

Auburn School District
ACTIVITY RULES OF CONDUCT

Conduct: This activities code is designed to establish a reasonable, high standard for participants in extracurricular activities that empower our participants to make appropriate decisions, rather than to be punitive and deny access to such activities. Extracurricular activities are a privilege and completely voluntary. Along with this privilege comes the expectation of a higher standard of behavior and conduct. Participants in these activities are considered to be in positions of leadership representing themselves, their families, the activity group, school, district and community.

As a condition of participation in extracurricular activities, participants will agree in writing to abide by all of the rules set for below for the entire school year during which they wish to participate. Parents, guardians and/or legal custodians shall indicate in writing that they have received a copy of the rules, understand, accept and will make every effort to assist all participants in upholding the rules set below. Unacceptable behaviors and/or misconduct may necessitate penalties as appropriate, in an attempt to reduce any behavior which negatively impacts the individual, the team/group, and/or the image of the Auburn School District Athletics/Activities.

Any activity participant failing to comply with the following rules of conduct shall be subject to disciplinary action in accordance with the School District's Activity Code. Participation in Activities is a privilege, not a right.

Each violation of Rules 1 and/or 2 will be reviewed on a case-by-case basis by the Activity Board.
