

LAKE VIEW ELEMENTARY SCHOOL

PERFORMANCE REPORT 2017-18

PLANS FOR 2017-18

Our staff of teacher leaders and other professionals works collaboratively with our parents and community to achieve our school-wide goals. We review school-wide student learning data annually and classroom data during our grade level meetings throughout the year. Teachers work together to design, deliver, assess, and adjust instruction in math, reading, and writing. Specifically, we are focused on a balanced math model that is designed for growth in math fact fluency, problem solving, and systematic concept review. We target reading fluency and accuracy, as well as, building vocabulary and explicitly teaching comprehension strategies. Finally, our writing focus is simple, at Lake View our students write every day and target multiple genres.

Lake View believes that a rigorous academic program is a cornerstone to preparing our students for the future. However, our academic program must be complemented with a focus on the arts, music, physical activity, and the Champion's values of grit, perseverance, optimism, generosity, resilience, and self-discipline. We provide many programs before, during, and after school to meet these needs. In addition, we promote character development at all times with our Lake View Team.

HIGHLIGHTS OF OUR SCHOOL

Lake View was recognized as a School of Distinction in 2012, 2013, and 2014. We offer a robotics program, student choir, chess club, math club, and fitness program after school during the year.

We are utilizing technology to enhance learning. Chromebooks are being used for RAZ Kids, Accelerated Reader, i-Ready Math, XtraMath, and Kahn Academy in our school. These tools help us promote 21st Century learning experiences and allow us to align the learning in our classrooms to access and support for learning at home. We have also added STEM/Technology to our specialist rotation as skills and competencies in this area have become increasingly important in our changing world.

COMMUNITY ENGAGEMENT

- We have an amazing PTA at Lake View! Our PTA organizes several fund-raisers, events and programs.
- Our parents partner with us by volunteering in our classrooms and actively supporting student learning at our school.
- Lake View has a traditional Open House every September. We have parent-teacher conferences in the Fall and Spring.
- Lake View teachers utilize several different technologies to communicate with our families. Classroom Dojo, Bloomz and Remind 101 are some of the tools we use to keep our community engaged and also provide two-way communication.
- All parents and community members are invited to participate in school activities.

LAP PROGRAM

Lake View is a Learning Assistance Program (LAP) school. LAP programs serve eligible students who need academic support for reading, writing and math, or who need readiness skills to learn these core subjects. With special emphasis on reading literacy in grades K-4, schools use their state LAP funds to deliver supplemental services that give these students the strong start they need for academic success.

SCHOOL MISSION STATEMENT

Lake View's Vision is to develop our students into confident lifelong learners who are prepared for 21st Century challenges. Our daily mission is to deliver a strong core of academics while providing opportunities and experiences that are designed to develop children who are; well-rounded and well-prepared, problem solvers.
