised of the focus, integration, implementation and impact of this time.

C. Last Steps:

- Please print a copy for your records.
- Mail or email the school board resolution, supporting documents, and this application to the email or mailing address on the first page. (E-mail is preferable.)
- Ensure supplemental documents clearly identify the questions that the documents support.

Thank you for completing this application.

AUBURN SCHOOL DISTRICT NO. 408 KING COUNTY, WASHINGTON

RESOLUTION NO. 1216

WAIVER FROM MINIMUM 180-DAY SCHOOL YEAR REQUIREMENT

WHEREAS, the Board of Directors of the Auburn School District No. 408 passed resolution 1204 on May 26, 2015, requesting a renewal of the waiver from the minimum 180-day for the 2015-2016 school year; and

WHEREAS, the Washington State Board of Education has recognized the importance of and has established waivers for restructuring purposes (RCW 28A.305.140, RCW 28A.655.180 (1), WAC 180-18-040 and WAC 180-18-050); and

WHEREAS, the purposes and goals of the previous waiver were met; and

WHEREAS, the Board of Directors of the Auburn School District have developed and adopted a new three-year (2013-2016) District Strategic Improvement Plan to address student academic achievement through restructuring initiatives, fully revised school improvement plans and data accountability; and

WHEREAS, the Board of Directors assures the Auburn School District will meet Total Instructional Hour Offering under RCW 28A.150.220(2)(a) for students enrolled in grades one through twelve, at least a district-wide annual average of one thousand hours, which shall be increased beginning in the 2016-17 school year to at least one thousand eighty instructional hours for students enrolled in grades nine through twelve and at least one thousand instructional hours for students in grades one through eight, all of which may be calculated by a school district using a district-wide annual average of instructional hours over grades one through twelve; and RCW 28A.150.220(2)(b) for students enrolled in kindergarten, at least four hundred fifty instructional hours, which shall be increased to at least one thousand instructional hours according to the implementation schedule under RCW 28A.150.315.

NOW, THEREFORE, BE IT RESOLVED, the Board of Directors of the Auburn School District No. 408 hereby requests a renewal of the three-day waiver from the minimum 180-day school year requirement under RCW 28A.305.140, RCW 28A.655.180(1) and WAC 180-18-040 and 050 for students kindergarten through grade twelve for the 2016-2017 school year.

Adopted at a regular open public meeting of the Board of Directors held on May 9, 2016, the following Directors being present and voting therefore:

AUBURN SCHOOL DISTRICT NO. 408

Secretary, Board of Directors

Attached is the personnel report, for certificated and classified personnel, for the board's approval.

BUILDING PROGRAM

1. Resolution No. 1217 - Wireless and Core Network Infrastructure Improvements Project

Resolution No. 1217 and a letter from the Engineer are attached accepting the work of Ednetics, Inc. for the Auburn School District Wireless and Core Network Infrastructure Improvements project. The work has been completed, inspected, and found acceptable.

Robert Kenworthy, assistant director of capital projects, will recommend acceptance of the project.

Recommendation: That Resolution No. 1217 accepting the work of Ednetics, Inc. for the Wireless and Core Network Infrastructure Improvements project be adopted.

2. Authorization to Call for Bids - Portable Classrooms Spring 2016 Electrical Project

Authorization is requested to call for bids for the Portable Classrooms Spring 2016 Electrical project. The project consists of electrical work at 10 portable classrooms to be located at seven school sites. The estimated construction cost is \$460,000.00 and will be funded from the Capital Projects fund.

Robert Kenworthy will be present to recommend this authorization.

Recommendation: That authorization be given to call for bids for the Portable Classrooms Spring 2016 Electrical project.

3. Cascade and Mt. Baker Middle School Improvements Project

Attached is a copy of Change Order No. 9 for the Cascade and Mt. Baker Middle School Improvements project which should be considered to permit a change in the construction contract amount.

Original Contract	\$2,987,209.00
Previously Approved	155,863.75
Change Order No. 9	+\$ 13,741.00
New Contract Amount	<u>\$3,156,813.75</u>

Robert Kenworthy will be present to recommend acceptance of these change orders.

Recommendation: That Change Order No. 9 be accepted for the Cascade and Mt. Baker Middle School Improvements project and the contract amount be increased by \$13,741.00 for a new contract amount of \$3,156,813.75.

AUBURN SCHOOL DISTRICT NO. 408
RESOLUTION NO. 1217

A RESOLUTION OF ACCEPTANCE OF THE WORK OF THE CONTRACTOR
FOR THE WIRELESS AND CORE NETWORK INFRASTRUCTURE IMPROVEMENTS
PROJECT

WHEREAS, Ednetics, Inc., Contractor for the Wireless and Core Network Infrastructure Improvements project has completed the Work according to the contract documents, and

WHEREAS, said project was inspected by the Engineer and administration, and

WHEREAS, based on the foregoing inspections, the Work was found to be satisfactorily complete,

NOW, THEREFORE BE IT RESOLVED, that the Board of Directors of AUBURN SCHOOL DISTRICT NO. 408, King County, Washington, accept the Work of Ednetics, Inc. as complete.

ADOPTED this 9th day of May, 2016.

BOARD OF DIRECTORS

ATTEST:

Secretary to the Board

April 22, 2016

Auburn School District
915 4th Street NE
Auburn, WA 98002

ATTENTION Leo Emerson

REGARDING Auburn School District Wireless and Core Network Infrastructure
Improvements – Final Acceptance

We have received notification that Ednetics has completed all the remaining items on the punch list report #14 dated 10/12/2015. These items have been found to be completed and acceptable. Based upon our review of the project, we find that Ednetics and their subcontractors have completed the scope of work indicated in the construction documents, including the scope of work included in Change Order No. 1 through Change order No. 4.

We have also received and reviewed the Operations and Maintenance and Closeout documents and found these documents to be complete and acceptable.

We recommend that the Auburn School District accept the work as complete and recommend that Ednetics submit for final payment. If you have any questions, please contact me at 206.436.0426.

Sincerely,

Paul Robaidek

The minutes of the regular meeting of Monday, April 25, have been forwarded to the board.

Attached are the following WSSDA legislative proposals, along with process for submittal, that the board will discuss:

```
2017 legislative proposal McKinney-Vento
2017 legislative proposal social worker allocation
2017 legislative proposal staff mix
```

The 2017 Legislative Session is just around the corner!

Now is the time to get involved in setting the course for WSSDA's legislative positions and priorities! Join this year's Legislative Assembly in September!

WSSDA's annual Legislative Assembly is the event where every district's school board has a voice. How to get involved:

1. Review WSSDA's [current positions](#) and identify areas that your district cares about –
What would you like to support more of? What is missing in our current priorities?
 - a. Standing Legislative Positions
 - b. 2016 Legislative Priorities
2. Consider submitting a proposal – for continuation of a 2016 Legislative Priority and/or for a new issue you'd like the Assembly to consider
 - a. [Proposals are due May 16, 2016!](#)
3. Participate in the Assembly – Sept. 23-24 in Spokane!
 - a. Work with your board and superintendent prior to attending so you are equipped with the knowledge you need to strongly advocate for the things your district cares about!
 - b. Registration and rooming blocks open on June 6th!

To learn more about the Assembly process and WSSDA positions, visit WSSDA's [Legislative Assembly page](#). There you will find resources including a short informational webinar as a refresher for seasoned members and/or to help new board members get up to speed with this important WSSDA process.

Proposal Submission Process – General Information¹

Each spring the Legislative Committee of WSSDA asks school boards to submit ideas in the form of **proposals** to help develop the association’s top Legislative Priorities for the coming year. After review by the Committee, proposals are presented for a vote at the Legislative Assembly in September. Proposals that “pass” become WSSDA legislative **positions**. These positions and our **Standing Legislative Positions** (proposals that have passed three years in a row), are ranked in order of importance by the districts present at the Assembly. The resulting ranked list is WSSDA’s Legislative **Agenda** for the coming session. The highest ranked positions and SLPs on the list become WSSDA’s Legislative **Priorities**.

Your participation in this process strengthens WSSDA’s influence in Olympia. Having more districts represented at the Legislative Assembly gives us a louder voice on the hill. So, please plan to attend in September even if your board does not submit a proposal. We need your district’s vote on proposals submitted by other districts and your opinion about how the SLPs and new positions should be ranked.

Be sure to use the attached WSSDA Proposal Submission Form.

2016 Legislative Proposal Submission Instructions

Every proposal submitted by a school board member, a school board, a WSSDA standing committee or a WSSDA task force, will be reviewed by the Legislative Committee and given a DO PASS or DO NOT PASS recommendation. Proposals with a DO PASS recommendation are presented for a vote at the Legislative Assembly in September. Proposals with a DO NOT PASS recommendation also go to the Assembly for a vote, unless they are withdrawn or changed by the submitter to address the committee’s rationale for its DO NOT PASS recommendation.

- 1. Check WSSDA’s Standing Legislative Positions first.** If the topic of your proposal is already included among the SLPs, do not submit another proposal that replicates it. Use this link to a complete list of the [Standing Legislative Positions](#) or find them under *Legislative Positions and Priorities* on the *Legislative* page at www.wssda.org.
- 2. Proposals and supporting materials must be received by WSSDA no later than Friday, May 15, 2015.** Please provide any information you would like the Legislative Committee to consider along with your submission.
- 3. Concentrate on the policy issue and be flexible about exact wording.** Sometimes more than one district has a similar issue they wish to address with a legislative proposal. When this happens we ask them to work together to combine their proposals with agreed-upon wording.
- 4. Legislative Committee members and WSSDA staff are here to help.** For assistance with wording or anything else, contact one of your Director Area’s [Legislative Committee](#) members, or [Deb Merle](#) or [Tricia Kimbrough](#) at WSSDA. You can also check the “I need help” box on your proposal submission form and we will call you.

¹ For the complete policy related to legislative proposals, see [Policy 2082P](#) at www.wssda.org under the *About Us* tab for operating policies.

2016 Legislative Proposal Submission Form

Please read the Instructions for Submitting a Proposal before completing this form.

Proposal submission forms and any supporting materials you would like the Legislative Committee to consider must be received by May 15, 2015.

- Email to: Tricia Kimbrough t.kimbrough@wssda.org
- Mail to: WSSDA, 221 College Street NE, Olympia, WA 98516
- Fax to: 360.252.3022

- ☐ This proposal was rejected for submission by the school board.

Issue or concern:

WSSDA Permanent Position 3.1.4 and WSSDA Standing Legislative Position 7.1.5 call for the state basic education formulas to provide resources to close the achievement and opportunity gaps. As a group, McKenney-Vento students are on the low end of the achievement gaps. In order to give these students a fair opportunity to achieve their full academic potential, they must be provided support for basic human needs.

The following proposal addresses this issue:

WSSDA SUPPORTS... the state fully funding school districts to cover the costs of supporting McKenney-Vento students.

- ☐ I would like a Legislative Committee member or WSSDA staff to contact me for help with wording.

Please answer the following questions (attach an additional sheet if necessary):

Why is this issue important to WSSDA?

WSSDA Permanent Position 3.1.4 and WSSDA Standing Legislative Position 7.1.5 call for the state basic education formulas to provide resources to close the achievement and opportunity gaps.

What are the statewide implications? How does this impact districts?

School districts throughout the state currently spend millions of dollars providing transportation, and basic social services to these students. Transportation costs are incurred when McKenney-Vento students are in temporary living conditions that are not on normal district transportation routes. The federal government provides a yearly grant of about \$950,000 to state to support McKenney-Vento students. This provides support to only 24 districts throughout the state. OSPI's latest count of McKenney-Vento students is over 32,000 and growing. Thus the federal government support would be about \$30 per student, which is nowhere near enough to cover the costs. In Tukwila, for student identification, transportation and very basic social services, the costs are about \$1,000 per student per year.

The vast majority of costs to support McKenney-Vento students are born by local school district tax payers.

How does this issue affect students or student learning?

The basic human needs of students are critical to them being able to achieve at their full academic potential. Part of the solution to helping students who are on the low end of the achievement gaps is to provide them with support for their basic human needs.

How will this proposal address or resolve the impacts on students and student learning?

This will allow school districts to spend local money to address student's academic needs and not their basic human needs.

How does this issue affect local control or accountability through local governance?

This would provide more resources for local school boards to address local academic needs.

How will this proposal address or resolve impacts on accountability through local governance?

This will hold the state accountable for adequately funding basic support for McKenney-Vento students and give more resources to local school boards to address local academic needs.

What resources, funding or capacity would be necessary to implement this proposal?

The state would need to provide funding to provide basic human and social emotional needs of McKenney-Vento students.

What are the consequences if this is not addressed?

Many McKenney-Vento students may not be identified and districts will have to spend local money to support the basic needs to the students. This means that less academic support can be provided and this group of students will continue to be on the low end of the achievement gap.

What else should the Legislative Committee know as it discusses this proposal?

HB 1682 which would fund grant monies to school districts and local housing authorities to support McKenney-Vento students was passed in to law in the 2016 legislative session. This bill is partially based upon the successful partnership between the Tacoma school district and the Tacoma Housing Authority to support McKenney-Vento students at McCarver Elementary school.

Columbia Legal Services, a statewide social justice organization, has worked with school districts to support this bill. They cite a 2015 study by the Washington Department of Social and Health Services which places the total number of students that experienced homelessness in the 2011-2012 school at 42,038 students or about 4% of all students in the state.

Proposal Submission Process – General Information¹

Each spring the Legislative Committee of WSSDA asks school boards to submit ideas in the form of **proposals** to help develop the association's top Legislative Priorities for the coming year. After review by the Committee, proposals are presented for a vote at the Legislative Assembly in September. Proposals that "pass" become WSSDA legislative **positions**. These positions and our **Standing Legislative Positions** (proposals that have passed three years in a row), are ranked in order of importance by the districts present at the Assembly. The resulting ranked list is WSSDA's Legislative **Agenda** for the coming session. The highest ranked positions and SLPs on the list become WSSDA's Legislative **Priorities**.

Your participation in this process strengthens WSSDA's influence in Olympia. Having more districts represented at the Legislative Assembly gives us a louder voice on the hill. So, please plan to attend in September even if your board does not submit a proposal. We need your district's vote on proposals submitted by other districts and your opinion about how the SLPs and new positions should be ranked.

Be sure to use the attached WSSDA Proposal Submission Form.

2016 Legislative Proposal Submission Instructions

Every proposal submitted by a school board member, a school board, a WSSDA standing committee or a WSSDA task force, will be reviewed by the Legislative Committee and given a DO PASS or DO NOT PASS recommendation. Proposals with a DO PASS recommendation are presented for a vote at the Legislative Assembly in September. Proposals with a DO NOT PASS recommendation also go to the Assembly for a vote, unless they are withdrawn or changed by the submitter to address the committee's rationale for its DO NOT PASS recommendation.

- 1. Check WSSDA's Standing Legislative Positions first.** If the topic of your proposal is already included among the SLPs, do not submit another proposal that replicates it. Use this link to a complete list of the [Standing Legislative Positions](#) or find them under *Legislative Positions and Priorities* on the *Legislative* page at www.wssda.org.
- 2. Proposals and supporting materials must be received by WSSDA no later than Friday, May 15, 2015.** Please provide any information you would like the Legislative Committee to consider along with your submission.
- 3. Concentrate on the policy issue and be flexible about exact wording.** Sometimes more than one district has a similar issue they wish to address with a legislative proposal. When this happens we ask them to work together to combine their proposals with agreed-upon wording.
- 4. Legislative Committee members and WSSDA staff are here to help.** For assistance with wording or anything else, contact one of your Director Area's [Legislative Committee](#) members, or [Deb Merle](#) or [Tricia Kimbrough](#) at WSSDA. You can also check the "I need help" box on your proposal submission form and we will call you.

¹ For the complete policy related to legislative proposals, see [Policy 2082P](#) at www.wssda.org under the *About Us* tab for operating policies.

2016 Legislative Proposal Submission Form

Please read the Instructions for Submitting a Proposal before completing this form.

Proposal submission forms and any supporting materials you would like the Legislative Committee to consider must be received by May 15, 2015.

- Email to: Tricia Kimbrough t.kimbrough@wssda.org
- Mail to: WSSDA, 221 College Street NE, Olympia, WA 98516
- Fax to: 360.252.3022

Check the applicable box:

- ☒ This proposal was approved for submission by the school board.
- ☐ Approval is pending by the school board.
- ☐ This proposal has not been reviewed by the school board.
- ☐ This proposal was rejected for submission by the school board.

Issue or concern:

Currently, the prototypical schools funding model provides an allocation for social workers, psychologists and guidance counselors which is the same for all schools in each class (Elementary, Middle and High). These allocations are for much less than is actually needed. For example, the allocation for social workers in the prototypical middle school is 1 social worker per 72,000 students and is not based on any measure of student need.

Allocations in the state prototypical school funding model for social workers, psychologists and counselors should be based on measures of student need.

The following proposal addresses this issue:

WSSDA SUPPORTS... the state allocating funds for social workers, counselors and psychologists to school districts based on student need.

☐ I would like a Legislative Committee member or WSSDA staff to contact me for help with wording.

Please answer the following questions (attach an additional sheet if necessary):

Why is this issue important to WSSDA?

WSSDA Permanent Position 3.1.4 and WSSDA Standing Legislative Position 7.1.5 call for the state basic education formulas to provide resources to close the achievement and opportunity gaps. Sufficient social emotional support professionals and college and career counselors are critical to achieving this objective. The current prototypical schools model does not provide sufficient resources to fund these positions nor is the allocation model needs based.

What are the statewide implications? How does this impact districts?

The state would have to study how to fund these positions in the prototypical school model based upon student need indicators. If well implemented, districts would have funding to provide sufficient numbers of these professionals to meet the needs of our students.

How does this issue affect students or student learning?

The social emotional needs of students are critical to them being able to achieve at their full academic potential. Part of the solution to helping students who are on the low end of the achievement gaps is to provide them with social emotional support via social workers and psychologists.

Navigating the world of college and career opportunities is more complex than ever. Guidance counselors are needed to help students successfully navigate that world. This is especially critical for students who will be the first in their families to enter the post-secondary world. Students who are first in their families to attend post-secondary educational institutions are much more likely to be from low income families.

How will this proposal address or resolve the impacts on students and student learning?

This would allow districts to address students' social emotional and college and career needs.

How does this issue affect local control or accountability through local governance?

Using the allocation model of the prototypical school's model to provide funding to support these positions would fully maintain the local control of school district boards to appropriate the monies as they see fit.

How will this proposal address or resolve impacts on accountability through local governance?

Local school boards would maintain local control over the use of the money.

What resources, funding or capacity would be necessary to implement this proposal?

The state would need to provide funding to the prototypical schools' model to support the increased allocation of social workers, psychologists and guidance counselors.

What are the consequences if this is not addressed?

Student social emotional and college and career needs are not met and the achievement and opportunity gaps continue.

What else should the Legislative Committee know as it discusses this proposal?

HB 2381 to fund a task force to define the state wide needs in this area passed the House in the 2016 session.

HB 1541 passed into law in 2016 establishes the Washington Integrated Student Supports Protocol (WISSP). This is a protocol that supports success of all students by coordinating academic and non-academic supports to reduce barriers to academic achievement and educational attainment.

- ☐ This proposal has not been reviewed by the school board.
- ☐ This proposal was rejected for submission by the school board.

Issue or concern:

WSSDA Permanent Position 3.1.4 and WSSDA Standing Legislative Position 7.1.5 call for the state basic education formulas to provide resources to close the achievement and opportunity gaps. As part of a plan to close these gaps, resources must be allocated based upon student need. Two state programs allocate resources to two groups of students that are on the low end of the achievement gaps. One is the TBIP (Transitional Bilingual Instructional Program) for English Language Learners (ELL). The other is LAP (Learning Assistance Program) for students who qualify for Free and Reduced Price Meals. Both of these programs are allocated on the basis of two factors: the number of students in the category and the staff mix of the district. Staff mix is a measure of the seniority and education level of the certificated staff in the district. The allocation formulas do not take into account concentrations of students in the category nor the academic level of the students.

The following proposal addresses this issue:

WSSDA SUPPORTS... state allocating TBIP (ELL) and LAP (Learning Assistance Program) funds solely based on student need and not on staff mix.

☐ I would like a Legislative Committee member or WSSDA staff to contact me for help with wording.

Please answer the following questions (attach an additional sheet if necessary):

Why is this issue important to WSSDA?

WSSDA Permanent Position 3.1.4 and WSSDA Standing Legislative Position 7.1.5 call for the state basic education formulas to provide resources to close the achievement and opportunity gaps.

What are the statewide implications? How does this impact districts?

The implications of this allocation approach is that districts with higher concentrations and lower academic levels of these categories of students can get significantly less money per student than those districts with lower concentrations and higher academic levels.

How does this issue affect students or student learning?

It provides less resources to students with the highest needs.

How will this proposal address or resolve the impacts on students and student learning?

A funding allocation system that is based solely on student need will drive more resources to where the highest need is and thus be more equitable and increase the ability of our education system to close the achievement and opportunity gaps.

How does this issue affect local control or accountability through local governance?

No impact on local control. It simply provides more resources where the highest needs are and gives local districts a better chance to close the achievement and opportunity gaps.

How will this proposal address or resolve impacts on accountability through local governance?

N/A

What resources, funding or capacity would be necessary to implement this proposal?

This is about how the current TBIP and LAP monies are allocated, so no new money is required as part of this proposal.

What are the consequences if this is not addressed?

The possibilities of closing the achievement and opportunity gaps are lessened and the current situation where the state has made no progress in closing these gaps is likely to continue.

What else should the Legislative Committee know as it discusses this proposal?

A report from the Education Law Center (“Is School Funding Fair?”, Spring 2015) shows that overall, Washington State funds high poverty school districts at a lower per student rate than low poverty districts. Staff mix based allocations is part of the reason for that.

A 2016 Education Week study (“Called to Account: New Directions in School Accountability”) shows that the achievement gap between low income and higher income students has widened more in the last 12 years than in any other state in the United States.

INFORMATION

1. Enrollment Report

The Monday, May 2, enrollment is included in the board background materials.
