

# TERMINAL PARK ELEMENTARY SCHOOL

## PERFORMANCE REPORT 2017-18

### PLANS FOR 2017-18

Terminal Park Elementary focuses on implementation of our strategic improvement plan. This plan outlines actions to improve student learning, which include increasing alignment of instruction to standards and common best practices among all teachers, learning and applying even more effective instructional practices, better managing and analyzing assessment data, more thoroughly collaborating with parents, and decreasing student absences and tardiness. As we move closer to one-to-one computer access for students, we continue to incorporate new technology to improve student learning and become more efficient in our work. We also continue our emphasis on positive behavior interventions and supports and social and emotional learning to improve student behavior and school environment. Implementing and sustaining changes throughout a school requires very thorough, deliberate work, and the Terminal Park staff and community are dedicated to progress.

### HIGHLIGHTS OF OUR SCHOOL

Terminal Park Elementary staff are committed to empowering successful, college-ready, lifelong learners by ensuring positive, personalized learning for each student, every day. Some of our fundamental beliefs include: all students can learn and want to be successful; everyone needs compassion, respect, and positive relationships; we are role models for students. We strive to develop children who will grow to be well-rounded adults who contribute positively to their communities and enjoy life.

We focus on safety and helping all students excel academically as well as socially. Through implementation of research-based best instructional practices, we strive to help students meet and exceed standards that will prepare them for middle school and beyond. We use assessments to better understand the needs of each student and evaluate our work. In addition to academic instruction, we explicitly teach and reinforce social skills and behavior expectations to create a safe, positive school environment and help students develop attributes that will contribute to their future success. Terminal Park is a welcoming community for students, staff, and visitors.

### COMMUNITY ENGAGEMENT

We encourage community engagement through a variety of ways, including collaboration with parents, our Parent Teacher Association (PTA), family events, and volunteer opportunities. We are fortunate to have local churches and businesses who have offered support through donations and volunteering. We welcome feedback from parents and other community members and strive to create relationships that will enhance the experience of our students as well as improve the community. Our PTA is striving to increase membership and parent involvement at our school. We hope to increase the amount of volunteers who are present during the school day to support our students.

All parents and community members are invited to participate in school activities.

### LAP PROGRAM

Terminal Park is a Learning Assistance Program (LAP) school. LAP programs serve eligible students who need academic support for reading, writing and math, or who need readiness skills to learn these core subjects. With special emphasis on reading literacy in grades K-4, schools use their state LAP funds to deliver supplemental services that give these students the strong start they need for academic success.

### SCHOOL MISSION STATEMENT

Ensuring positive, personalized learning for every student, everyday.
