

HAZELWOOD ELEMENTARY SCHOOL

PERFORMANCE REPORT 2017-18

PLANS FOR 2017-18

Hazelwood is excited about the work we have started around developing a Growth Mindset in our students. Students with a growth mindset perform better in challenging academic situations and believe that they are capable of high levels of achievement. We are working with all schools in Auburn to assure we are providing an education in a culturally responsive classroom environment. Additionally, we are introducing our students to No Excuses University program. Staff and students learn about different colleges around the area, talk about what it takes to go to college and begin to help students understand the connection between the work they do today and their future after high school graduation. All of this work is being completed through the six exceptional systems that support student success. Student success in the classroom and beyond is part of our mission.

HIGHLIGHTS OF OUR SCHOOL

Educational programs and school activities at Hazelwood Elementary School serve to enrich, extend and support the talents and needs of our students. Our fifth grade classrooms have student jobs that provide a service and leadership throughout the school. Students take personal responsibility for their jobs such as safety patrol, recess crew or recycling to care for their community and provide guidance for all. We have a comprehensive student recognition program which includes: Citizen of the Month, Perfect Attendance for each month, Accelerated Reader points per session, and i-Ready Math and Reading Weekly Minutes. Beyond the student recognition programs we offer other opportunities for students to be involved in school with science club, chess club, basketball and recess activities. Hazelwood Elementary School students are the MVPs of the school community. They are hard-working, respectful and creative young people. Hazelwood Elementary School students exhibit school pride, a high level of participation and a genuine eagerness to learn.

COMMUNITY ENGAGEMENT

The Hazelwood Elementary School community of parents, students and teachers recognize education as a common goal. Parents spend countless hours volunteering their time and expertise in the classrooms, around the building, and within their homes. Parents also contribute meaningful insights to the building and district committees on which they serve. Hazelwood Elementary School's PTA has achieved success in generating funds to enrich school programs and support staff efforts through a yearly Walk-a-Thon. Many PTA programs support students including the Camp Auburn for fifth grade students, Citizen-of-the-Month lunches, field trips, and assemblies. Hazelwood has a strong partnership with Rainier Middle School and many students come over at the end of their school day to volunteer in classrooms.

All parents and community members are invited to participate in school activities.

LAP PROGRAM

Hazelwood is a Learning Assistance Program (LAP) school. LAP programs serve eligible students who need academic support for reading, writing and math, or who need readiness skills to learn these core subjects. With special emphasis on reading literacy in grades K-5, schools use their state LAP funds to deliver supplemental services that give these students the strong start they need for academic success.

SCHOOL MISSION STATEMENT

The Hazelwood community teaches the critical skills for life-long success and engages students in their own academic achievement by providing time, resources and support services to accelerate learning.
